

Sample:

Chart #8 in Index:

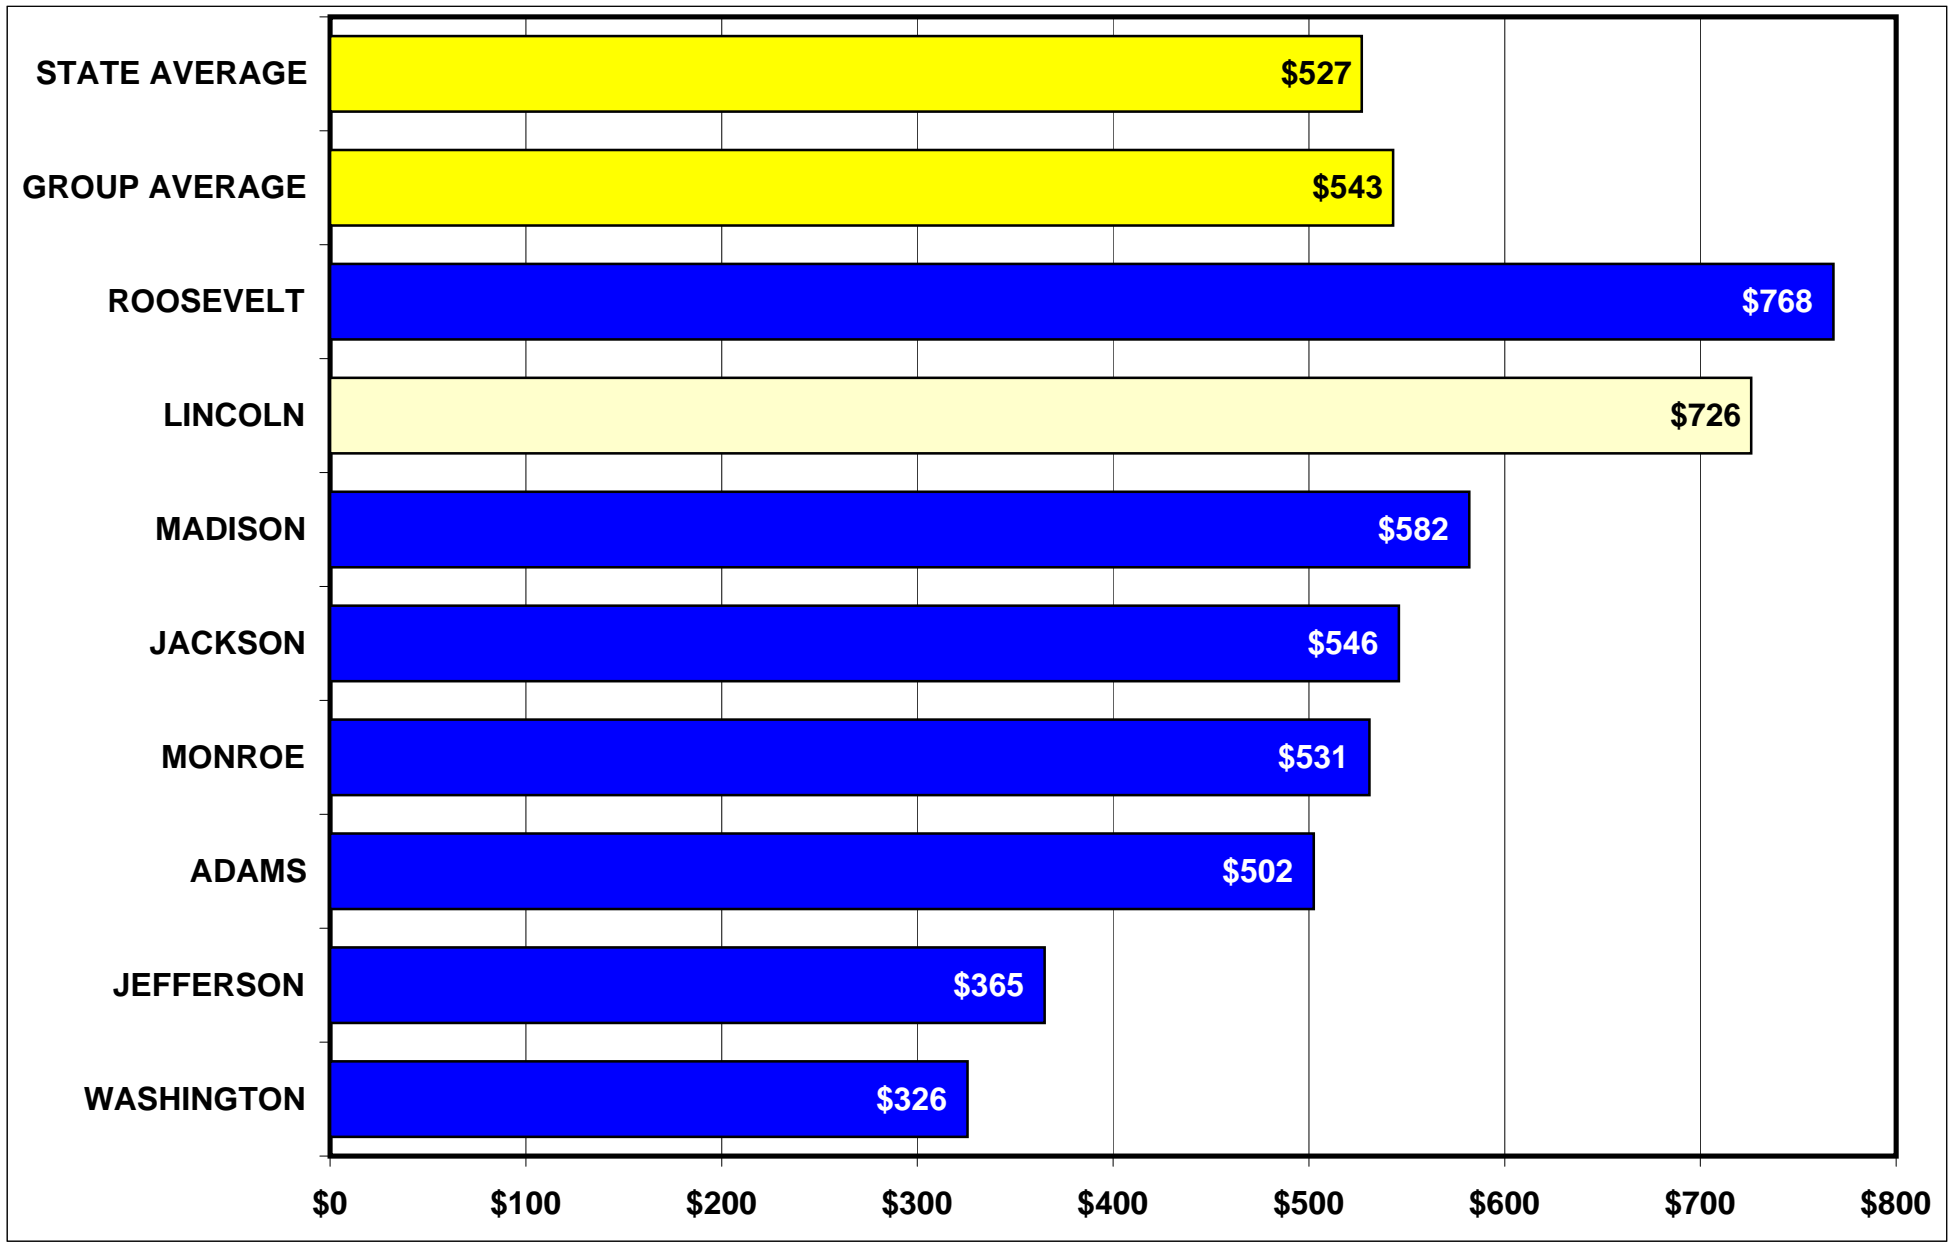

Pay 09 School Taxes on \$xxx,xxx Valued Home (graph)

You select the value home and the comparison districts. The graph will compare the total school taxes for your district to the districts you select for both a residential home and agland property.

The next two pages contain samples of the graphs available reflecting 2009 school property on the value home you select for your district and the comparison districts you select.

Total School Taxes, Payable 2009, on a Home with a Taxable Market Value of \$150,000

Source: Pay 2009 School Tax Report

* The above figures do not include the impact of the homestead credit, which will decrease the school portion of property taxes by varying amounts.

Total School Taxes, Payable 2009, on a Farm with a Taxable Market Value of \$500,000 Including a House, Garage and One Acre Valued at \$100,000
