CONSIDERATION: October 16, 2019, 3:30 P.M., C.T.

There has been a revision on The Bonds, Security section. Following are the pages of the Preliminary Official Statement which have been revised.

INTRODUCTORY STATEMENT

This Preliminary Official Statement contains certain information regarding the City of Mora, Minnesota (the "City"), Housing and Redevelopment Authority (the "Authority"), and the issuance of the Authority's $3,095,000* Housing Development Refunding Bonds, Series 2019A (City of Mora, Minnesota General Obligation) (the "Bonds"). Any descriptions or summaries of the Bonds, statutes, or documents included herein are not intended to be complete and are qualified in their entirety by reference to such statutes and documents and the form of the Bonds to be included in the resolution authorizing the issuance and sale of the Bonds ("Award Resolution") to be adopted by the Board of Commissioners on October 16, 2019.

Inquiries may be directed to Ehlers and Associates, Inc. ("Ehlers" or the "Municipal Advisor"), Roseville, Minnesota, (651) 697-8500, the Authority's municipal advisor. A copy of this Preliminary Official Statement may be downloaded from Ehlers' web site at www.ehlers-inc.com by connecting to the Bond Sales link and following the directions at the top of the site.

THE BONDS

GENERAL

The Bonds will be issued in fully registered form as to both principal and interest in denominations of $5,000 each or any integral multiple thereof, and will be dated, as originally issued, as of November 7, 2019. The Bonds will mature on January 1 in the years and amounts set forth on the cover of this Preliminary Official Statement. Interest will be payable on January 1 and July 1 of each year, commencing July 1, 2020, to the registered owners of the Bonds appearing of record in the bond register as of the close of business on the 15th day (whether or not a business day) of the immediately preceding month. Interest will be computed upon the basis of a 360-day year of twelve 30-day months and will be rounded pursuant to rules of the Municipal Securities Rulemaking Board ("MSRB"). **The rate for any maturity may not be more than 1.00% less than the rate for any preceding maturity. (For example, if a rate of 4.50% is proposed for the 2021 maturity, then the lowest rate that may be proposed for any later maturity is 3.50%.)** All Bonds of the same maturity must bear interest from the date of issue until paid at a single, uniform rate. Each rate must be expressed in an integral multiple of 5/100 or 1/8 of 1%.

Unless otherwise specified by the purchaser, the Bonds will be registered in the name of Cede & Co., as nominee for The Depository Trust Company, New York, New York ("DTC"). (See "Book-Entry-Only System" herein.) As long as the Bonds are held under the book-entry system, beneficial ownership interests in the Bonds may be acquired in book-entry form only, and all payments of principal of, premium, if any, and interest on the Bonds shall be made through the facilities of DTC and its participants. If the book-entry system is terminated, principal of, premium, if any, and interest on the Bonds shall be payable as provided in the Award Resolution.

The Authority has selected Bond Trust Services Corporation, Roseville, Minnesota, to act as paying agent (the "Paying Agent"). Bond Trust Services Corporation and Ehlers are affiliate companies. The Authority will pay the charges for Paying Agent services. The Authority reserves the right to remove the Paying Agent and to appoint a successor.

*Preliminary, subject to change.

OPTIONAL REDEMPTION

At the option of the Authority, the Bonds maturing on or after January 1, 2030 shall be subject to optional redemption prior to maturity on January 1, 2029 or any date thereafter, at a price of par plus accrued interest.

Redemption may be in whole or in part of the Bonds subject to prepayment. If redemption is in part, the selection of the amounts and maturities of the Bonds to be redeemed shall be at the discretion of the Authority. If only part of the Bonds having a common maturity date are called for redemption, then the Authority or Paying Agent, if any, will notify DTC of the particular amount of such maturity to be redeemed. DTC will determine by lot the amount of each participant's interest in such maturity to be redeemed and each participant will then select by lot the beneficial ownership interest in such maturity to be redeemed.

Notice of redemption shall be sent by mail not more than 60 days and not less than 30 days prior to the date fixed for redemption to the registered owner of each Bond to be redeemed at the address shown on the registration books.

SECURITY

The Bonds are special and limited obligations of the Authority. Payment of principal and interest on the Bonds is intended to be paid primarily from net revenues of a 20-unit assisted living and 10-unit memory care facility, which is owned by the Authority and located in the City (the "Project").

Should pledged revenues be insufficient to pay the principal and interest on the Bonds, the City is required to pay maturing principal and interest from moneys on hand in any fund of the City not pledged for another purpose and to levy a tax for this purpose upon all the taxable property in the City, which tax is not subject to any limitation as to rate or amount.

Pledge of Revenues

The Bonds are general obligations of the City secured by the full faith and credit of the city. Notwithstanding the pledge of the City's general obligation, it is anticipated that principal of and interest on the Bonds will be paid from (i) revenues and receipts derived by the Authority from the operation of the Project, including tenant rentals and all other moneys as may be paid to or on behalf of the Authority or to which the Authority may be entitled with respect to the Project (excluding security deposits and interest thereon); (ii) certain amounts of the City's annual tax levy pledged if needed (the "Issuer Pledge"); (iii) all proceeds from use and occupancy insurance and rental loss insurance; and (iv) investment earnings on the foregoing and on the funds established under the Award Resolution. The Bonds are not a lien or a charge upon the funds or property of the Authority other than as specifically pledged pursuant to the Award Resolution.

Bond Reserve Account

The Authority will covenant to continue and maintain a reserve account in an amount not less than $250,000. Upon issuance of the Bonds, an amount necessary to make the amount on deposit in the reserve account equal to the reserve requirement will be transferred from the prior reserve account. The Authority may use the investment earnings accumulated in the reserve account for debt service.

RATING

General obligation debt of the City, with the exception of any outstanding credit enhanced issues, is currently rated "A+" by S&P Global Ratings ("S&P").

The City have requested a rating on the Bonds from S&P, and bidders will be notified as to the assigned rating prior to the sale. Such rating reflects only the views of such organization and explanations of the significance of such rating may be obtained from S&P. Generally, a rating agency bases its rating on the information and materials furnished to it and on investigations, studies and assumptions of its own. There is no assurance that such rating will continue for any given period of time or that it will not be revised downward or withdrawn entirely by such rating agency, if in the judgment of such rating agency circumstances so warrant. Any such downward revision or withdrawal of such rating may have an adverse effect on the market price of the Bonds.

Such rating is not to be construed as a recommendation of the rating agency to buy, sell or hold the Bonds, and the rating assigned by the rating agency should be evaluated independently. Except as may be required by the Disclosure Undertaking described under the heading "CONTINUING DISCLOSURE" neither the Authority nor the underwriter undertake responsibility to bring to the attention of the owner of the Bonds any proposed changes in or withdrawal of such rating or to oppose any such revision or withdrawal.

CONTINUING DISCLOSURE

In order to assist brokers, dealers, and municipal securities dealers, in connection with their participation in the offering of the Bonds, to comply with Rule 15c2-12 promulgated by the Securities and Exchange Commission, pursuant to the Securities and Exchange Act of 1934, as amended (the "Rule"), the City shall agree to provide certain information to the Municipal Securities Rulemaking Board (MSRB) through its Electronic Municipal Market Access (EMMA) system, or any system that may be prescribed in the future. The Rule was last amended, effective February 27, 2019, to include an expanded list of material events.

On the date of issue and delivery, the City shall execute and deliver a Continuing Disclosure Certificate, under which the City will covenant for the benefit of holders including beneficial holders, to provide electronically, or in a manner otherwise prescribed, certain financial information annually and to provide notices of the occurrence of certain events enumerated in the Rule (the "Disclosure Undertaking"). The details and terms of the Disclosure Undertaking for the City are set forth in Appendix D. Such Disclosure Undertaking will be in substantially the form attached hereto.

A failure by the City to comply with any Disclosure Undertaking will not constitute an event of default on the Bonds. However, such a failure may adversely affect the transferability and liquidity of the Bonds and their market price.

Prior continuing disclosure undertakings entered into by the City included language stating that an Annual Report including the City's audited financial statements and operating data would be filed "as soon as available." Although the City did not always comply with this requirement, the Annual Reports were timely filed within the required twelve (12) month timeframe as provided for in each undertaking. Except to the extent that the preceding is deemed to be material, the City believes it has not failed to comply in the previous five years in all material respects with its prior undertakings under the Rule. The City has reviewed its continuing disclosure responsibilities along with any changes to the Rule, to ensure compliance. Ehlers is currently engaged as dissemination agent for the City.

LEGAL OPINION

An opinion as to the validity of the Bonds and the exemption from taxation of the interest thereon will be furnished by Briggs and Morgan, Professional Association, Minneapolis, Minnesota, Bond Counsel to the Authority, and will be available at the time of delivery of the Bonds. The legal opinion will state that the Bonds are valid and binding limited obligations of the Authority; provided that the rights of the owners of the Bonds and the enforceability of the Bonds may be limited by bankruptcy, insolvency, reorganization, moratorium, and other similar laws affecting creditors' rights and by equitable principles (which may be applied in either a legal or equitable proceeding). See "FORM OF LEGAL OPINION" found in Appendix B.

TAX EXEMPTION

On the date of issuance of the Bonds, Briggs and Morgan, Professional Association, Bond Counsel, will render an opinion, that, based on present federal and Minnesota laws, regulations, rulings and decisions, at the time of the issuance of the Bonds, the interest on the Bonds is excluded from gross income for federal income tax purposes and is excluded, to the same extent, from both gross income and taxable net income for State of Minnesota income tax purposes (other than Minnesota franchise taxes measured by income and imposed on corporations and financial institutions). Interest on the Bonds is not an item of tax preference for purposes of the federal alternative minimum tax imposed on individuals or for purposes of the Minnesota alternative minimum tax applicable to individuals, estates or trusts. The opinions are subject to the condition that the Authority complies with all applicable federal tax requirements. Failure to comply with certain of such requirements may cause interest on the Bonds to be included in gross income and taxable net income, retroactive to their date of issuance. No opinion will be expressed by Bond Counsel regarding other state or federal tax consequences.

Other Federal and State Tax Considerations

Other Tax Considerations

Though excluded from gross income, interest on the Bonds is subject to federal income taxation for certain types of taxpayers and certain income taxes, including without implied limitation, taxation to the extent it is included as part of (a) the adjusted current earnings of a corporation for purposes of the alternative minimum tax, (b) effectively connected earnings and profits of a foreign corporation for purposes of the branch profits tax on dividend equivalent amounts, (c) excess net passive income of an S Corporation which has Subchapter C earnings and profits, or (d) minimum effectively connected net investment income of a foreign insurance company. Interest on the Bonds is also taken into account in other ways for federal income tax purposes, including without implied limitation, (a) reducing loss reserve deductions of property and casualty insurance companies, (b) reducing interest expense deductions of financial institutions, and (c) causing certain taxpayers to include in gross income a portion of social security benefits and railroad retirement benefits. Ownership of the Bonds may result in other collateral federal income tax consequences to certain taxpayers. Bond Counsel expresses no opinion as to any of such consequences, and prospective purchasers who may be subject to such collateral consequences should consult their tax advisers.

Original Issue Discount

Some of the Bonds ("the OID Bonds) may be sold at initial public offering prices which are less than the principal amounts payable at maturity. For each maturity of OID Bonds, original issue discount is the excess of the stated redemption price at maturity of such Bonds over the initial offering price to the public, excluding underwriters and other intermediaries, at which price a substantial amount of such Bonds are sold. The appropriate portion of such original issue discount allocable to the original and each subsequent holder will be treated as interest and excluded from gross income for federal income tax purposes and will increase a holders' tax basis in such Bonds for purposes of determining gain or loss upon sale, exchange, redemption, or payment at maturity. Owners of such Bonds should consult their own tax advisors with respect to the computation and determination of the portion of original issue discount which will be treated as interest and added to a holder's tax basis during the period such Bonds are held.

Original Issue Premium

Some of the Bonds may be sold at initial public offering prices which are greater than the principal amounts payable at maturity. Bondholders who acquire Bonds at a premium should consult their tax advisors concerning the calculation of bond premium and the timing and rate of premium amortization, as well as the federal, state and local tax consequences of owning and selling Bonds acquired at a premium.

Proposed Changes in Federal and State Tax Law

From time to time, there are Presidential proposals, proposals of various federal committees, and legislative proposals in the Congress and in the states that, if enacted, could alter or amend the federal and state tax matters referred to herein or adversely affect the marketability or market value of the Bonds or otherwise prevent holders of the Bonds from realizing the full benefit of the tax exemption of interest on the Bonds. Further, such proposals may impact the marketability or market value of the Bonds simply by being proposed. No prediction is made whether such provisions will be enacted as proposed or concerning other future legislation affecting the tax treatment of interest on the Bonds. In addition, regulatory actions are from time to time announced or proposed and litigation is threatened or commenced which, if implemented or concluded in a particular manner, could adversely affect the market value, marketability or tax status of the Bonds. It cannot be predicted whether any such regulatory action will be implemented, how any particular litigation or judicial action will be resolved, or whether the Bonds would be impacted thereby.

The above is not a comprehensive list of all federal tax consequences that may arise from the receipt of interest on the Bonds. The receipt of interest on the Bonds may otherwise affect the federal or State of Minnesota income tax liability of the recipient based on the particular taxes to which the recipient is subject and the particular tax status of other items or deductions. Bond Counsel expresses no opinion regarding any such consequences. All prospective purchasers of the Bonds are advised to consult their own tax advisors as to the tax consequences of, or tax considerations for, purchasing or holding the Bonds.

QUALIFIED TAX-EXEMPT OBLIGATIONS

The Authority will designate the Bonds as "qualified tax-exempt obligations" for purposes of Section 265(b)(3) of the Code relating to the ability of financial institutions to deduct from income for federal income tax purposes, interest expense that is allocable to carrying and acquiring tax-exempt obligations.

MUNICIPAL ADVISOR

Ehlers has served as municipal advisor to the Authority in connection with the issuance of the Bonds. The Municipal Advisor cannot participate in the underwriting of the Bonds. The financial information included in this Preliminary Official Statement has been compiled by the Municipal Advisor. Such information does not purport to be a review, audit or certified forecast of future events and may not conform with accounting principles applicable to compilations of financial information. Ehlers is not a firm of certified public accountants. Ehlers is registered with the Securities and Exchange Commission and the MSRB as a municipal advisor.

MUNICIPAL ADVISOR AFFILIATED COMPANIES

Bond Trust Services Corporation ("BTSC") and Ehlers Investment Partners, LLC ("EIP") are affiliate companies of Ehlers. BTSC is chartered by the State of Minnesota and authorized in Minnesota, Wisconsin, Colorado, and Illinois to transact the business of a limited purpose trust company. BTSC provides paying agent services to debt issuers. EIP is a Registered Investment Advisor with the Securities and Exchange Commission. EIP assists issuers with the investment of bond proceeds or investing other issuer funds. This includes escrow bidding agent services. Issuers, such as the Authority, have retained or may retain BTSC and/or EIP to provide these services. If hired, BTSC and/or EIP would be retained by the Authority under an agreement separate from Ehlers.

INDEPENDENT AUDITORS

The basic financial statements of the City for the fiscal year ended December 31, 2018 have been audited by Althoff & Nordquist, LLC, Pine City, Minnesota, independent auditors (the "Auditor"). The report of the Auditor, together with the basic financial statements, component units financial statements, and notes to the financial statements are attached hereto as "APPENDIX A – FINANCIAL STATEMENTS". The Auditor has not been engaged to perform and has not performed, since the date of its report included herein, any procedures on the financial statements addressed in that report. The Auditor also has not performed any procedures relating to this Preliminary Official Statement.

RISK FACTORS

Following is a description of possible risks to holders of the Bonds without weighting as to probability. This description of risks is not intended to be all-inclusive, and there may be other risks not now perceived or listed here.

Taxes: The Bonds are general obligations of the City, the ultimate payment of which rests in the City's ability to levy and collect sufficient taxes to pay debt service should other revenue (including, but not limited to, revenues of the Project and the Issuer Pledge) be insufficient. In the event of delayed billing, collection or distribution of property taxes, sufficient funds may not be available to the City in time to pay debt service when due.

State Actions: Many elements of local government finance, including the issuance of debt and the levy of property taxes, are controlled by state government. Future actions of the state may affect the overall financial condition of the Authority, the taxable value of property within the Authority, and the ability of the Authority to levy and collect property taxes.

Future Changes in Law: Various State and federal laws, regulations and constitutional provisions apply to the Authority and to the Bonds. The Authority can give no assurance that there will not be a change in or interpretation of any such applicable laws, regulations and provisions which would have a material effect on the Authority or the taxing authority of the Authority.

Ratings; Interest Rates: In the future, the City's credit rating may be reduced or withdrawn, or interest rates for this type of obligation may rise generally, either possibility resulting in a reduction in the value of the Bonds for resale prior to maturity.

Tax Exemption: If the federal government or the State of Minnesota taxes all or a portion of the interest on municipal obligations, directly or indirectly, or if there is a change in federal or state tax policy, the value of the Bonds may fall for purposes of resale. Noncompliance following the issuance of the Bonds with certain requirements of the Code and covenants of the Award Resolution may result in the inclusion of interest on the Bonds in gross income of the recipient for United States income tax purposes or in taxable net income of individuals, estates or trusts for State of Minnesota income tax purposes. No provision has been made for redemption of the Bonds, or for an increase in the interest rate on the Bonds, in the event that interest on the Bonds becomes subject to federal or State of Minnesota income taxation, retroactive to the date of issuance.

Continuing Disclosure: A failure by the Authority to comply with the Disclosure Undertaking for continuing disclosure (see "CONTINUING DISCLOSURE") will not constitute an event of default on the Bonds. Any such failure must be reported in accordance with the Rule and must be considered by any broker, dealer, or municipal securities dealer before recommending the purchase or sale of the Bonds in the secondary market. Such a failure may adversely affect the transferability and liquidity of the Bonds and their market price.

State Economy; State Aids: State of Minnesota cash flow problems could affect local governments and possibly increase property taxes.

Book-Entry-Only System: The timely credit of payments for principal and interest on the Bonds to the accounts of the Beneficial Owners of the Bonds may be delayed due to the customary practices, standing instructions or for other unknown reasons by DTC participants or indirect participants. Since the notice of redemption or other notices to holders of these obligations will be delivered by the Authority to DTC only, there may be a delay or failure by DTC, DTC participants or indirect participants to notify the Beneficial Owners of the Bonds.

Economy: A combination of economic, climatic, political or civil disruptions or terrorist actions outside of the control of the Authority, including loss of major taxpayers or major employers, could affect the local economy and result in reduced tax collections and/or increased demands upon local government. Real or perceived threats to the financial stability of the Authority may have an adverse effect on the value of the Bonds in the secondary market.

Secondary Market for the Bonds: No assurance can be given that a secondary market will develop for the purchase and sale of the Bonds or, if a secondary market exists, that such Bonds can be sold for any particular price. The underwriters are not obligated to engage in secondary market trading or to repurchase any of the Bonds at the request of the owners thereof. Prices of the Bonds as traded in the secondary market are subject to adjustment upward and downward in response to changes in the credit markets and other prevailing circumstances. No guarantee exists as to the future market value of the Bonds. Such market value could be substantially different from the original purchase price.

Bankruptcy: The rights and remedies of the holders may be limited by and are subject to the provisions of federal bankruptcy laws, to other laws, or equitable principles that may affect the enforcement of creditors' rights, to the exercise of judicial discretion in appropriate cases and to limitations on legal remedies against local governments. The opinion of Bond Counsel to be delivered with respect to the Bonds will be similarly qualified.

Cybersecurity: The Authority is dependent on electronic information technology systems to deliver services. These systems may contain sensitive information or support critical operational functions which may have value for unauthorized purposes. As a result, the electronic systems and networks may be targets of cyberattack. There can be no assurance that the Authority will not experience an information technology breach or attack with financial consequences that could have a material adverse impact.
