

**ADDENDUM DATED MARCH 24, 2020
TO PRELIMINARY OFFICIAL STATEMENT DATED MARCH 19, 2020**

New Issue

**INDEPENDENT SCHOOL DISTRICT NO. 831
(FOREST LAKE AREA SCHOOLS), MINNESOTA
(Washington, Anoka and Chisago Counties)**

**(Minnesota School District Credit Enhancement Program)
\$10,235,000* GENERAL OBLIGATION FACILITIES MAINTENANCE
AND CAPITAL FACILITIES BONDS, SERIES 2020A**

PROPOSAL OPENING: April 2, 2020, 9:30 A.M., C.T.
CONSIDERATION: April 2, 2020, 7:00 P.M., C.T.

The Risk Factors section of the Preliminary Official Statement is being amended to include a section regarding COVID-19. Following are the pages of the Preliminary Official Statement which have been revised.

RISK FACTORS

Following is a description of possible risks to holders of the Bonds without weighting as to probability. This description of risks is not intended to be all-inclusive, and there may be other risks not now perceived or listed here.

Taxes: The Bonds are general obligations of the District, the ultimate payment of which rests in the District's ability to levy and collect sufficient taxes to pay debt service should other revenue (state aids) be insufficient. In the event of delayed billing, collection or distribution of property taxes, sufficient funds may not be available to the District in time to pay debt service when due.

State Actions: Many elements of local government finance, including the issuance of debt and the levy of property taxes, are controlled by state government. Future actions of the state may affect the overall financial condition of the District, the taxable value of property within the District, and the ability of the District to levy and collect property taxes.

Future Changes in Law: Various State and federal laws, regulations and constitutional provisions apply to the District and to the Bonds. The District can give no assurance that there will not be a change in or interpretation of any such applicable laws, regulations and provisions which would have a material effect on the District or the taxing authority of the District.

Ratings; Interest Rates: In the future, the District's credit rating may be reduced or withdrawn, or interest rates for this type of obligation may rise generally, either possibility resulting in a reduction in the value of the Bonds for resale prior to maturity.

Tax Exemption: If the federal government or the State of Minnesota taxes all or a portion of the interest on municipal obligations, directly or indirectly, or if there is a change in federal or state tax policy, the value of the Bonds may fall for purposes of resale. Noncompliance following the issuance of the Bonds with certain requirements of the Code and covenants of the bond resolution may result in the inclusion of interest on the Bonds in gross income of the recipient for United States income tax purposes or in taxable net income of individuals, estates or trusts for State of Minnesota income tax purposes. No provision has been made for redemption of the Bonds, or for an increase in the interest rate on the Bonds, in the event that interest on the Bonds becomes subject to United States or State of Minnesota income taxation, retroactive to the date of issuance.

Continuing Disclosure: A failure by the District to comply with the Disclosure Undertaking for continuing disclosure (see "CONTINUING DISCLOSURE") will not constitute an event of default on the Bonds. Any such failure must be reported in accordance with the Rule and must be considered by any broker, dealer, or municipal securities dealer before recommending the purchase or sale of the Bonds in the secondary market. Such a failure may adversely affect the transferability and liquidity of the Bonds and their market price.

State Economy; State Aids: State of Minnesota cash flow problems could affect local governments and possibly increase property taxes.

Book-Entry-Only System: The timely credit of payments for principal and interest on the Bonds to the accounts of the Beneficial Owners of the Bonds may be delayed due to the customary practices, standing instructions or for other unknown reasons by DTC participants or indirect participants. Since the notice of redemption or other notices to holders of these obligations will be delivered by the District to DTC only, there may be a delay or failure by DTC, DTC participants or indirect participants to notify the Beneficial Owners of the Bonds.

Economy: A combination of economic, climatic, political or civil disruptions or terrorist actions outside of the control of the District, including loss of major taxpayers or major employers, could affect the local economy and result in reduced tax collections and/or increased demands upon local government. Real or perceived threats to the financial stability of the District may have an adverse effect on the value of the Bonds in the secondary market.

Secondary Market for the Bonds: No assurance can be given that a secondary market will develop for the purchase and sale of the Bonds or, if a secondary market exists, that such Bonds can be sold for any particular price. The underwriters are not obligated to engage in secondary market trading or to repurchase any of the Bonds at the request of the owners thereof. Prices of the Bonds as traded in the secondary market are subject to adjustment upward and downward in response to changes in the credit markets and other prevailing circumstances. No guarantee exists as to the future market value of the Bonds. Such market value could be substantially different from the original purchase price.

Bankruptcy: The rights and remedies of the holders may be limited by and are subject to the provisions of federal bankruptcy laws, to other laws, or equitable principles that may affect the enforcement of creditors' rights, to the exercise of judicial discretion in appropriate cases and to limitations on legal remedies against local governments. The opinion of Bond Counsel to be delivered with respect to the Bonds will be similarly qualified.

Cybersecurity: The District is dependent on electronic information technology systems to deliver services. These systems may contain sensitive information or support critical operational functions which may have value for unauthorized purposes. As a result, the electronic systems and networks may be targets of cyberattack. There can be no assurance that the District will not experience an information technology breach or attack with financial consequences that could have a material adverse impact.

COVID-19: On March 11, 2020, the World Health Organization proclaimed the Coronavirus (COVID-19) to be a pandemic. In an effort to lessen the risk of transmission of COVID-19, the United States government, state governments, local governments and private industries have taken measures to limit social interactions in an effort to limit the spread of COVID-19, affecting business activities and impacting global, state and local commerce and financial markets. The emergence of COVID-19 and the spread thereof is an emerging and evolving issue. As the federal, state, and local governments, including the Issuer, continue efforts to contain and limit the spread COVID-19 disease, future tax and other revenue collections may deviate from historical or anticipated collections and may have an adverse impact on the financial position and operations of the Issuer and its ability to fund debt obligations, including the Bonds in accordance with its terms. The Issuer is not able to predict and makes no representations as to the economic impact of the COVID-19 pandemic on the Issuer or its financial position.

The foregoing is intended only as a summary of certain risk factors attendant to an investment in the Bonds. In order for potential investors to identify risk factors and make an informed investment decision, potential investors should be thoroughly familiar with this entire Official Statement and the Appendices hereto.
