**\$88,650,000* GENERAL OBLIGATION SCHOOL BUILDING AND
FACILITIES MAINTENANCE BONDS, SERIES 2026A**

PROPOSAL OPENING: April 7, 2026, 9:30 AM C.T.

The Cover, Rating and Continuing Disclosure sections have been revised. Following is the revised Preliminary Official Statement.

PRELIMINARY OFFICIAL STATEMENT DATED MARCH 27, 2026

In the opinion of Kennedy & Graven, Chartered, Bond Counsel, based on present federal and Minnesota laws, regulations, rulings and decisions (which exclude any pending legislation which may have a retroactive effect) and, assuming the accuracy of certain representations and continuing compliance with certain covenants set forth in the resolution approving the issuance of the Bonds, interest to be paid on the Bonds is excludable from gross income for federal income tax purposes and, to the same extent, is excludable from taxable net income of individuals, trusts, and estates for Minnesota income tax purposes, and is not a preference item for purposes of computing the federal alternative minimum tax or the Minnesota alternative minimum tax imposed on individuals, trusts, and estates. However, such interest is included in determining the adjusted financial statement income of applicable corporations for purposes of computing the alternative minimum tax imposed on such applicable corporations and is subject to Minnesota franchise taxes on certain corporations (including financial institutions) measured by income. No opinion will be expressed by Bond Counsel regarding the other state or federal tax consequences caused by the receipt or accrual of interest on the Bonds or arising with respect to ownership of the Bonds. See "TAX EXEMPTION" herein.

The District will NOT designate the Bonds as "qualified tax-exempt obligations" pursuant to Section 265 (b)(3) of the Internal Revenue Code of 1986, as amended, which permits financial institutions to deduct interest expenses allocable to the Bonds to the extent permitted under prior law.

REPRESENTATIONS

No dealer, broker, salesperson or other person has been authorized by the District to give any information or to make any representation other than those contained in this Preliminary Official Statement and, if given or made, such other information or representations must not be relied upon as having been authorized by the District. ***This Preliminary Official Statement does not constitute an offer to sell or a solicitation of an offer to buy any of the Bonds in any jurisdiction to any person to whom it is unlawful to make such an offer or solicitation in such jurisdiction.***

This Preliminary Official Statement is not to be construed as a contract with the Underwriter (Syndicate Manager). Statements contained herein which involve estimates or matters of opinion are intended solely as such and are not to be construed as representations of fact. Ehlers and Associates, Inc. prepared this Preliminary Official Statement and any addenda thereto relying on information of the District and other sources for which there is reasonable basis for believing the information is accurate and complete. Bond Counsel has not participated in the preparation of this Preliminary Official Statement and is not expressing any opinion as to the completeness or accuracy of the information contained therein. Compensation of Ehlers and Associates, Inc., payable entirely by the District, is contingent upon the delivery of the Bonds.

COMPLIANCE WITH S.E.C. RULE 15c2-12

Certain municipal obligations (issued in an aggregate amount over \$1,000,000) are subject to Rule 15c2-12 promulgated by the Securities and Exchange Commission pursuant to the Securities Exchange Act of 1934, as amended (the "Rule").

Preliminary Official Statement: This Preliminary Official Statement was prepared for the District for dissemination to potential investors. Its primary purpose is to disclose information regarding the Bonds to prospective underwriters in the interest of receiving competitive proposals in accordance with the sale notice contained herein. Unless an addendum is posted prior to the sale, this Preliminary Official Statement shall be deemed nearly final for purposes of the Rule subject to completion, revision and amendment in a Final Official Statement as defined below.

Review Period: This Preliminary Official Statement has been distributed to prospective bidders for review. Comments or requests for the correction of omissions or inaccuracies must be submitted to Ehlers and Associates, Inc. at least two business days prior to the sale. Requests for additional information or corrections in the Preliminary Official Statement received on or before this date will not be considered a qualification of a proposal received from an underwriter. If there are any changes, corrections or additions to the Preliminary Official Statement, interested bidders will be informed by an addendum prior to the sale.

Final Official Statement: Copies of the Final Official Statement will be delivered to the Underwriter (Syndicate Manager) within seven business days following the proposal acceptance.

Continuing Disclosure: Subject to certain exemptions, issues in an aggregate amount over \$1,000,000 may be required to comply with provisions of the Rule which require that underwriters obtain from the issuers of municipal securities (or other obligated party) an agreement for the benefit of the owners of the securities to provide continuing disclosure with respect to those securities. This Preliminary Official Statement describes the conditions under which the District is required to comply with the Rule.

CLOSING CERTIFICATES

Upon delivery of the Bonds, the Underwriter (Syndicate Manager) will be furnished with the following items: (1) a certificate of the appropriate officials to the effect that at the time of the sale of the Bonds and all times subsequent thereto up to and including the time of the delivery of the Bonds, this Preliminary Official Statement did not and does not contain any untrue statement of a material fact or omit to state a material fact necessary to make the statements therein, in the light of the circumstances under which they were made, not misleading; (2) a receipt signed by the appropriate officer evidencing payment for the Bonds; (3) a certificate evidencing the due execution of the Bonds, including statements that (a) no litigation of any nature is pending, or to the knowledge of signers, threatened, restraining or enjoining the issuance and delivery of the Bonds, (b) neither the corporate existence or boundaries of the District nor the title of the signers to their respective offices is being contested, and (c) no authority or proceedings for the issuance of the Bonds have been repealed, revoked or rescinded; and (4) a certificate setting forth facts and expectations of the District which indicates that the District does not expect to use the proceeds of the Bonds in a manner that would cause them to be arbitrage bonds within the meaning of Section 148 of the Internal Revenue Code of 1986, as amended, or within the meaning of applicable Treasury Regulations.

INTRODUCTORY STATEMENT

This Preliminary Official Statement contains certain information regarding Independent School District No. 270 (Hopkins Public Schools), Minnesota (the "District") and the issuance of its \$88,650,000* General Obligation School Building and Facilities Maintenance Bonds, Series 2026A (the "Bonds"). Any descriptions or summaries of the Bonds, statutes, or documents included herein are not intended to be complete and are qualified in their entirety by reference to such statutes and documents and the form of the Bonds to be included in the resolution ratifying the issuance and sale of the Bonds ("Ratifying Resolution").

Inquiries may be directed to Ehlers and Associates, Inc. ("Ehlers" or the "Municipal Advisor"), Minneapolis, Minnesota, (651) 697-8500, the District's municipal advisor. A copy of this Preliminary Official Statement may be downloaded from Ehlers' web site at www.ehlers-inc.com by connecting to the Bond Sales link and following the directions at the top of the site.

THE BONDS

GENERAL

The Bonds will be issued in fully registered form as to both principal and interest in denominations of \$5,000 each or any integral multiple thereof, and will be dated, as originally issued, as of April 30, 2026. The Bonds will mature on February 1 in the years and amounts set forth on the cover of this Preliminary Official Statement. Interest will be payable on February 1 and August 1 of each year, commencing February 1, 2027, to the registered owners of the Bonds appearing of record in the bond register as of the close of business on the 15th day (whether or not a business day) of the immediately preceding month. Interest will be computed upon the basis of a 360-day year of twelve 30-day months and will be rounded pursuant to rules of the Municipal Securities Rulemaking Board ("MSRB"). **The rate for any maturity may not be more than 2.00% less than the rate for any preceding maturity. (For example, if a rate of 4.50% is proposed for the 2027 maturity, then the lowest rate that may be proposed for any later maturity is 2.50%.)** All Bonds of the same maturity must bear interest from the date of issue until paid at a single, uniform rate. Each rate must be expressed in an integral multiple of 5/100 or 1/8 of 1%.

Unless otherwise specified by the purchaser, the Bonds will be registered in the name of Cede & Co., as nominee for The Depository Trust Company, New York, New York ("DTC"). (See "Book-Entry-Only System" herein.) As long as the Bonds are held under the book-entry system, beneficial ownership interests in the Bonds may be acquired in book-entry form only, and all payments of principal of, premium, if any, and interest on the Bonds shall be made through the facilities of DTC and its participants. If the book-entry system is terminated, principal of, premium, if any, and interest on the Bonds shall be payable as provided in the Ratifying Resolution.

The District has selected Bond Trust Services Corporation, Minneapolis, Minnesota ("BTSC"), to act as paying agent (the "Paying Agent"). BTSC and Ehlers are affiliate companies. The District will pay the charges for Paying Agent services. The District reserves the right to remove the Paying Agent and to appoint a successor.

*Preliminary, subject to change.

OPTIONAL REDEMPTION

At the option of the District, the Bonds maturing on or after February 1, 2035, shall be subject to optional redemption prior to maturity on February 1, 2034, or any date thereafter, at a price of par plus accrued interest to the date of optional redemption.

Redemption may be in whole or in part of the Bonds subject to prepayment. If redemption is in part, the selection of the amounts and maturities of the Bonds to be redeemed shall be at the discretion of the District. If only part of the Bonds having a common maturity date are called for redemption, then the District or Paying Agent, if any, will notify DTC of the particular amount of such maturity to be redeemed. DTC will determine by lot the amount of each participant's interest in such maturity to be redeemed and each participant will then select by lot the beneficial ownership interest in such maturity to be redeemed.

Notice of redemption shall be sent by mail not more than 60 days and not less than 30 days prior to the date fixed for redemption to the registered owner of each Bond to be redeemed at the address shown on the registration books.

AUTHORITY; PURPOSE

The Bonds are being issued pursuant to Minnesota Statutes, Chapter 475, as amended, and Minnesota Statutes, Section 123B.595, as amended, and a special election held November 4, 2025, by the District for the purposes of financing (i) the acquisition and betterment of school sites and facilities in the District (the "School Building Portion"); and (ii) certain facility and site maintenance projects included in the District's ten-year facility plan approved by the Commissioner of Education (the "Facilities Maintenance Portion").

The School Building Portion of the Bonds is being issued pursuant to a special election held November 4, 2025, by the District, at which voters approved the issuance of general obligation bonds in an amount not to exceed \$140,000,000 by a vote of 10,225 to 3,792. The School Building Portion of the Bonds will be used to provide funds for the acquisition and betterment of school sites and facilities, including the construction, acquisition and installation of safety and security improvements; the completion of various infrastructure projects at school district sites and facilities, including renovations for Career and Technical Education, ADA updates, parking lot reconstruction, playgrounds, outdoor learning areas, indoor and outdoor athletic enhancements, and modernization of learning spaces, including special education environments.

SECURITY

The Bonds will be general obligations of the District to which its full faith and credit and taxing powers are pledged. In accordance with Minnesota Statutes, the District will levy each year an amount not less than 105% of the debt service requirements on the Bonds, less estimated collections of other revenues pledged for payments on the Bonds. In the event funds on hand for payment of principal and interest are at any time insufficient, the District is required to levy additional taxes upon all taxable properties within its boundaries without limit as to rate or amount to make up any deficiency.

RATING

The District will be participating in the State of Minnesota Credit Enhancement Program ("MNCEP") for this issue and requested a credit enhanced rating from Moody's Investors Service, Inc. ("Moody's"). Moody's has a policy which assigns a minimum rating of "Aa1" to issuers participating in the MNCEP. The "Aa1" rating is based on the State of Minnesota's current "Aaa"/Stable outlook rating from Moody's. See "STATE OF MINNESOTA CREDIT ENHANCEMENT PROGRAM FOR SCHOOL DISTRICTS" for further details.

The District's outstanding debt was previously rated by Moody's. On October 9, 2024, Moody's withdrew the District's underlying rating due to lack of sufficient information. On April 2, 2026, Moody's assigned an initial "A1" underlying rating on its outstanding debt concurrently assigned the "A1" underlying rating to this issue. See "CONTINUING DISCLOSURE" for further details. Such rating, if any, reflects only the views of such organization and explanations of the significance of such rating may be obtained from the rating agency furnishing the same. Generally, a rating agency bases its rating on the information and materials furnished to it and on investigations, studies and assumptions of its own. There is no assurance that such rating will continue for any given period of time or that it will not be revised downward or withdrawn entirely by such rating agency, if in the judgment of such rating agency circumstances so warrant. Any such downward revision or withdrawal of such rating may have an adverse effect on the market price of the Bonds.

Such rating is not to be construed as a recommendation of the rating agency to buy, sell or hold the Bonds, and the rating assigned by the rating agency should be evaluated independently. Except as may be required by the Disclosure Undertaking described under the heading "CONTINUING DISCLOSURE" neither the District nor the underwriter undertake responsibility to bring to the attention of the owner of the Bonds any proposed changes in or withdrawal of such rating or to oppose any such revision or withdrawal.

STATE OF MINNESOTA CREDIT ENHANCEMENT PROGRAM FOR SCHOOL DISTRICTS

By a Parameters Resolution adopted for this issue on February 10, 2026, (the "Resolution"), the District has covenanted and obligated itself to be bound by the provisions of Minnesota Statutes, Section 126C.55, as amended, which provides for payment by the State of Minnesota in the event of a potential default of a school district obligation (herein referred to as the "State Payment Law" or the "Law"). The provisions of the State Payment Law shall be binding on the District as long as any obligations of the issue remain outstanding.

Under the State Payment Law, if the District believes it may be unable to make a principal or interest payment for this issue on the due date, it must notify the Commissioner of Education as soon as possible, but not less than 15 working days prior to the due date (which notice is to specify certain information) that it intends to exercise the provisions of the Law to guarantee payment of the principal and interest when due. The District also covenants in the Resolution to deposit with the Paying Agent for the issue three business days prior to the date on which a payment is due an amount sufficient to make that payment or to notify the Commissioner of Education that it will be unable to make all or a portion of the payment.

The Law also requires the Paying Agent for this issue to notify the Commissioner of Education if it becomes aware of a potential default in the payment of principal and interest on these obligations, or if, on the day two business days prior to the payment date, there are insufficient funds to make the payment or deposit with the Paying Agent.

The Law also requires, after receipt of a notice which requests a payment pursuant to the Law, after consultation with the Paying Agent and District, and after verifying the accuracy of the information provided, the Commissioner of Education shall notify the Commissioner of Management and Budget of the potential default. The State Payment Law provides that "upon receipt of this notice . . . the commissioner of management and budget shall issue a payment and authorize the commissioner of education to pay to the paying agent for the debt obligation the specified amount on or before the date due. The amounts needed for the purposes of this subdivision are annually appropriated to the [Department of Education] from the state general fund."

The Law requires that all amounts paid by the State on behalf of any school district are required to be repaid by the district to the State with interest, either via a reduction in State aid payable to the district, or through the levy of an ad valorem tax which may be made with the approval of the Commissioner of Education.

In its Official Statement dated September 23, 2025, for General Obligation State Bonds, Series 2025A, 2025B, 2025C, 2025D and 2025E, the State of Minnesota disclosed the following information about the State Credit Enhancement Program for School Districts:

"As of June 30, 2025, the total amount of principal on certificates of indebtedness and capital notes issued for equipment, certificates of participation and bonds, plus the interest on these obligations, through the year 2054, is approximately \$19,610,000,000. Based upon these currently outstanding balances now enrolled in the program, during the Current Biennium the total amount of principal and interest outstanding as of June 30, 2025, is currently estimated at \$3,155,000,000, with the maximum amount of principal and interest payable in any one month being \$1,253,600,000. However, more certificates of indebtedness, capital notes, certificates of participation and bonds are expected to be enrolled in the program and these amounts are expected to increase.

The State has not had to make any debt service payments on behalf of school districts or intermediate school districts under the program and does not expect to make any payments in the future. If such payments are made the State expects to recover all or substantially all of the amounts so paid pursuant to contractual agreements with the school districts and intermediate school districts."

CONTINUING DISCLOSURE

In order to assist brokers, dealers, and municipal securities dealers, in connection with their participation in the offering of the Bonds, to comply with Rule 15c2-12 promulgated by the Securities and Exchange Commission, pursuant to the Securities and Exchange Act of 1934, as amended (the "Rule"), the District shall agree to provide certain information to the Municipal Securities Rulemaking Board ("MSRB") through its Electronic Municipal Market Access ("EMMA") system, or any system that may be prescribed in the future. The Rule was last amended, effective February 27, 2019, to include an expanded list of material events.

On the date of issue and delivery of the Bonds, the District shall execute and deliver a Continuing Disclosure Certificate, under which the District will covenant for the benefit of holders including beneficial holders, to provide electronically, or in a manner otherwise prescribed, certain financial information annually and to provide notices of the occurrence of certain events enumerated in the Rule (the "Disclosure Undertaking"). The details and terms of the Disclosure Undertaking for the District are set forth in Appendix D. Such Disclosure Undertaking will be in substantially the form attached hereto.

A failure by the District to comply with any Disclosure Undertaking will not constitute an event of default on the Bonds. However, such a failure may adversely affect the transferability and liquidity of the Bonds and their market price.

The District's audited financial statements for fiscal years ending June 30, 2022, June 30, 2023 and June 30, 2024 were not filed timely. Prior continuing disclosure undertakings entered into by the District included language stating that an Annual Report including the District's audited financial statements and operating data would be filed "as soon as available." Although the District did not provide timely audited financial statements, the operating data portion of the Annual Reports were timely filed within the required twelve (12) month timeframe as provided for in each undertaking. Except to the extent the foregoing deficiencies are deemed to be material, the District believes it has complied in all material respects with its prior disclosure undertakings under the Rule in the last five years. The District has reviewed its continuing disclosure responsibilities along with any changes to the Rule, to ensure compliance. In addition, the District has implemented a new accounting information system, which it anticipates will support more timely financial reporting going forward. Ehlers is currently engaged as dissemination agent for the District.

LEGAL OPINION

An opinion as to the validity of the Bonds and the exemption from taxation of the interest thereon will be furnished by Kennedy & Graven, Chartered, Minneapolis, Minnesota, Bond Counsel to the District ("Bond Counsel"), and will be available at the time of delivery of the Bonds. The legal opinion will state that the Bonds are valid and binding general obligations of the District; provided that the rights of the owners of the Bonds and the enforceability of the Bonds may be limited by bankruptcy, insolvency, reorganization, moratorium, and other similar laws affecting creditors' rights and by equitable principles (which may be applied in either a legal or equitable proceeding). See "FORM OF LEGAL OPINION" found in Appendix B.

TAX EXEMPTION

On the date of issuance of the Bonds, Bond Counsel will render an opinion that, at the time of issuance and delivery of the Bonds to the original purchaser, based on present federal and State of Minnesota laws, regulations, rulings and decisions (which exclude any pending legislation which may have a retroactive effect), and assuming the accuracy of certain representations and continuing compliance with certain covenants set forth in the Ratifying Resolution, interest on the Bonds is excludable from gross income for federal income tax purposes and, to the same extent, is excludable from the taxable net income of individuals, trusts, and estates for Minnesota income tax purposes, and is not a preference item for purposes of computing the federal alternative minimum tax or the Minnesota alternative minimum tax imposed on individuals, trusts, and estates. However, interest on the Bonds is included in determining the annual adjusted financial statement income (as defined in Section 59(k) of the Internal Revenue Code of 1986, as amended (the "Code")) of applicable corporations (as defined in Section 59(k) of the Code) for purposes of computing the alternative minimum tax imposed on such applicable corporations and is subject to Minnesota franchise taxes on certain corporations (including financial institutions) measured by income. Section 59(k) of the Code defines "applicable corporation" as any corporation (other than an S corporation), a regulated investment company, or a real estate investment trust which meets the average annual adjusted financial statement income test set forth in Section 59(k) of the Code in one or more taxable years. No opinion will be expressed by Bond Counsel regarding other federal or State of Minnesota tax consequences caused by the receipt or accrual of interest on the Bonds or arising with respect to ownership of the Bonds.

Noncompliance following the issuance of the Bonds with certain requirements of the Code and covenants of the Ratifying Resolution may result in the inclusion of interest on the Bonds in gross income (for federal tax purposes) and taxable net income (for State of Minnesota tax purposes) of the owners thereof. No provision has been made for redemption of the Bonds, or for an increase in the interest rate on the Bonds, in the event that interest on the Bonds becomes subject to United States or State of Minnesota income taxation.

The Code imposes an alternative minimum tax with respect to individuals on alternative minimum taxable income.

The Code provides that in the case of an insurance company subject to the tax imposed by Section 831 of the Code, the amount which otherwise would be taken into account as "losses incurred" under Section 832(b)(5) shall be reduced by an amount equal to the applicable percentage of the interest on the Bonds that is received or accrued during the taxable year. Interest on the Bonds may be included in the income of a foreign corporation for purposes of the branch profits tax imposed by Section 884 of the Code. Under certain circumstances, interest on the Bonds may be subject to the tax on "excess net passive income" of Subchapter S corporations imposed by Section 1375 of the Code.

The above is not a comprehensive list of all federal tax consequences which may arise from the receipt of interest on the Bonds. The receipt of interest on the Bonds may otherwise affect the federal or State income tax liability of the recipient based on the particular taxes to which the recipient is subject and the particular tax status of other items or deductions. Bond Counsel expresses no opinion regarding any such consequences. All prospective purchasers of the Bonds are advised to consult their own tax advisors as to the tax consequences of, or tax considerations for, purchasing or holding the Bonds.

Legislative proposals

Bond Counsel's opinion is given as of its date and Bond Counsel assumes no obligation to update, revise, or supplement such opinion to reflect any changes in facts or circumstances or any changes in law that may hereafter occur. Proposals are regularly introduced in both the United States House of Representatives and the United States Senate that, if enacted, could alter or affect the tax-exempt status on municipal bonds. For example, legislation has been proposed that would, among other things, limit the amount of exclusions (including tax-exempt interest) or deductions that certain higher-income taxpayers could use to reduce their tax liability. The likelihood of adoption of this or any other such legislative proposal relating to tax-exempt bonds cannot be reliably predicted. If enacted into law, current or future proposals may have a prospective or retroactive effect and could affect the value or marketability of tax-exempt bonds (including the Bonds). Prospective purchasers of the Bonds should consult their own tax advisors regarding the impact of any such change in law.

NON-QUALIFIED TAX-EXEMPT OBLIGATIONS

The District will NOT designate the Bonds as "qualified tax-exempt obligations" pursuant to Section 265(b)(3) of the Code, relating to the ability of certain financial institutions (within the meaning of Section 265(6)(5) of the Code) to deduct from income for federal income tax purposes, 80% of the interest expense that is allocable to carrying and acquiring tax-exempt obligations.

MUNICIPAL ADVISOR

Ehlers has served as municipal advisor to the District in connection with the issuance of the Bonds. The Municipal Advisor cannot participate in the underwriting of the Bonds. The financial information included in this Preliminary Official Statement has been compiled by the Municipal Advisor. Such information does not purport to be a review, audit or certified forecast of future events and may not conform with accounting principles applicable to compilations of financial information. Ehlers is not a firm of certified public accountants. Ehlers is registered with the Securities and Exchange Commission and the MSRB as a municipal advisor. Ehlers makes no representation, warranty or guarantee regarding the accuracy or completeness of the information in this Preliminary Official Statement, and its assistance in preparing this Preliminary Official Statement should not be construed as a representation that it has independently verified such information.

MUNICIPAL ADVISOR AFFILIATED COMPANIES

BTSC and Ehlers Investment Partners, LLC ("EIP") are affiliate companies of Ehlers. BTSC is chartered by the State of Minnesota and authorized in Minnesota, Wisconsin, Colorado, and Illinois to transact the business of a limited purpose trust company. BTSC provides paying agent services to debt issuers. EIP is a Registered Investment Advisor with the Securities and Exchange Commission. EIP assists issuers with the investment of bond proceeds or investing other issuer funds. This includes escrow bidding agent services. Issuers, such as the District, have retained or may retain BTSC and/or EIP to provide these services. If hired, BTSC and/or EIP would be retained by the District under an agreement separate from Ehlers.

INDEPENDENT AUDITORS

The basic financial statements of the District for the fiscal year ended June 30, 2024, have been audited by BerganKDV, LTD, Minneapolis, Minnesota, independent auditors (the "Auditor"). The report of the Auditor, together with the basic financial statements, component units financial statements, and notes to the financial statements are attached hereto as "APPENDIX A – FINANCIAL STATEMENTS". The Auditor has not been engaged to perform and has not performed, since the date of its report included herein, any procedures on the financial statements addressed in that report. The Auditor also has not performed any procedures relating to this Preliminary Official Statement.

RISK FACTORS

The following is a description of possible risks to holders of the Bonds without weighting as to probability. This description of risks is not intended to be all-inclusive, and there may be other risks not now perceived or listed here.

Taxes: The Bonds are general obligations of the District, the ultimate payment of which rests in the District's ability to levy and collect sufficient taxes to pay debt service. In the event of delayed billing, collection or distribution of property taxes, sufficient funds may not be available to the District in time to pay debt service when due.

State Actions: Many elements of local government finance, including the issuance of debt and the levy of property taxes, are controlled by state government. Future actions of the State of Minnesota (the "State") may affect the overall financial condition of the District, the taxable value of property within the District, and the ability of the District to levy and collect property taxes.

Future Changes in Law: Various State and federal laws, regulations and constitutional provisions apply to the District and to the Bonds. The District can give no assurance that there will not be a change in or interpretation of any such applicable laws, regulations and provisions which would have a material effect on the District or the taxing authority of the District.

Ratings; Interest Rates: In the future, the District's credit rating may be reduced or withdrawn, or interest rates for this type of obligation may rise generally, either possibility resulting in a reduction in the value of the Bonds for resale prior to maturity.

Tax Exemption: If the federal government or the State of Minnesota taxes all or a portion of the interest on municipal obligations, directly or indirectly, or if there is a change in federal or state tax policy, the value of the Bonds may fall for purposes of resale. Noncompliance following the issuance of the Bonds with certain requirements of the Code and covenants of the Ratifying Resolution may result in the inclusion of interest on the Bonds in gross income of the recipient for United States income tax purposes or in taxable net income of individuals, estates or trusts for State of Minnesota income tax purposes. No provision has been made for redemption of the Bonds, or for an increase in the interest rate on the Bonds, in the event that interest on the Bonds becomes subject to federal or State of Minnesota income taxation, retroactive to the date of issuance.

Continuing Disclosure: A failure by the District to comply with the Disclosure Undertaking for continuing disclosure (see "CONTINUING DISCLOSURE") will not constitute an event of default on the Bonds. Any such failure must be reported in accordance with the Rule and must be considered by any broker, dealer, or municipal securities dealer before recommending the purchase or sale of the Bonds in the secondary market. Such a failure may adversely affect the transferability and liquidity of the Bonds and their market price.

Levy Limits: Minnesota school district tax levies for most purposes are subject to statutory limitations. No limit, however, is placed on the debt service levy, and districts are required to levy 105% of actual principal and interest requirements to allow for delinquencies. School districts receive a basic revenue amount per pupil unit from aid and levy proceeds in a variety of categorical state aids. They are also allowed to certify additional levies within limits for certain specified purposes. The State Department of Education and the applicable County Auditors review the levies of each school district to determine compliance with state levy limits.

State Economy; State Aids: State of Minnesota cash flow problems could affect local governments and possibly increase property taxes.

Book-Entry-Only System: The timely credit of payments for principal and interest on the Bonds to the accounts of the Beneficial Owners of the Bonds may be delayed due to the customary practices, standing instructions or for other unknown reasons by DTC participants or indirect participants. Since the notice of redemption or other notices to holders of these obligations will be delivered by the District to DTC only, there may be a delay or failure by DTC, DTC participants or indirect participants to notify the Beneficial Owners of the Bonds.

Economy: A combination of economic, climatic, political or civil disruptions or terrorist actions outside of the control of the District, including loss of major taxpayers or major employers, could affect the local economy and result in reduced tax collections and/or increased demands upon local government. Real or perceived threats to the financial stability of the District may have an adverse effect on the value of the Bonds in the secondary market.

Secondary Market for the Bonds: No assurance can be given that a secondary market will develop for the purchase and sale of the Bonds or, if a secondary market exists, that such Bonds can be sold for any particular price. The underwriters are not obligated to engage in secondary market trading or to repurchase any of the Bonds at the request of the owners thereof. Prices of the Bonds as traded in the secondary market are subject to adjustment upward and downward in response to changes in the credit markets and other prevailing circumstances. No guarantee exists as to the future market value of the Bonds. Such market value could be substantially different from the original purchase price.

Bankruptcy: The rights and remedies of the holders may be limited by and are subject to the provisions of federal bankruptcy laws, to other laws, or equitable principles that may affect the enforcement of creditors' rights, to the exercise of judicial discretion in appropriate cases and to limitations on legal remedies against local governments. The opinion of Bond Counsel to be delivered with respect to the Bonds will be similarly qualified.

Cybersecurity: The District is dependent on electronic information technology systems to deliver services. These systems may contain sensitive information or support critical operational functions which may have value for unauthorized purposes. As a result, the electronic systems and networks may be targets of cyberattack. There can be no assurance that the District will not experience an information technology breach or attack with financial consequences that could have a material adverse impact.

The foregoing is intended only as a summary of certain risk factors attendant to an investment in the Bonds. In order for potential investors to identify risk factors and make an informed investment decision, potential investors should be thoroughly familiar with this entire Preliminary Official Statement and the Appendices hereto.

VALUATIONS

OVERVIEW

All non-exempt property is subject to taxation by local taxing districts. Exempt real property includes Indian lands, public property, and educational, religious and charitable institutions. Most personal property is exempt from taxation (except investor-owned utility mains, generating plants, etc.).

The valuation of property in Minnesota consists of three elements. (1) The estimated market value is set by city or county assessors. Not less than 20% of all real properties are to be appraised by local assessors each year. (2) The taxable market value is the estimated market value adjusted by all legislative exclusions. (3) The tax capacity (taxable) value of property is determined by class rates set by the State Legislature. The tax capacity rate varies according to the classification of the property. Tax capacity represents a percent of taxable market value.

The property tax rate for a local taxing jurisdiction is determined by dividing the total tax capacity or market value of property within the jurisdiction into the dollars to be raised from the levy. State law determines whether a levy is spread on tax capacity or market value. Major classifications and the percentages by which tax capacity is determined are:

Type of Property	2022/23	2023/24	2024/25

¹ According to the Minnesota Department of Revenue, the Assessor's Estimated Market Value (the "AEMV") for the District was about 96.47% of the actual selling prices of property sold in the District. The sales ratio was calculated by comparing the selling prices with the AEMV. Dividing the AEMV of real estate by the sales ratio and adding the AEMV of personal property and utility, railroads and minerals, if any, results in an Economic Market Value ("EMV") for the District of \$16,900,901,066.

² The captured tax increment value shown above represents the captured net tax capacity of tax increment financing districts in the District.

³ Each community in the seven-county metropolitan area contributes 40% of the growth in its commercial-industrial property tax base to an area pool which is then distributed among the municipalities on the basis of population, special needs, etc. Each governmental unit makes a contribution and receives a distribution--sometimes gaining and sometimes contributing net tax capacity for tax purposes.

² Outstanding debt is as of the dated date of the Bonds.

³ Non-general obligation debt has not been included in the debt ratios.

Other Obligations - Cooperative District/Joint Governmental Obligations

The District is a member of the Intermediate District No. 287 (the "Intermediate District"). The Intermediate District is authorized by Minnesota law to provide participating school districts with vocational, technical, and special education services. The District has a contractual obligation to make a portion of the debt service payments along with other member school districts. The allocation of the debt service payments is determined by agreement among the member school districts and calculated annually by the Intermediate District.

DEBT PAYMENT HISTORY

The District has no record of default in the payment of principal and interest on its debt.

FUTURE FINANCING

The District plans to issue the remainder of the bonds authorized, \$85,000,000, during the election within the next two years and approximately \$19,760,000 in general obligation bonds for its deferred maintenance projects in fall of 2026.

STATE AID FOR DEBT SERVICE

The Minnesota Debt Service Equalization program provides State aid to finance a portion of the principal and interest payments on voter approved school building bonds. Bonds and Certificates that are not eligible for the program include all alternative facilities bonds, facilities maintenance bonds, capital facilities bonds, OPEB bonds, building bonds with relatively short maturities, and Certificates of Participation (COPs).

Under the Debt Service Equalization Formula (the Formula) adopted by the 2001 Minnesota State Legislature, each school district is responsible for the amount of its qualifying annual debt service which is equal to 15.74% of its Adjusted Net Tax Capacity (ANTC). The District does not currently qualify for debt service equalization aid.

In addition to debt service equalization aid, some school districts will qualify for State Long Term Facilities Maintenance Aid to finance a portion of the payments on Alternative Facilities Bonds and Facilities Maintenance Bonds, pursuant to the Long Term Facilities Maintenance Revenue program approved by the State in 2015. If any aid is received, it is deposited into the school district's debt service fund and must be used for payments on the bonds; any payment of State aid into the debt service fund causes a reduction in the tax levy for Alternative Facilities Bonds and Facilities Maintenance Bonds. The amount of aid received in the debt service fund will vary each year, depending on a number of factors. The District does not currently qualify for Long Term Facilities Maintenance Aid in the debt service fund.

Some school districts will also receive aid for debt service payments through the State School Building Bond Agricultural Credit, which is paid to school districts to offset a portion of certain bond levies (Minnesota Statutes, Section 273.1387). The reimbursement percentage for each qualifying property is 70% of the property's eligible net tax capacity multiplied by the school debt tax rate determined under Minnesota Statutes, Section 275.08, subdivision 1b. The school building bond agricultural credit applies to farmland, excluding the house, garage and one acre, and to rural vacant land and managed forest land. The District does not currently qualify for the Agricultural Credit.

BONDED DEBT LIMIT

Minnesota Statutes, Section 475.53, subdivision 4, presently limits the "net debt" of a school district to 15% of the estimated market value of all taxable property situated within its corporate limits. The estimated market value of property within a district, on which its debt limit is based, is (a) the value certified by the county auditors, or (b) this value divided by the ratio certified by the commissioner of revenue, whichever results in a higher value. The current debt limit of the District is computed as follows:

2024/25 Economic Market Value	\$16,900,901,066
Multiply by 15%	<u>0.15</u>
Statutory Debt Limit	\$2,535,135,160
Less: Long-Term Debt Outstanding Being Paid Solely from Taxes (includes the Bonds)*	(202,225,000)
Less: Long-Term Debt Outstanding Being Paid Solely from Annual Appropriations	<u>(407,275)</u>
Unused Debt Limit*	<u><u>\$2,332,502,885</u></u>

*Preliminary, subject to change.

¹ Overlapping debt is as of the dated date of the Bonds. Only those taxing jurisdictions with general obligation debt outstanding are included in this section. It does *not* include non-general obligation debt, self-supporting general obligation revenue debt, short-term general obligation debt, or general obligation tax/aid anticipation certificates of indebtedness.

² Outstanding debt is based on information in Official Statements obtained on EMMA and the Municipal Advisor's records.

³ Hennepin County also has General Obligation Sales Tax Revenue Bonds (Ballpark Project) outstanding which are payable entirely from the proceeds of a dedicated 0.15% county-wide sales tax; and General Obligation Sales Tax Revenue Bonds (Transportation Sales Tax) which are expected to be paid from a 0.50% sales and use tax and a \$20 per vehicle excise taxes. These issues have not been included in the overlapping debt or debt ratios.

⁴ The above debt includes all outstanding general obligation debt supported by taxes of the Metropolitan Council. The Council also has general obligation wastewater revenue, grant anticipation notes and certificates of participation outstanding all of which are supported entirely by revenues and have not been included in the overlapping debt or debt ratios sections.

Property taxes are collected in two installments in Minnesota--the first by May 15 and the second by October 15.³ Mobile home taxes are collectible in full by August 31. Minnesota Statutes require that levies (taxes and special assessments) for debt service be at least 105% of the actual debt service requirements to allow for delinquencies.

¹ Estimated 2024 population.

² This reflects the Final Levy Certification of the District after all adjustments have been made.

³ Second half tax payments on agricultural property are due on November 15th of each year.

THE ISSUER

EMPLOYEES

The District is governed by an elected school board and employs a staff of 1,541, including 825 non-licensed employees and 716 licensed employees (683 of whom are teachers). The District provides education for 6,673 students in grades kindergarten through twelve.

PENSIONS; UNIONS

Teachers' Retirement Association (TRA)

All teachers employed by the District are covered by defined benefit pension plans administered by the State of Minnesota Teachers Retirement Association (TRA). TRA members belong to either the Coordinated Plan or the Basic Plan. Coordinated members are covered by Social Security and Basic members are not. All new members must participate in the Coordinated Plan. These plans are established and administered in accordance with Minnesota Statutes, Chapters 354 and 356, as amended.

Public Employees' Retirement Association (PERA)

All full-time and certain part-time employees of the District (other than those covered by TRA) are covered by a defined benefit plan administered by the Public Employees' Retirement Association of Minnesota (PERA). PERA administers the General Employees Retirement Fund (GERF) which is a cost-sharing, multiple-employer retirement plan. This plan is established and administered in accordance with Minnesota Statutes, Chapters 353 and 356, as amended.

POST EMPLOYMENT BENEFITS

The District has obligations for some post-employment benefits for its employees. Accounting for these obligations is dictated by Governmental Accounting Standards Board Statement No. 75 (GASB 75). The District's most recent actuarial study shows a total OPEB liability of \$19,562,968, as of June 30, 2025. In 2009, the District issued a total of \$19,500,000 in OPEB Bonds to fund an irrevocable trust. As of July 1, 2024, the net position of the trust was \$17,577,506. Future OPEB costs will be paid partially from the trust and partially from operating funds.

LITIGATION

There is no litigation threatened or pending questioning the organization or boundaries of the District or the right of any of its officers to their respective offices or in any manner questioning their rights and power to execute and deliver the Bonds or otherwise questioning the validity of the Bonds.

MUNICIPAL BANKRUPTCY

Municipalities are prohibited from filing for bankruptcy under Chapter 11 (reorganization) or Chapter 7 (liquidation) of the U.S. Bankruptcy Code (11 U.S.C. §§ 101-1532) (the "Bankruptcy Code"). Instead, the Bankruptcy Code permits municipalities to file a petition under Chapter 9 of the Bankruptcy Code, but only if certain requirements are met. These requirements include that the municipality must be "specifically authorized" under State law to file for relief under Chapter 9. For these purposes, "State law" may include, without limitation, statutes of general applicability enacted by the State legislature, special legislation applicable to a particular municipality, and/or executive orders issued by an appropriate officer of the State's executive branch.

Currently there is no statutory authority for Minnesota school districts to file for bankruptcy relief under Chapter 9 of the Bankruptcy Code.

Nevertheless, there can be no assurance (a) that State law will not change in the future while the Bonds are outstanding; or (b) even absent such a change in State law, that an executive order or other executive action could not effectively authorize the District to file for relief under Chapter 9; or (c) whether it would still be eligible for voluntary or involuntary relief under Chapters of the Bankruptcy Code other than Chapter 9 or under similar federal or state law or equitable proceeding regarding insolvency or providing for protection from creditors. Such action could impact the rights of holders of the Bonds. Such modifications could be adverse to holders of the Bonds and there could ultimately be no assurance that holders of the Bonds would be paid in full or in part on the Bonds.

Independent Auditor's Report

To the School Board
Independent School District No. 270
Hopkins, Minnesota

Report on the Audit of the Financial Statements

Opinions

We have audited the financial statements of the governmental activities, each major fund, and the aggregate remaining fund information of the Independent School District No. 270, Hopkins, Minnesota, as of and for the year ended June 30, 2024, and the related notes to the financial statements, which collectively comprise the District's basic financial statements as listed in the Table of Contents.

In our opinion, the accompanying financial statements present fairly, in all material respects, the respective financial position of the governmental activities, each major fund, and the aggregate remaining fund information of the Independent School District No. 270, as of June 30, 2024, and the respective changes in financial position and, where applicable, cash flows thereof, for the year then ended in accordance with accounting principles generally accepted in the United States of America.

Basis for Opinions

We conducted our audit in accordance with auditing standards generally accepted in the United States of America (GAAS) and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Independent School District No. 270 and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinions.

Emphasis of Matter - Prior Period Restatements

As discussed in Note 16, prior period restatements were required to correct errors identified that related to previously issued financial statements. Our opinions are not modified with respect to this matter.

Responsibilities of Management for the Financial Statements

The management of Independent School District No. 270 is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the District's ability to continue as a going concern for twelve months beyond the financial statement date, including any currently known information that may raise substantial doubt shortly thereafter.

Auditor's Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinions. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS and *Government Auditing Standards* will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS and *Government Auditing Standards*, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the District's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the District's ability to continue as a going concern for a reasonable period of time.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Required Supplementary Information

Accounting principles generally accepted in the United States of America require that the Management's Discussion and Analysis, which follows this report letter, and Required Supplementary Information as listed in the Table of Contents be presented to supplement the basic financial statements. Such information is the responsibility of management and, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board (GASB), who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. We have applied certain limited procedures to the Required Supplementary Information in accordance with auditing standards generally accepted in the United States of America, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statements, and other knowledge we obtained during our audit of the basic financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.

Supplementary Information

Our audit was conducted for the purpose of forming opinions on the financial statements that collectively comprise the District's basic financial statements. The accompanying supplementary information identified in the Table of Contents is presented for purposes of additional analysis and is not a required part of the basic financial statements.

Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the basic financial statements. The information has been subjected to the auditing procedures applied in the audit of the basic financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the basic financial statements or to the basic financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the accompanying supplementary information is fairly stated, in all material respects, in relation to the basic financial statements as a whole.

Other Reporting Required by *Government Auditing Standards*

In accordance with *Government Auditing Standards*, we have also issued our report dated February 4, 2026, on our consideration of the District's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements and other matters. The purpose of that report is solely to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on the effectiveness of internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the District's internal control over financial reporting and compliance.

REQUIRED SUPPLEMENTARY INFORMATION

**HOPKINS PUBLIC SCHOOLS
INDEPENDENT SCHOOL DISTRICT NO. 270
MANAGEMENT'S DISCUSSION AND ANALYSIS
YEAR ENDED JUNE 30, 2024**

This section of Hopkins Public Schools – Independent School District No. 270's (the District) annual financial report presents our discussion and analysis of the District's financial performance during the fiscal year that ended on June 30, 2024. Please read it in conjunction with the District's basic financial statements, which immediately follows this section.

FINANCIAL HIGHLIGHTS

Key financial highlights for the 2023-2024 fiscal year include the following:

- Net position of the District in total increased by \$19,751,186, from June 30, 2023, as restated, resulting in an ending net position of \$15,749,202.
- Overall General Fund revenues were \$140,946,835 as compared to \$137,623,939 of expenditures.
- Total fund balance of the General Fund increased by \$7,072,353 from the prior year, this is primarily due to having increased state aid and tax revenue without a corresponding increase in expenditures during fiscal year 2024.
- The District had \$133,460,000 in General Obligation Bonds outstanding at year-end.

OVERVIEW OF THE FINANCIAL STATEMENTS

The financial section of the annual report consists of four parts – Independent Auditors' Report, required supplementary information which includes the management's discussion and analysis (this section), the basic financial statements, and supplementary information. The basic financial statements include two kinds of statements that present different views of the District:

- The first two statements are *Government-wide financial statements* that provide both *short-term* and *long-term* information about the District's *overall* financial status.
- The remaining statements are *fund financial statements* that focus on *individual parts* of the District, reporting the District's operations in *more detail* than the Government-wide statements.
- The *governmental funds statements* tell how basic services such as regular and special education were financed in the *short term* as well as what remains for future spending.
- *Proprietary funds* statements offer *short-* and *long-term* financial information about the activities the District operates *like businesses*.
- *Fiduciary funds* statements provide information about the financial relationships in which the District acts solely as a *trustee or custodian* for the benefit of others to whom the resources belong. The District does not currently have any fiduciary funds.

**HOPKINS PUBLIC SCHOOLS
INDEPENDENT SCHOOL DISTRICT NO. 270
MANAGEMENT'S DISCUSSION AND ANALYSIS
YEAR ENDED JUNE 30, 2024**

Government-Wide Statements

The Government-wide statements report information about the District as a whole using accounting methods similar to those used by private-sector companies. The statement of net position includes *all* of the District's assets, deferred outflows of resources, liabilities, and deferred inflows of resources. All of the current year's revenues and expenses are accounted for in the statement of activities regardless of when cash is received or paid.

The two Government-wide statements report the District's *net position* and how it has changed. Net position – the difference between the District's assets, deferred outflows of resources, liabilities, and deferred inflows of resources – is one way to measure the District's financial health or *position*.

- Over time, increases or decreases in the District's net position are an indicator of whether its financial position is improving or deteriorating, respectively.
- To assess the overall health of the District you need to consider additional nonfinancial factors such as changes in the District's property tax base and the condition of school buildings and other facilities.

In the Government-wide financial statements the District's activities are shown in one category:

- *Governmental Activities* – Most of the District's basic services are included here, such as regular and special education, transportation, administration, food services, and community education. Property taxes and state aids finance most of these activities.

Fund Financial Statements

The fund financial statements provide more detailed information about the District's *funds* – focusing on its most significant or "major" funds – not the District as a whole. Funds are accounting devices the District uses to keep track of specific sources of funding and spending on particular programs:

- Some funds are required by state law and by bond covenants.
- The District establishes other funds to control and manage money for particular purposes (e.g., repaying its long-term debts) or to show that it is properly using certain revenues (e.g., federal grants).

The District has two kinds of funds:

- *Governmental Funds* – Most of the District's basic services are included in governmental funds, which generally focus on (1) how *cash and other financial assets* that can readily be converted to cash flow in and out and (2) the balances left at year-end that are available for spending. Consequently, the governmental funds statements provide a detailed *short-term* view that helps to determine whether there are more or fewer financial resources that can be spent in the near future to finance the District's programs. Because this information does not encompass the additional long-term focus of the Government-wide statements, we provide additional information at the bottom of the governmental funds statements to explain the relationship (or differences) between them.

**HOPKINS PUBLIC SCHOOLS
INDEPENDENT SCHOOL DISTRICT NO. 270
MANAGEMENT'S DISCUSSION AND ANALYSIS
YEAR ENDED JUNE 30, 2024**

- The District uses *internal service funds* to report activities that provide supplies and services for the District's other programs and activities. The District currently has an internal service fund for self-insurance of health and dental benefits, for its OPEB Revocable Trust and for a Retiree Severance Fund.

FINANCIAL ANALYSIS OF THE DISTRICT AS A WHOLE

Net position of the District increased by \$19,751,186 from the June 30, 2023, as restated, amount primarily due to a decrease in the deferred inflows of resources related to the statewide administered pension plan. There was also a very significant decrease in long term debt obligations of the School District during fiscal year 2024.

Changes in Net Position

The District's total revenues were \$173,948,795 for the year ended June 30, 2024. Property taxes and state formula aid accounted for 75% of total revenue for the year (see Figure A-2). Another 3% came from other general revenues combined with investment earnings and the remaining 22% from program revenues.

YEAR ENDED JUNE 30, 2024**

The total revenues of all *governmental* activities this year was \$173,948,795

- Some of the cost was paid by the users of the District's programs (\$8,950,748).
- The federal and state governments subsidized certain programs with grants and contributions (\$28,769,959).
- Most of the District's costs (\$130,303,907), however, were paid for by District taxpayers and the taxpayers of our state. This portion of governmental activities was paid for with \$65,439,069 in property taxes, and \$64,864,838 of unrestricted state aid based on the statewide education aid formula.

All governmental funds include not only the funds received for the general operation of the District, which are used for classroom instruction, but also include resources from the entrepreneurial-type funds of Food Service and Community Education, and from resources for fiscal service transactions. Funding for the general operation of the District is controlled by the state and the District does not have the latitude to allocate money received in Food Service or Community Education or for fiscal services to enhance classroom instruction resources. The District cannot take funds from these restricted areas and use the funds to hire teachers to enhance instruction.

FINANCIAL ANALYSIS OF THE DISTRICT'S FUNDS

The financial performance of the District as a whole is reflected in its governmental funds as well. As the District completed the year, its governmental funds reported a *combined* fund balance of \$43,073,124, or \$876,275 more than last year's ending fund balance of \$42,196,849, as restated.

Total revenues and other financing sources for the District's governmental funds were \$177,146,346 while total expenditures and other financing uses were \$176,270,071.

GENERAL FUND

The General Fund includes the primary operations of the District in providing educational services to students from kindergarten through grade 12 including pupil transportation activities and capital outlay projects.

Approximately 60% of General Fund operational revenue is controlled by a complex set of state funding formulas resulting in the local school board having no meaningful authority to determine the level of resources. This includes special education state aid that is based upon a cost reimbursement model providing approximately 68% of personnel expenditures. Other state formulas then determine what portion of the revenue will be provided by property taxes and what portion will come from state aid.

ENROLLMENT

Enrollment is a critical factor in determining revenue with approximately 60% of General Fund revenue being determined by enrollment. The following chart shows that the number of students has decreased slightly over the last 10 years.

Over the last 10 years, the District has experienced a net decrease in average daily membership of 49 students, or (0.007)%. It is anticipated that enrollment will remain flat in the next five years, due to school choice and the expansion of charter networks. The District continues to market and accept open enrollment students to mitigate some of the natural decline.

Total General Fund Revenue	<u>\$ 140,946,835</u>	<u>\$ 120,439,546</u>	<u>\$ 20,507,289</u>	17.0

Total General Fund Revenue increased by \$20,507,289 or 17% from the previous year. Basic general education revenue is determined by multiple state formulas, largely enrollment driven, and consists of an equalized mix of property tax and state aid revenue. Other state-authorized revenue may also involve an equalized mix of property tax and state aid revenue. Therefore, the mix of property tax and state aid can change significantly from year to year without any net change on total revenue.

Local property tax revenue increased by \$8,388,100, or 20.1%. Earnings on investments increased by \$1,008,097.

State Sources increased by \$10,094,781, or 14.8%, Federal Sources increased by 475,496 or 8.1%, and Other revenue increased by \$475,496, or 8.1%.

Total General Fund Expenditures	<u>\$ 137,623,939</u>	<u>\$ 122,721,381</u>	<u>\$ 14,902,558</u>	12.1

Total General Fund Expenditures increased \$14,902,558 or 12.1% from the previous year. The major factor driving the increase from 2022-2023 to 2023-2024 were increases in employee benefits due to increased expenditures in workers compensation claims and increased salaries expenditures due to increased cost of labor across different bargaining groups. Purchased services expenditures increased due to escalating transportation contracts, financial services contracts, as well as additional consulting support for social emotional and mental wellness of students. Capital expenditures increased significantly due to work being performed on building construction and the purchase of additional equipment during fiscal year 2024.

In fiscal 2023-2024, General Fund revenues and other financing sources were greater than expenditures by \$7,072,353. Therefore, total fund balance increased from \$20,249,166, as restated at June 30, 2023 to \$27,321,519 as of June 30, 2024. After deducting statutory categories of fund balance and District commitments and assignments, the General Fund unassigned fund balance increased from \$11,648,357 at June 30, 2023 to \$16,324,754 at June 30, 2024. This represents about 12% of 2023-2024 total general fund expenditures. The School Board fund balance policy states that the administration shall plan and manage annual revenue and expenditure budgets that provide a General Fund unassigned fund balance of no less than 6% of annual expenditures and treats any excess above 6% as a contingency reserve to be utilized for nonrecurring costs.

General Fund Budgetary Highlights

Following approval of the budget prior to the beginning of the fiscal year, the District revises the annual operating budget in mid-year. These budget amendments typically fall into two categories:

- Implementing budgets for specially funded projects, which include both federal and state grants and reinstating unexpended funds being carried over.
- Legislation passed subsequent to budget adoption, changes necessitated by collective bargaining agreements, and increases in appropriations for significant unbudgeted costs.

Actual revenues were \$81,104 or 0.06% less than budgeted, while expenditures were \$3,403,503 or 2.41% less than budgeted.

While the District's final budget for the General Fund anticipated that fund balance would increase by \$497, the actual results for the year show that fund balance increased in total by \$7,072,353.

CAPITAL PROJECTS AND DEBT SERVICE FUNDS

In the Capital Projects Fund, expenditures exceeded revenues by \$7,605,209 in 2023-2024. The ending Capital Projects fund balance at June 30, 2024 is \$4,222,048. These funds are restricted for future capital projects.

In the Debt Service Fund, expenditures exceeded revenues by \$347,905 in 2023-2024. The ending Debt Service fund balance at June 30, 2024 of \$4,444,534 is restricted for meeting future regular debt service obligations.

OTHER MAJOR FUNDS

Revenue exceeded expenditures by \$307,887, resulting in the fund balance of the Food Service Fund ending at \$1,102,615 for 2023-2024. In the Community Service Fund revenue exceeded expenditures by \$1,449,149 and resulted in the fund balance of the Community Service Fund ending at \$5,982,408 with all of that being restricted for community education programs.

From the standpoint of maintaining current operating expenditures within the range of annual revenue and maintaining a sound fund balance, the Food Service and Community Service funds have respective budgets for 2024-2025 that allow them to continue to operate on a sound financial basis.

Construction – Next Five Years

In fiscal year 2024, the District continued its 19-year (19th construction year) of a rolling 10-year program to address in excess of \$180 million in deferred maintenance needs, with an emphasis on improving indoor air quality and roof, parking lot and window replacement. The revised 10-year facilities management plan identified \$8.5 million in projects for Phase IX for fiscal year 2024. The program name has also changed from the Alternative Facilities Bonding and Levy program to the Long-Term Facilities Maintenance Revenue (LTFMR) program.

Long-Term Liabilities

At year-end, the District had \$133,460,000 in general obligation bonds outstanding – a decrease of 6.8% from last year – as shown in Note 5 to the financial statements. Net Pension Payable represents the District's proportionate share of the Public Employees' Retirement Association of Minnesota General Employees' Retirement Fund's net pension liability, the District's portion of the Teacher's Retirement Association's Coordinated and Basic Plan net pension liability, as well as the net pension liability of the District's supplemental pension plan. The District's pension benefits payable related to these net pension liabilities decreased \$2,587,637 or 2.7%. The District's liability for postemployment severance and health benefits payable decreased by a net amount of \$158,299, representing a modest change.

FACTORS BEARING ON THE DISTRICT'S FUTURE

Hopkins Public Schools remained financially stable as of June 30, 2024. Hopkins Public Schools remained financially stable as of June 30, 2024. The economy of the district is robust and the enrollment trend is positive. Resident income is healthy at 121% of the US median. The three year enrollment trend is stable.

The state legislature set the budget for a 4% increase in per pupil funding for 2023-24 and 2% increase for 2024-25. A 4% increase in per pupil funding was assumed when creating the FY2023-24 budgets. Hopkins Public Schools remain in a stable fiscal position assuming conservative increases for education funding in the future.

Hopkins Public Schools will need to continue to look at possible ways to increase other nonstate revenue and continue to identify efficiencies to control expenditures for fiscal year 2024-2025 and beyond.

Hopkins Public Schools utilizes a financial planning model that incorporates anticipated revenue and expenditure increases to more closely monitor the finances of the District on a long-range basis. The model anticipates separately the amount of reductions necessary due to declining student enrollment, which Hopkins Public Schools has experienced in the near past. The model is also intended to show the total amount of reductions necessary for the District to adhere to its fund balance policy, while striving to maintain its long-standing commitment to academic excellence and educational opportunity for students.

RECONCILIATION OF THE BALANCE SHEET – GOVERNMENTAL FUNDS
TO THE STATEMENT OF NET POSITION
JUNE 30, 2024**

Total Fund Balance for Governmental Funds \$ 43,073,124

Total net position reported for governmental activities in the statement of net position is different because:

Capital assets used in governmental funds are not financial resources and, therefore, are not reported in the funds. Those assets consist of:

Land	2,867,600
Land Improvements, Net of Accumulated Depreciation	13,122,450
Buildings and Improvements, Net of Accumulated Depreciation	147,455,829
Equipment, Net of Accumulated Depreciation and Amortization	25,179,362

Some of the District's property taxes will be collected after year-end, but are not available soon enough to pay for the current period's expenditures and, therefore, are reported as deferred inflows in the funds.

247,572

Interest on long-term debt is not accrued in governmental funds, but rather is recognized as an expenditure when due.

(1,941,540)

The District's net pension liability and related deferred inflows and outflows are recorded only on the statement of net position. Balances at year-end are:

Net Pension Liability	(94,365,072)
Deferred Inflows of Resources - Pensions	(11,525,342)
Deferred Outflows of Resources - Pensions	22,081,868

Long-term liabilities that pertain to governmental funds, including bonds payable, are not due and payable in the current period and, therefore, are not reported as fund liabilities. All liabilities - both current and long term - are reported in the statement of net position. Balances at year-end are:

Bonds Payable	(133,460,000)
Unamortized Premiums	(6,138,150)
Unamortized Deferred Gains on Refunding	(306,245)
Financed Purchases	(3,959,097)
Leases Payable	(760,976)

The District's other postemployment benefits liability and related deferred inflows and outflows are recorded only on the statement of net position. Balances at year-end are:

Other Postemployment Benefits Payable	(22,073,733)
Deferred Inflows of Resources - Other Postemployment Benefits	(2,521,082)
Deferred Outflows of Resources - Other Postemployment Benefits	2,623,596

Internal service funds are used by management to charge the costs of health and dental insurance services to individual funds. The assets and liabilities of the internal service funds are included in governmental activities in the statement of net position. Internal service fund net position at year-end is:

36,149,038

INDEPENDENT SCHOOL DISTRICT NO. 270
RECONCILIATION OF THE STATEMENT OF
REVENUES, EXPENDITURES, AND CHANGE IN FUND BALANCE
GOVERNMENTAL FUNDS TO STATEMENT OF ACTIVITIES
YEAR ENDED JUNE 30, 2024**

Net Change in Fund Balance - Total Governmental Funds	\$ 876,275
<p>Amounts reported for governmental activities in the statement of activities are different because:</p>	
<p>Governmental funds report capital outlays as expenditures. However, in the statement of activities, assets are capitalized and the cost is allocated over their estimated useful lives and reported as depreciation or amortization expense. The amount by which capital outlays exceeded depreciation and amortization in the current period is:</p>	
Capital Outlays	14,563,517
Depreciation and Amortization Expense	(14,402,951)
<p>Delinquent property taxes receivable will be collected this year, but are not available soon enough to pay for the current period's expenditures and, therefore, are deferred in the governmental funds.</p>	
	(455,554)
<p>Some capital asset additions are financed through long-term leases. In governmental funds the arrangement is considered a source of financing, but in the statement of net position the obligation is reported as a liability. Repayment of lease principal is an expenditures in the governmental funds, but repayment reduces the obligation in the statement of net position.</p>	
Principal Payments - Leases	354,730
<p>Pension expenditures in the governmental funds are measured by current year employer contributions. Pension expenses on the statement of activities are measured by the change in the net pension liability and the related deferred inflows and outflows of resources.</p>	
	7,247,409
<p>In the statement of activities, certain operating expenses - severance benefits and compensated absences - are measured by amounts earned during the year. In the governmental funds, however, expenditures for these items are measured by the amount of financial resources used (amounts paid).</p>	
	348,092
<p>Other postemployment benefit (OPEB) expenditures in the governmental funds are measured by current year employer contributions. OPEB expenses on the statement of activities are measured by the change in the total OPEB liability and the related deferred inflows and outflows of resources.</p>	
	160,865
<p>The governmental funds report bond or other financing proceeds as financing sources, while repayment of principal is reported as an expenditure. In the statement of net position, however, issuing debt increases long-term liabilities and does not affect the statement of activities and repayment of principal reduces the liability. Also, governmental funds report the effect of premiums when debt is first issued, whereas these amounts are amortized in the statement of activities. Interest is recognized as an expenditure in the governmental funds when it is due. The net effect of these differences in the treatment of general obligation bonds and related items is as follows:</p>	
Repayment of Debt	9,730,000
Change in Deferred Gain on Bond Refunding	121,344
Repayment of Financed Purchases	1,296,099
Change in Accrued Interest	167,923
Amortization of Bond Premium	1,280,335
Financed Purchases	(3,681,659)
Lease Liability	(67,798)
<p>Internal service funds are used by the District to charge the costs of employee health and dental benefits to individual funds. The change in net position of the internal service funds is reported with governmental activities.</p>

NOTES TO BASIC FINANCIAL STATEMENTS

**HOPKINS PUBLIC SCHOOLS
INDEPENDENT SCHOOL DISTRICT NO. 270
NOTES TO BASIC FINANCIAL STATEMENTS
JUNE 30, 2024**

NOTE 1 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

A. Basis of Presentation

The financial statements of Independent School District No. 270 (the District) have been prepared in conformity with accounting principles generally accepted in the United States of America (U.S. GAAP) as applied to governmental units. The Governmental Accounting Standards Board (GASB) is the accepted standard setting body for establishing governmental accounting and financial reporting principles.

B. Financial Reporting Entity

The District is an instrumentality of the state of Minnesota established to function as an educational institution. The elected School Board (Board) is responsible for legislative and fiscal control of the District. A Superintendent is appointed by the Board and is responsible for administrative control of the District.

U.S. GAAP requires that the District's financial statements include all funds, departments, agencies, boards, commissions, and other organizations which are not legally separated from the District. In addition, the District's financial statements are to include all component units - entities for which the District is financially accountable.

Financial accountability includes such aspects as appointing a voting majority of the organization's governing body, significantly influencing the programs, projects, activities, or level of services performed or provided by the organization or receiving specific financial benefits from, or imposing specific financial burden on, the organization. There are no other entities for which the District is financially accountable.

Student activities are determined primarily by student participants under the guidance of an adult and are generally conducted outside school hours. The School Board has a fiduciary responsibility in establishing broad policies and ensuring that appropriate financial records are maintained for student activities. In accordance with Minnesota state statutes, the District's student activity accounts are included in these financial statements.

C. Basic Financial Statement Presentation

The Government-wide financial statements (i.e. the statement of net position and the statement of activities) display information about the reporting government as a whole. These statements include all the financial activities of the District, except for any fiduciary funds, which would only be reported in the statement of fiduciary net position at the fund financial statement level. The District does not currently have any fiduciary funds.

The statement of activities demonstrates the degree to which the direct expenses of a given function or segment are offset by program revenues. Direct expenses are those that are clearly identifiable with a specific function or segment. Program revenues include charges to customers or applicants who purchase, use, or directly benefit from goods, services, or privileges provided by a given function or segment and grants and contributions that are restricted to meeting the operational or capital requirements of a particular function or segment. Taxes and other items not properly included among program revenues are reported instead as general revenues.

The District applies restricted resources first when an expense is incurred for purposes for which both restricted and unrestricted net position are available. Depreciation/amortization expense that can be specifically identified by function is included in the direct expenses of each function. Interest on long-term debt is considered an indirect expense and is reported separately on the statement of activities. Generally, the effect of material interfund activity has been removed from the Government-wide financial statements.

Separate fund financial statements are provided for governmental, proprietary, and fiduciary funds. Major individual governmental funds are reported as separate columns in the fund financial statements.

The Internal Service Fund is presented in the proprietary fund financial statements. Because the principal users of internal services are the District's governmental activities, the financial statement of the internal service fund is consolidated into the governmental column when presented in the Government-wide financial statements. The cost of these services is reported in the appropriate functional activity.

Proprietary Funds distinguish operating revenues and expenses from nonoperating items. Operating revenues and expenses generally result from providing services and producing and delivering goods in connection with a proprietary fund's principal ongoing operations. The principal operating revenue of the District's internal service fund is charges for service in the form of insurance premiums and OPEB/severance contributions. Operating expenses for the internal service fund include the cost of services. All revenues and expenses not meeting this definition are reported as nonoperating revenues and expenses.

D. Measurement Focus and Basis of Accounting

The accounting and financial reporting treatment applied is determined by its measurement focus and basis of accounting. The Government-wide financial statements are reported using the economic resources measurement focus and the accrual basis of accounting, as are proprietary fund and fiduciary fund financial statements. Revenues are recorded when earned and expenses are recorded when a liability is incurred, regardless of the timing of related cash flows. Property taxes are generally recognized as revenues in the fiscal year for which they are levied, except for amounts advance recognized in accordance with a statutory "tax shift" described later in these notes. Grants and similar items are recognized when all eligibility requirements imposed by the provider have been met.

Governmental fund financial statements are reported using the current financial resources measurement focus and the modified accrual basis of accounting. Under this basis of accounting transactions are recorded in the following manner:

1. Revenue Recognition

Revenue is recognized when it becomes measurable and available. "Measurable" means the amount of the transaction can be determined and "available" means collectible within the current period or soon enough thereafter to be used to pay liabilities of the current period. Property tax revenue is generally considered as available if collected within 60 days after year-end. State revenue is recognized in the year to which it applies according to Minnesota Statutes and accounting principles generally accepted in the United States of America. Minnesota Statutes include state aid funding formulas for specific fiscal years. Federal revenue is recorded in the year in which the related expenditure is made. Food service sales, community education tuition, and other miscellaneous revenue (except investment earnings) are recorded as revenues when received because they are generally not measurable until then. Investment earnings are recorded when earned because they are measurable and available. A six-month availability period is generally used for other fund revenue.

2. Recording of Expenditures

Expenditures are generally recorded when liability is incurred. However, expenditures are recorded as prepaid for approved disbursements or liabilities incurred in advance of the year in which the item is to be used. Principal and interest on long-term debt issues are recognized on their due dates.

The District reports unearned revenue on its statement of net position and balance sheet. Unearned revenues arise when resources are received by the District before it has a legal claim to them, as when grant monies are received prior to incurring the qualifying expenditures. In subsequent periods when the District has a legal claim to the resources, the liability for unearned revenue is removed and revenue is recognized.

Description of Funds

The existence of various District funds has been established by the state of Minnesota, Department of Education. The accounts of the District are organized on the basis of funds, each of which is considered a separate accounting entity. A description of the funds included in this report is as follows:

Major Governmental Funds

General Fund

The General Fund is used to account for all financial resources except those required to be accounted for in another fund. It includes the general operations and pupil transportation activities of the District, as well as capital related activities such as maintenance of facilities, equipment purchases, and health and safety projects.

Food Service Special Revenue Fund

The Food Service Fund is used to account for food service revenues and expenditures. Major sources of revenue include meal sales to students and federal and state grants.

Community Service Special Revenue Fund

The Community Service Fund is used to account for services provided to residents in the areas of recreation, civic activities, nonpublic pupils, veterans, adult or early childhood programs, K-6 extended day programs or other similar services. Major sources of revenue include fees collected for these programs.

Capital Projects Fund

The Capital Projects Fund is used to account for financial resources used for the acquisition or construction of major capital facilities.

Debt Service Fund

The Debt Service Fund is used to account for the accumulation of resources for, and payment of general long-term obligation bond principal, interest, and related costs.

Proprietary Fund

Internal Service Fund

The Internal Service Fund accounts for financing of goods or services provided by one department to other departments or agencies of the government, or to other governments, on a cost-reimbursement basis. The District's Internal Service Fund includes its self-insured health insurance plan for its employees. In fiscal year 2009, the District also established a revocable trust to account for cash and other assets held by the District for the payment of Other Postemployment Benefits, which is accounted for as an internal service fund. In fiscal year 2012, the District established an internal service fund for the payment of certain severance benefits to District employees.

E. Budgeting

Budgets presented in this report for comparison to actual amounts are presented in accordance with U.S. GAAP. Each June, the board adopts an annual budget for the following fiscal year for the General, Food Service, Community Service, Capital Project, and Debt Service Funds. The approved budget is published in summary form in the District's legal newspaper. Reported budgeted amounts represent the amended budget as adopted by the Board. Legal budgetary control is at the fund level.

Procedurally, in establishing the budgetary data reflected in these financial statements, the Superintendent submits to the board prior to July 1, a proposed operating budget for the fiscal year commencing July 1. The operating budget included proposed expenditures and the means to finance them. The budget is legally enacted by Board action. Revisions to budgeted amounts must be approved by the board.

Total fund expenditures in excess of the budget require approval of the Board. Spending control is established by the amount of expenditures budgeted for the fund, but management control is exercised at line level items.

Budget provisions for the Debt Service Fund are set by state law governing required debt service levels. Budgeted revenues exclude other financing sources such as long-term debt proceeds.

At the end of each fiscal year, if the General Fund has a net unassigned deficit fund balance, calculated in accordance with the uniform financial accounting and reporting standards for Minnesota school districts which excludes certain restricted balances specified in Minnesota Statutes, exceeding 2.5% of expenditures, a condition referred to as "statutory operating debt" exists. That deficit requires elimination through the accumulation of subsequent operating surpluses in accordance with a "special operating plan" approved by the Commissioner of the Department of Education.

F. Cash and Investments

Cash balances from all funds are combined and invested to the extent available in various securities as authorized by Minnesota Statutes. Earnings from the pooled investments are allocated to the respective funds on the basis of applicable cash balance participation by each fund.

Investments are stated at their fair value as determined by quoted market prices, except for money market investments and participating interest-earning investment contracts that have a remaining maturity at time of purchase of one year or less which are recorded at amortized cost, provided that the fair value of those investments is not significantly affected by the impairment of the credit standing of the issuer or by other factors. Money market investments are short-term, highly liquid debt instruments including commercial paper, banker's acceptances, and U.S. Treasury and agency obligations. Investments in external investment pools that are not SEC-registered are valued at the pool's share price, or amortized cost if the external investment pool meets certain requirements.

G. Accounts Receivable

Represents amounts receivable from individuals, firms, and corporations for goods and services furnished by the District. No substantial losses are anticipated from present receivable balances, therefore, no allowance for uncollectible accounts is deemed necessary. The only receivables not expected to be collected within one year are property taxes receivable.

H. Inventories

Inventories are recorded using the consumption method of accounting and consist of purchased food, supplies, and surplus commodities received from the federal government. Food and supply purchases are recorded at invoice cost, computed on a first-in, first-out method, and surplus commodities are stated at standardized cost, as determined by the Department of Agriculture.

I. Prepaid Items

Certain payments to vendors reflect costs applicable to future accounting periods and are recorded as prepayments. Expense is allocated over the periods benefitted.

J. Property Taxes

Property tax levies are established by the School Board in December each year and are certified to the County for collection the following calendar year. In Minnesota, counties act as collection agents for all property taxes and are responsible for spreading all levies over taxable property. Such taxes become a lien on January 1. Taxes are generally due on May 15 and October 15 and counties generally remit taxes to the Districts at periodic intervals as they are collected. A portion of property taxes levied is paid through state credits which are included in revenue from state sources in the financial statements.

Generally, tax revenue is recognized in the fiscal year ending June 30, following the calendar year in which the tax levy is collectible, while the current calendar year tax levy is recorded as a deferred inflow of resources (unavailable property taxes levied for subsequent year). The majority of District revenue in the General and Special Revenue Funds is determined annually by statutory funding formulas. The total revenue allowed by these formulas is then allocated between taxes and state aids by the Legislature based on education funding priorities. Changes in this allocation are periodically accompanied by a change in property tax revenue recognition referred to as the "tax shift."

INDEPENDENT SCHOOL DISTRICT NO. 270
NOTES TO BASIC FINANCIAL STATEMENTS
JUNE 30, 2024**

NOTE 1 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

J. Property Taxes (Continued)

In accordance with state law, the current tax shift consists of an amount equal to 31% of the District's 2000 Pay 2001 operating referendum levy (frozen at \$4,134,655) advance recognized as revenue in fiscal 2020 with no corresponding state aid adjustment. Certain other portions of the District's 2023 pay 2024 levy, normally revenue for the 2024-2025 fiscal year, are also advance recognized at June 30, 2024, as required by state statute to match revenue with the same fiscal year as the related expenditures.

Taxes that remain unpaid are classified as delinquent taxes receivable. Revenue from these delinquent property taxes that is not collected within 60 days of year-end is a deferred inflow because it is not known to be available to finance the operations of the District in the current year. No allowance for uncollectible taxes has been provided as such amounts are not expected to be material. Current levies of local taxes, less the amount recognized as revenue in the current period, including portions assumed by the state which will be recognized as revenue in the next fiscal year beginning July 1, 2024, are included in Property Taxes Levied for Subsequent Year to indicate that, while they are current assets, they will not be recognized as revenue until the following year.

K. Capital Assets

Capital assets are capitalized at historical cost or estimated historical cost for assets where actual historical cost is not available. Donated assets are recorded as capital assets at their acquisition value at the date of donation. The District maintains a threshold level of \$5,000 or more for capitalizing capital assets. The cost of normal maintenance and repairs that do not add to the value of the asset or materially extend asset lives are not capitalized.

Capital assets are recorded in the Government-wide financial statement but are not reported in the fund financial statements. Capital assets are depreciated using the straight-line method over their estimated useful lives. Since surplus assets are sold for an immaterial amount when declared as no longer needed for public school purpose by the District, no salvage value is taken into consideration for depreciation purposes. Useful lives vary from 20 to 50 years for land improvements, buildings, and improvements and 7 to 20 years for equipment.

The District does not possess any material amounts of infrastructure capital assets. Items such as sidewalks and other land improvements are considered to be part of the cost of buildings or other improvable property.

Right-to-use lease assets are initially measured at the present value of payments expected to be made during the lease term, adjusted for lease payments made at or before the lease commencement date, plus certain initial direct costs. Subsequently, the lease asset is amortized in a systematic and rational manner over the shorter of the lease term or the useful life of the underlying asset.

L. Deferred Outflows/Inflows of Resources

In addition to assets, the financial statements report a separate section for deferred outflows of resources. This separate financial statement element, deferred outflows of resources, represents a consumption of net assets that applies to a future period(s) and so will not be recognized as an outflow of resources (expense/expenditure) until that time. Currently, the District has two types of items that qualify for reporting in this category related to pensions and Other Postemployment Benefits. See Notes 8 through Note 10 for additional detail.

In addition to liabilities, the financial statements report a separate section for deferred inflows of resources. This separate financial statement element, deferred inflows of resources, represents an acquisition of net position that applies to a future period(s) and so will not be recognized as an inflow of resources (revenue) until that time. The District has six types of items which occur related to revenue recognition. They relate to property tax receivables which are recorded in the current year, but whose revenue will be recorded in the subsequent year, property taxes collected more than 60 days after year-end (unavailable revenue), deferred pensions amounts, deferred OPEB amounts, deferred gains on bond refundings, and deferred inflows related to leases. See Notes 8 through Note 10 for additional detail on deferred inflows related to pensions and OPEB.

M. Long-Term Obligations

In the Government-wide financial statements, long-term debt and other long-term obligations are reported as liabilities in the applicable governmental activities. Bond premiums and discounts are amortized over the life of the bonds using the effective interest method. Bonds payable are reported net of the applicable bond premium or discount.

In the fund financial statements, governmental fund types recognize bond premiums and discounts during the current period. The face amount of debt issued is reported as other financing sources. Premiums received on debt issuances are reported as other financing sources while discounts on debt issuances are reported as other financing uses. Issuance costs are expensed on both the fund financial statements and government-wide financial statements.

N. Pensions

For purposes of measuring the net pension liability, deferred outflows/inflows of resources, and pension expense, information about the fiduciary net positions of the Public Employees Retirement Association (PERA) and Teachers Retirement Association (TRA) and additions to/deductions from PERA's and TRA's fiduciary net position have been determined on the same basis as they are reported by PERA and TRA. For this purpose, plan contributions are recognized as of employer payroll paid dates and benefit payments and refunds are recognized when due and payable in accordance with the benefit terms. Investments are reported at fair value.

O. Accrued Employee Benefits

Sick Pay

Substantially all District employees are entitled to sick leave at various rates. For certain employees, unused sick leave is a factor in the calculation of an employee's severance pay upon termination.

Pension and Health Benefits

Severance and health benefits consist of lump sum early retirement incentive payments and postemployment health care benefits. Accounting policies for severance and health benefits are described below.

1. Early Retirement Incentive and Convertible Sick Leave

The District maintains various early retirement incentive payment plans for its employee groups. Each employee group plan contains benefit formulas based on years of service and/or minimum age requirements. No employee can receive early retirement incentive payments exceeding one year's salary. Benefits are not considered vested until actual turnover occurs.

The long-term portion of early retirement incentive and administrator experience benefits is recognized as part of other pension benefits payable.

At June 30, 2024, the long-term portion of the estimated early retirement incentive and convertible sick leave liability is included as part of the net pension liability on the statement of net position. See Note 10 for further information.

2. Postemployment Health Care Benefits

In addition to retirement benefits, the District provides postretirement medical insurance benefits to teachers, administrators, principals, food service workers, custodians, and clerical employees, in accordance with their respective master employment agreements. The eligibility for, amount of, duration of, and District's contribution to the cost of the benefits provided varies by contract and date of retirement. See Note 10 for further information.

P. Statement of Cash Flows

For purposes of the statement of cash flows, the District considers all highly liquid debt instruments with an original maturity from the time of purchase by the District of three months or less to be cash equivalents. The Internal Service Fund's equity in the Government-wide cash and investment management pool is considered to be cash equivalents.

Q. Fund Balance

In the fund financial statements, governmental funds report fund balances in classifications that disclose constraints for which amounts in those funds can be spent. These classifications are as follows:

Nonspendable – portions of fund balance related to prepaids, inventories, long-term receivables, and corpus on any permanent fund.

Restricted – funds are constrained from outside parties (statute, grantors, bond agreements, etc.).

Committed – funds are established and modified by a resolution approved by the Board of Education.

Assigned – consists of internally imposed constraints. The Board of Education passed a resolution authorizing the Superintendent and Director of Business Services to assign fund balances and their intended uses.

Unassigned – is the residual classification for the general fund and also reflects negative residual amounts in other funds.

When an expenditure is incurred for purposes for which both restricted and unrestricted fund balance is available, it is the District's policy to use restricted first, then unrestricted fund balance.

When an expenditure is incurred for purposes for which committed, assigned, and unassigned amounts are available, it is the District's policy to use committed first, then assigned, and finally unassigned amounts.

The District formally adopted a fund balance policy for the General Fund. The policy establishes a year-end minimum unassigned fund balance of 6% of the annual budget.

R. Risk Management

The District is exposed to various risks of loss related to torts; theft of, damage to, and destruction of assets; errors and omissions; injuries to employees; natural disasters and workers' compensation. The District purchases commercial insurance coverage for such risks.

There have been no significant reductions in insurance coverage from the previous year in any of the District's policies. Settled claims resulting from these risks have not exceeded insurance coverage in any of the past three years.

S. Net Position

Net position represents the difference between assets and liabilities in the Government-wide and Proprietary Fund financial statements. Net investment in capital assets consists of capital assets, net of accumulation depreciation and amortization, reduced by the outstanding balance of any long-term debt used to build or acquire the capital assets. Net position is reported as restricted in the Government-wide financial statement when there are limitations imposed on its use through external restrictions imposed by creditors, grantors, laws, or regulations of other governments.

T. Use of Estimates

The preparation of the financial statements in conformity with U.S. GAAP requires management to make estimates and assumptions that affect the reported amount of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements. Estimates also affect the reporting amounts of revenue and expenditures/expense during the reporting period. Actual results could differ from those estimates.

NOTE 2 STEWARDSHIP AND ACCOUNTABILITY

A. Excess of Expenditures Over Budget

Expenditures exceeded budgeted amounts in the following funds:

	<u>Budget</u>	<u>Expenditures</u>	<u>Excess</u>
Special Revenue Funds:			
Community Service Fund	11,172,581	11,024,625	(147,956)
Capital Projects Fund	15,149,970	8,070,456	(7,079,514)
Debt Service Fund	13,469,054	14,734,672	1,265,618

These overages were considered by District management to be the result of necessary expenditures critical to operations and were covered by fund balance.

NOTE 3 DEPOSITS AND INVESTMENTS

A. Deposits

The District maintains a cash and investment pool that is available for use by all funds. Each fund type's portion of this pool is displayed on the statement of net position and the balance sheet as "Cash and Investments." In accordance with Minnesota Statutes, the District maintains deposits at financial institutions which are authorized by the School District's Board.

Custodial Credit Risk – Custodial credit risk for deposits is the risk that in the event of a bank failure, the School District's deposits may not be returned to it. The School District does have a deposit policy that will minimize Custodial Credit Risk by obtaining collateral or bond for all uninsured amounts on deposit, and by obtaining necessary documentation to show compliance or bond for all uninsured amounts on deposit, and by obtaining necessary documentation to show compliance with state law and a perfected security interest under federal law. Minnesota Statutes require that all deposits be protected by insurance, surety bond, or collateral. The market value of collateral pledged must equal 110% of the deposits not covered by insurance or corporate surety bonds. Authorized collateral include: U.S. government treasury bills, notes, or bonds; issues of a U.S. government agency; general obligations of a state or local government rated "A" or better; revenue obligations of a state or local government rated "AA" or better; irrevocable standby letter of credit issued by a Federal Home Loan Bank; and time deposits insured by a federal agency. Minnesota Statutes require securities pledged as collateral be held in safekeeping in a restricted account at the Federal Reserve Bank or at an account at a trust department of a commercial bank or other financial institution not owned or controlled by the depository. All of the District's deposits were fully insured during the year ended June 30, 2024.

B. Investments

The District may also invest idle funds as authorized by Minnesota Statutes as follows:

- Direct obligations or obligations guaranteed by the United States or its agencies
- Shares of investment companies registered under the Federal Investment Company Act of 1940 and received the highest credit rating, is rated in one of the two highest rating categories by a statistical rating agency, and all of the investments have a final maturity of 13 months or less
- General obligations rated "A" or better; revenue obligations rated "AA" or better
- General obligations of the Minnesota Housing Finance Agency rate "A" or better
- Bankers acceptances of United States banks eligible for purchase by the Federal Reserve System
- Commercial paper issued by United States banks corporations or their Canadian subsidiaries, of highest quality category by a least two nationally recognized rating agencies, and maturing in 270 days or less

NOTE 3 DEPOSITS AND INVESTMENTS (CONTINUED)

B. Investments (Continued)

- Guaranteed investment contracts guaranteed by United States commercial banks or domestic branches of foreign banks or United States insurance companies if similar debt obligations of the issuer or the collateral pledged by the issuer is in the top two rating categories
- Repurchase or reverse purchase agreement and securities lending agreements financial institutions qualified as a “depository” by the government entity, with banks that are members of the Federal Reserve System with capitalization exceeding \$10,000,000, a primary reporting dealer in U.S. government securities to the Federal Reserve Bank of New York, or certain Minnesota securities broker-dealers.

At June 30, 2024, the District’s investment balances were as follows:

Investments Measured at Fair Value	Fair Value
U.S. Treasuries with Maturities at Purchase of Greater Than 1 Year	\$ 1,903,461
Federal Home Loan Bank	1,763,764
Federal National Mortgage Association	1,729,950

MSDLAF+ Max Class	62,206,376
Total Investments Measured at Amortized Cost	\$ 83,790,834
Total District Investments	\$ 101,103,025

Credit Risk – Generally, credit risk is the risk that an issuer of an investment will not fulfill its obligation to the holder of the investment. This is measured by the assignment of a rating by a nationally recognized statistical rating organization.

Interest Rate Risk – Interest rate risk is the risk that changes in interest rates will adversely affect the fair value of an investment. Generally, the longer the maturity of an investment, the greater the sensitivity of its fair value to changes in market interest rates. The District’s investment policies do not limit the maturities of investments; however, when purchasing investments, the District considers such things as interest rates and cash flow needs.

Concentration of Credit Risk – The District places no limit on the amount that the District may invest in any on issuer. The District had no investments at June 30, 2024 which individually comprised more than 5% of total investments.

The deposits and investments are presented in the financial statements as follows:

Cash and Investments - Statement of Net Position	\$ 101,244,276
Cash and Investments with Fiscal Agent - Statement of Net Position	29,000
Total Cash and Investments	<u>\$ 101,273,276</u>

C. Fair Value Measurements

The District uses fair value measurements to record fair value adjustments to certain assets and liabilities and to determine fair value disclosures.

The District follows an accounting standard which defines fair value, establishes a framework for measuring fair value, establishes a fair value hierarchy based on the quality of inputs used to measure fair value, and requires expanded disclosures about fair value measurements. In accordance with this standard, the District has categorized its investments, based on the priority of the inputs to the valuation technique, into a three-level fair value hierarchy. The fair value hierarchy gives the highest priority to quotes prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). If the inputs used to measure the financial instruments fall within different levels of the hierarchy, the categorization is based on the lowest level input that is significant to the fair value measurement of the instrument.

Financial assets and liabilities recorded on the combined statements of financial position are categorized based on the inputs to the valuation techniques as follows:

Level 1 – Financial assets and liabilities are valued using inputs that are unadjusted quoted prices in active markets accessible at the measurement date of identical financial assets and liabilities.

Level 2 – Financial assets and liabilities are valued based on quoted prices for similar assets or inputs that are observable, either directly or indirectly, for substantially the full term through corroboration with observable market data.

NOTE 3 DEPOSITS AND INVESTMENTS (CONTINUED)

C. Fair Value Measurements (Continued)

Level 3 – Financial assets and liabilities are valued using pricing inputs which are unobservable for the asset, inputs that reflect the reporting entity’s own assumptions about the assumptions market participants would use in pricing the asset.

Assets of the District measured at fair value on a recurring basis:

Investment	Level 1	Level 2	Level 3	Total

C. Description of Long-Term Debt

General Obligation School Building Bonds

These bonds were issued to finance acquisition, construction, and/or improvement of capital facilities or to refinance (refund) previous bond issues. Assets of the Debt Service Fund, together with scheduled future ad valorem tax levies, are dedicated for the retirement of these bonds. Total deferred tax levies are available to retire bond principal and interest payable. These levies are subject to reduction if fund balances exceed limitations imposed by Minnesota law. In addition, assets are available in an escrow account to be used for the repayment of certain refunded bonds.

On May 21, 2015, the District issued \$4,425,000 General Obligation Capital Facilities Bonds, Series 2015B. The proceeds of this issue were used to finance energy conservation measures throughout the District.

On February 21, 2018, the District issued \$29,030,000 General Obligation School Building Bonds, Series 2018A, to provide funds for the acquisition and betterment of school sites and facilities, and to prepay the District's \$4,273,000 Lease Purchase, Series 2013, and the District's \$4,215,000 Lease Purchase, Series 2014.

General Obligation Alternative Facilities Bonds

On February 7, 2023, the District issued \$21,060,000 of General Obligation Alternative Facilities Refunding Bonds, Series 2023A. The proceeds were issued to refund the 2028 through 2030 maturities of the District's General Obligation Alternative Facilities Bonds, Series 2013A and the 2024 through 2026 maturities of the District's General Obligation Alternative Facilities Refunding Bonds, Series 2013B. The refunding resulted in cash flow savings of \$875,067 and net present value cash flow savings of \$747,263.

General Obligation Facilities Maintenance Bonds

On January 25, 2017, the District issued \$14,140,000 of General Obligation Facilities Maintenance Bonds, Series 2017A. The proceeds of this issue were used to finance facility maintenance projects included in the 10-year facility plan of the District.

On November 8, 2018, the District issued \$18,835,000 General Obligation Alternative Facilities Refunding Bonds, Series 2018B, to call and prepay the 2020 through 2027 maturities of the District's outstanding 2009B Alternative Facilities Bonds.

On March 14, 2019, the District issued \$17,895,000 of General Obligation Facilities Maintenance Bonds, Series 2019A. The proceeds of this issue were used to finance facility maintenance projects included in the 10-year facility plan of the District.

General Obligation Facilities Maintenance Bonds (Continued)

On November 4, 2020, the District issued \$40,650,000 of General Obligation Facilities Maintenance Bonds, Series 2020A. The proceeds of this issue were used to finance facility maintenance projects included in the 10-year facility plan of the District as well as to finance a refunding of the 2022 through 2028 maturities of the District's \$29,410,000 General Obligation School Building Refunding Bonds, Series 2011A.

On December 7, 2022, the District issued \$10,635,000 of General Obligation Facilities Maintenance Bonds, Series 2022A. The proceeds of this issue were used to finance certain facilities and site maintenance projects which are included in the District's ten-year facilities plan.

Financed Purchases Payable

On December 29, 2016, the District entered into a financed purchase agreement with First Resource Bank to finance the construction, installation, and equipping of synthetic turf fields at Hopkins High School. The total financed was \$3,667,000, with an interest rate of 2.50% and requires the District to make semi-annual principal and interest payments through February 1, 2027.

On July 1, 2023 the District entered into a financed purchase agreement with Apple Inc. to finance the purchase of computer equipment. The total financed was \$3,681,659, payable through July 1, 2026.

Leases

The District leases equipment as well as certain operating and office facilities for various terms under long-term, noncancelable lease agreements. The leases expire at various dates through 2028 and contain discount rates ranging from 2.59% to 6.25%.

NOTE 7 FUND BALANCES

Certain portions of fund balance are restricted based on state requirements to track special program funding, to provide for funding on certain long-term liabilities, or as required by other outside parties. A description of deficit balance restrictions is included herein since the District has specific statutory authority to levy taxes for such deficits.

A. Restricted for Student Activities

Represents the resources available for the extracurricular activity funds raised by students.

B. Restricted for Scholarships

The District receives donations from third parties designated for scholarships. The cumulative amount of such donations in excess of scholarship expenditures has been reported as a restriction of fund balance in the General Fund.

C. Restricted for Staff Development

A portion of the general education aid received by the District is restricted for staff development. The cumulative amount of aid received in excess of staff development expenditures has been reported as a restriction of fund balance in the General Fund.

D. Restricted for Capital Projects Levy

Represents resources restricted for projects financed with the District's capital projects levy.

E. Restricted for Operating Capital

The District levies taxes and receives state aid to be used for the purchase of equipment or facilities. The cumulative excess of such revenues over equipment and facilities expenditures is reported as a restriction of fund balance in the General Fund.

F. Restricted for School Library

This fund balance restriction represents resources to be used for school library expenditures.

G. Restricted for Student Support Personnel

This fund balance restriction represents resources to be used for student support personnel that are in addition to current staffing levels.

H. Restricted for Medical Assistance

This fund balance restriction represents resources to be used for Medical Assistance expenditures.

I. Restricted for Safe Schools

Represents the unspent resources from the safe school levy to be used for safety related expenditures.

NOTE 8 DEFINED BENEFIT PENSION PLANS

Substantially all employees of Hopkins Public Schools are required by state law to belong to pension plans administered by Teachers' Retirement Association (TRA) or Public Employees' Retirement Association (PERA), all of which are administered on a statewide basis. Disclosures relating to these plans follow:

A. Plan Description

The District participates in the following cost-sharing, multiple-employer defined benefit pension plans administered by the Public Employees Retirement Association (PERA) and Teachers Retirement Fund (TRA). PERA's and TRA's defined benefit pension plans are established and administered in accordance with Minnesota Statutes, Chapters 353, 354, and 356. PERA's and TRA's defined benefit pension plans are tax-qualified plans under Section 401(a) of the Internal Revenue Code.

1. General Employees Retirement Plan

All full-time and certain part-time employees of the District, other than teachers, are covered by the General Employees Plan. General Employees Plan members belong to the Coordinated Plan. Coordinated Plan members are covered by Social Security.

2. Teachers Retirement Fund (TRA)

The Teacher's Retirement Association (TRA) is an administrator of a multiple employer, cost-sharing, defined benefit retirement fund. TRA administers a Basic Plan (without Social Security coverage) and a Coordinated Plan (with Social Security coverage) in accordance with Minnesota Statutes, Chapters 354 and 356. TRA is a separate statutory entity and administered by a Board of Trustees. The Board consists of four active members, one retired member, and three statutory officials.

Educators employed in Minnesota's public elementary and secondary schools, charter schools, and certain other TRA-covered educational institutions maintained by the state are required to be TRA members (except those employed by St. Paul schools or Minnesota state colleges and universities). Educations first hired by Minnesota state my elect either TRA coverage or coverage through the Defined Contribution Plan (DCP) administered by the state of Minnesota.

NOTE 8 DEFINED BENEFIT PENSION PLANS (CONTINUED)

B. Benefits Provided

PERA and TRA provide retirement, disability, and death benefits. Benefit provisions are established by state statute and can only be modified by the state legislature. Vested, terminated employees who are entitled to benefits, but are not receiving them yet, are bound by the provisions in effect at the time they last terminated their public service.

1. General Employees Plan Benefits

General Employees Plan benefits are based on a member's highest average salary for any five successive years of allowable service, age, and years of credit at termination of service. Two methods are used to compute benefits for PERA's Coordinated Plan members. Members hired prior to July 1, 1989, receive the higher of Method 1 or Method 2 formulas. Only Method 2 is used for members hired after June 30, 1989. Under Method 1, the accrual rate for Coordinated members is 1.2% for each of the first 10 years of service and 1.7% for each additional year. Under Method 2, the accrual rate for Coordinated members is 1.7% for all years of service. For members hired prior to July 1, 1989, a full annuity is available when age plus years of service equal 90 and normal retirement age is 65. For members hired on or after July 1, 1989, normal retirement age is the age for unreduced Social Security benefits capped at 66.

Benefit increases are provided to benefit recipients each January. The postretirement increase is equal to 50% of the cost-of-living adjustment (COLA) announced by the SSA, with a minimum increase of at least 1% and a maximum of 1.5%. Recipients that have been receiving the annuity or benefit for at least a full year as of the June 30 before the effective date of the increase will receive the full increase. Recipients receiving the annuity or benefit for at least one month but less than a full year as of the June 30 before the effective date of the increase will receive a reduced prorated increase. For members retiring on January 1, 2024, or later, the increase will be delayed until normal retirement age (age 65 if hired prior to July 1, 1989, or age 66 for individuals hired on or after July 1, 1989). Members retiring under Rule of 90 are exempt from the delay to normal retirement.

B. Benefits Provided (Continued)

2. TRA Benefits

TRA provides retirement benefits as well as disability benefits to members, and benefits to survivors upon death of eligible members. Benefits are established by Minnesota Statute and vest after three years of service credit. The defined retirement benefits are based on a member's highest average salary for any five consecutive years of allowable service, age, and a formula multiplier based on years of credit at termination of service.

Two methods are used to compute benefits for TRA's Coordinated and Basic Plan members. Members first employed before July 1, 1989, receive the greater of the Tier I or Tier II benefits as described.

Tier 1 Benefits

Tier 1	Step Rate Formula	Percentage
Basic	First Ten Years of Service	2.2% per Year
	All Years After	2.7% per Year
Coordinated	First Ten Years if Service Years Are Up to July 1, 2006	1.2% per Year
	First Ten Years if Service Years Are July 1, 2006 or After	1.4% per Year
	All Other Years of Service if Service Years Are up to July 1, 2006	1.7% per Year
	All Other Years of Service if Service Years Are July 1, 2006 or After	1.9% per Year

With these provisions:

- (a) Normal retirement age is 65 with less than 30 years of allowable service and age 62 with 30 or more years of allowable service.
- (b) 3.0% per year early retirement reduction factor for all years under normal retirement age.
- (c) Unreduced benefits for early retirement under a Rule-of-90 (age plus allowable service equals 90 or more).

or

Tier II Benefits

For years of service prior to July 1, 2006, a level formula of 1.7% per year for coordinated members and 2.7% per year for basic members. For years of service July 1, 2006 and after, a level formula of 1.9% per year for Coordinated members and 2.7% for Basic members applies. Beginning July 1, 2015, the early retirement reduction factors are based on rates established under Minnesota Statute. Smaller reductions, more favorable to the member, will be applied to individuals who reach age 62 and have 30 years or more of service credit.

Members first employed after June 30, 1989, receive only the Tier II calculation with a normal retirement age that is their retirement age for full Social Security retirement benefits, but not to exceed age 66.

NOTE 8 DEFINED BENEFIT PENSION PLANS (CONTINUED)

B. Benefits Provided (Continued)

2. TRA Benefits (Continued)

Six different types of annuities are available to members upon retirement. The No Refund Life Plan is a lifetime annuity that ceases upon the death of the retiree - no survivor annuity is payable. A retiring member may also choose to provide survivor benefits to a designated beneficiary(ies) by selecting one of the five plans that have survivorship features. Vested members may also leave their contributions in the TRA Fund upon termination of service in order to qualify for a deferred annuity at retirement age. Any member terminating service is eligible for a refund of their employee contributions plus interest.

The benefit provisions stated apply to active plan participants. Vested, terminated employees who are entitled to benefits but not yet receiving them are bound by the plan provisions in effect at the time they last terminated their public service.

C. Contributions

1. General Employees Fund Contributions

Minnesota Statutes, Chapter 353 sets the rates for employer and employee contributions. Contribution rates can only be modified by the state Legislature. Coordinated Plan members were required to contribute 6.50% of their annual covered salary in fiscal year 2024 and the District was required to contribute 7.50% for Coordinated Plan members. The District's contributions to the General Employees Fund for the year ended June 30, 2024 were \$1,828,298. The District's contributions were equal to the required contributions as set by state statute.

2. TRA Contributions

Per Minnesota Statutes, Chapter 354, rates for the fiscal year for Coordinated Plan members were 7.75% for the employee and 8.75% for the employer. Basic Plan rates were 11.25% for the employee and 12.75% for the employer. The District's contributions to TRA for the plan's fiscal year ended June 30, 2024 were \$4,801,143. The District's contributions were equal to the required contributions for each year as set by state statute.

D. Pension Costs

1. General Employees Plan Pension Costs

At June 30, 2024, the District reported a liability of \$15,332,957 for its proportionate share of the General Employees Plan's net pension liability. The District's net pension liability reflected a reduction due to the state of Minnesota's contribution of \$16 million. The state of Minnesota is considered a nonemployer contributing entity and the state's contribution meets the definition of a special funding situation. The state of Minnesota's proportionate share of the net pension liability associated with the District totaled \$422,738, for a total net pension liability of \$15,755,695 associated with the District. The net pension liability was measured as of June 30, 2023, and the total pension liability used to calculate the net pension liability was determined by an actuarial valuation as of that date. The District's proportion of the net pension liability was based on the District's contributions received by PERA during the measurement period for employer payroll paid dates from July 1, 2022 through June 30, 2023, relative to the total employer contributions received from all of PERA's participating employers. The District's proportion was .2742% at the end of the measurement period and 0.2636% at the beginning of the period.

For the year ended June 30, 2024, the District recognized pension expense of \$1,972,890 for its proportionate share of General Employees Plan's pension expense. In addition, the District recognized an additional \$1,900 as pension expense (and corresponding grant revenue) for its proportionate share of the state of Minnesota's contribution of \$16 million to the General Employees Fund.

At June 30, 2024, the District reported its proportionate share of General Employees Plan's deferred outflows of resources and deferred inflows of resources from the following sources:

Description	Deferred Outflows of Resources	Deferred Inflows of Resources

A total of \$1,828,298 reported as deferred outflows of resources related to pensions resulting from District contributions to GERP subsequent to the measurement date will be recognized as a reduction of the net pension liability in the year ending June 30, 2025. Other amounts reported as deferred outflows and inflows of resources related to GERP pensions will be recognized in pension expense as follows:

<u>Year Ending June 30,</u>	<u>Pension Expense Amount</u>
2025	\$ 224,493
2026	(2,099,024)
2027	518,072
2028	(332,624)

2. TRA Pension Costs

At June 30, 2024, the District reported a liability of \$67,296,482 for its proportionate share of TRA's net pension liability. The net pension liability was measured as of June 30, 2023, and the total pension liability used to calculate the net pension liability was determined by an actuarial valuation as of that date. The District's proportion of the net pension liability was based on the District's contributions to TRA in relation to total system contributions including direct aid from the state of Minnesota, City of Minneapolis, and Minneapolis School District. The District's proportionate share was 0.8151% at the end of the measurement period and 0.8010% for the beginning of the period.

The pension liability amount reflected a reduction due to direct aid provided to TRA. The amount recognized by the District as its proportionate share of the net pension liability, the direct aid, and total portion of the net pension liability that was associated with the District were as follows:

<u>Description</u>	<u>Amount</u>
District's Proportionate Share of the TRA Net Pension Liability	\$ 67,296,482
State's Proportionate Share of the Net Pension Liability Associated with the District	4,714,042

NOTE 8 DEFINED BENEFIT PENSION PLANS (CONTINUED)

E. Actuarial Assumptions

The total pension liability in the June 30, 2023, actuarial valuation was determined using an individual entry-age normal actuarial cost method. The long-term rate of return on pension plan investments used in the determination of the total liability is 7.0% for PERA and TRA. This assumption is based on a review of inflation and investments return assumptions from a number of national investment consulting firms. The review provided a range of return investment return rates deemed to be reasonable by the actuary. An investment return of 7.0% for PERA and TRA was deemed to be within that range of reasonableness for financial reporting purposes.

Inflation is assumed to be 2.25% for the General Employees Plan and benefit increases after retirement are assumed to be 1.25% for the General Employees Plan.

Salary growth assumptions in the General Employees Plan range in annual increments from 10.25% after one year of service to 3.0% after 27 years of service. Mortality rates for the General Employees Plan are based on the Pub-2010 General Employee Mortality Table. The tables are adjusted slightly to fit PERA's experience.

Actuarial assumptions for the General Employees Plan are reviewed every four years. The most recent four-year experience study for the General Employees Plan was completed in 2022. The assumption changes were adopted by the Board and became effective with the July 1, 2023 actuarial valuation.

TRA pre-retirement mortality rates were based on the RP-2014 white collar employee table, male rates set back five years and female rates set back seven years. Generational projection uses the MP-2015 scale. Postretirement mortality rates were based on the RP-2014 white collar annuitant table, male rates set back three years and female rates set back three years, with further adjustments of the rates. Generational projection uses the MP-2015 scale. Post-disability mortality rates were based on the RP-2014 disabled retiree mortality table, without adjustment.

Inflation is assumed to be 2.5% for TRA. Benefit increases after retirement are assumed to be 1.0% for January 2020 through January 2023 then increasing by 0.10% each year up to 1.5% annually.

Salary growth assumptions for TRA range in the annual increments from 2.85% to 8.85% before July 1, 2028 and 3.25% to 9.25% after June 30, 2028.

The following changes in actuarial assumptions and plan provisions for the General Employees Fund occurred in 2023:

Changes in Actuarial Assumptions:

- The investment return assumption and single discount rate were changed from 6.5 percent to 7 percent.

**HOPKINS PUBLIC SCHOOLS
INDEPENDENT SCHOOL DISTRICT NO. 270
NOTES TO BASIC FINANCIAL STATEMENTS
JUNE 30, 2024**

NOTE 8 DEFINED BENEFIT PENSION PLANS (CONTINUED)

E. Actuarial Assumptions (Continued)

Changes in Plan Provisions:

- An additional one-time direct state aid contribution of \$170.1 million will be contributed to the Plan on October 1, 2023.
- The vesting period of those hired after June 30, 2010, was changed from five years of allowable service to three years of allowable service.
- The benefit increase delay for early retirements on or after January 1, 2024, was eliminated.
- A one-time, non-compounding benefit increase of 2.5 percent minus the actual 2024 adjustment will be payable in a lump sum for calendar year 2024 by March 31, 2024.

There were no changes in actuarial assumptions and plan provisions for the TRA in 2023.

The State Board of Investment, which manages the investments of PERA and TRA, prepares an analysis of the reasonableness on a regular basis of the long-term expected rate of return using a building-block method in which best estimate ranges of expected future rates of return are developed for each major asset class. These ranges are combined to produce an expected long-term rate of return by weighting the expected future rates of return by the target asset allocation percentages. The target allocation and best estimates of geometric real rates of return for each major asset class are summarized in the following table:

Asset Class	Target Allocation	Long-Term Expected Real Rate of Return
Domestic Equity	33.50 %	5.10%
International Equity	16.50	5.30%
Fixed income	25.00	0.75%
Private Markets	25.00	5.90%
Totals	100.00 %	

F. Discount Rate

The discount rate used to measure the PERA General Employees Plan liability was 7.00%. The projection of cash flows used to determine the discount rate assumed that contributions from plan members and employers will be made at rates set in Minnesota Statutes. Based on these assumptions, the fiduciary net position of the General Employees Fund was projected to be available to make all projected future benefit payments of current plan members. Therefore, the long-term expected rate of return on pension plan investments was applied to all periods of projected benefit payments to determine the total pension liability.

NOTE 8 DEFINED BENEFIT PENSION PLANS (CONTINUED)

F. Discount Rate (Continued)

The discount rate used to measure the TRA pension liability was 7.0%. The projection of cash flows used to determine the discount rate assumed that employee contribution will be made at the fiscal year 2023 contribution rate, contributions from school districts will be made at contractually required rates (actuarially determined), and contributions from the state will be made at current statutorily required rates. Based on those assumptions, the pension plan's fiduciary net position was not projected to be depleted and, as a result, the Municipal Bond Index Rate was not used in the determination of the Single Equivalent Interest Rate (SEIR).

The following presents the School's proportionate share of the net pension liability for all plans it participates in, calculated using the discount rate disclosed in the preceding paragraph, as well as what the School's proportionate share of the net pension liability would be if it were calculated using a discount rate one percentage point lower or one percentage point higher than the current discount rate:

Description	1% Decrease in Discount Rate	Current Discount Rate	1% Increase in Discount Rate
<u>GERF Discount Rate</u>	6.00%	7.00%	8.00%
District's Proportionate Share of the GERF Net Pension Liability	\$ 27,125,232	\$ 15,332,957	\$ 5,633,362
<u>TRA Discount Rate</u>	6.00%	7.00%	8.00%
District's Proportionate Share of the TRA Net Pension Liability	\$ 107,332,939	\$ 67,296,482	\$ 34,521,767

NOTE 9 SUPPLEMENTAL PENSION PLAN

A. Plan Description

The District provides a single-employer defined benefit supplemental pension benefit to eligible employees. Currently, certain groups of employees are eligible to retire and receive the pension supplement after the completion of a minimum amount of years of service and, for some employee groups, the attainment of age 55. Benefits range from a flat dollar amount to percentages of annual salary up to a maximum of 100% of annual salary. Certain benefits are also dependent on the number of unused sick days remaining.

Currently, there are 704 active employees, no inactive employees entitled to but not receiving benefit payments and 88 inactive employees currently receiving benefit payments under the plan as of July 1, 2022 valuation.

B. Funding Policy

Payments under the plan are made on a pay-as-you-go basis. There are no invested plan assets accumulated in a trust for the payment of future benefits. The General Fund is used for funding all of the pension/retirement benefits. The employer makes all contributions.

C. Total Pension Liability

The District's total pension liability was determined by an actuarial valuation dated July 1, 2022 with a measurement date of July 1, 2023. At June 30, 2024, the District reported a total pension liability of \$11,735,633. Changes in the District's total pension liability were as follows:

Total Pension Liability - Beginning Balance	\$	11,935,659
Changes for the Year		
Service Cost		691,476
Interest		455,591
Changes of Assumptions		(59,268)

D. Pension Costs

For the year ended June 30, 2024, the District recognized pension expense of \$814,451. At June 30, 2024, the District reported deferred outflows of resources and deferred inflows of resources related to the Plan from the following sources:

	Deferred Outflows of Resources	Deferred Inflows of Resources
Differences Between Expected and Actual Experience	\$ -	\$ 1,312,785
Changes of Assumptions of Other Inputs	458,207	1,378,970
Benefit Payments Subsequent to the Measurement Date	1,162,543	-
Total	\$ 1,620,750	\$ 2,691,755

The District's benefit payments and amounts incurred by the District for pension benefit expenses subsequent to the measurement date of \$1,162,543 reported as deferred outflows of resources will be recognized as a reduction of the total pension liability in the year ended June 30, 2025. Amounts reported as deferred outflows of resources and deferred inflows of resources related to the Plan will be recognized in pension expense as follows:

Year Ending June 30,	Amount
2025	\$ (332,616)
2026	(332,616)
2027	(332,616)
2028	(332,607)
2029	(290,849)
Thereafter	(612,244)

E. Actuarial Methods and Assumptions

The actuarial total pension liability was measured as of July 1, 2023 and was determined by an actuarial valuation dated July 1, 2022. Updating procedures were used to roll forward the total liability to the measurement date.:

Actuarial Cost Method:	Entry Age, Level Percentage of Pay
Discount Rate:	3.90%
Inflation:	2.50%
Salary Increases:	Service Graded Tables
Retirement Age:	55
Mortality:	Pub-2010 Public Retirement Plans Headcount-Weighted Mortality Tables with MP-2021 Generational Improvement Scale

Since the most recent actuarial valuation, the following changes have been made:

- The discount rate was changed from 3.80% to 3.90%.

NOTE 9 SUPPLEMENTAL PENSION PLAN (CONTINUED)

F. Discount Rate

The discount rate used to measure the total pension liability was 3.90%. The discount rate is based on the estimated yield of 20-Year AA-rated municipal bonds. The discount rate was changed from 3.80% in the prior measurement period to 3.90%.

G. Total Pension Liability Sensitivity

The following presents the District's total pension liability, calculated using the discount rate of 3.90%, as well as what the District's total pension liability would be if it were calculated using a discount rate that is one percentage point lower (2.90%) or one percentage point higher (4.90%) than the current rate:

	1% Decrease (2.90%)	Current Discount Rate (3.90%)	1% Increase (4.90%)
Total Pension Liability	\$ 12,450,122	\$ 11,735,633	\$ 11,050,282

NOTE 10 OTHER POSTEMPLOYMENT BENEFITS PAYABLE

A. Plan Description

The District operates a single-employer retiree benefit plan (the Plan) that provides health and dental insurance to eligible employees and their spouses through the District's health insurance plan. There are 1,112 active participants, 124 retired participants, and 17 spouses. Benefit and eligibility provisions are established through individual contracts and negotiations between the District and various unions representing District employees and are renegotiated each two-year bargaining period. The Plan does not issue a publicly available financial report.

B. Funding Policy

The District has assets designated for OPEB. These assets are in a revocable trust which is included as an internal service fund in these financial statements. Because contributions to the trust are not irrevocable, the trust does not meet the criteria in GASB Statement No. 75. Contribution requirements are also negotiated between the District and union representatives. The eligibility for, amount of, duration of, and District's contribution to the cost of the benefits provided varies by contract and date of retirement. For fiscal year 2024, the District contributed \$1,911,625 to the plan.

NOTE 10 OTHER POSTEMPLOYMENT BENEFITS PAYABLE (CONTINUED)

C. Actuarial Methods and Assumptions

The District's total OPEB liability of \$22,073,733 was measured as of July 1, 2023 and was determined by an actuarial valuation dated July 1, 2022. Updating procedures were used to roll forward the total OPEB liability to the measurement date.

The total OPEB liability was determined by an actuarial valuation as of July 1, 2022, using the following actuarial assumptions, applied to all periods included in the measurement, unless otherwise specified:

Inflation	2.50%
Salary Increases	Service graded tables
Discount Rate	3.90%
Health Care Trend Rates	6.25% Decreasing to 5.00% Over 6 Years and Then to 4.00% Over the Next 48 Years

Mortality rates were based on the Pub-2010 Public Retirement Plans Headcount-Weighted Mortality Tables (General, Teachers) with MP-2021 Generational Improvement Scale.

The actuarial assumptions used in the July 1, 2022 valuation were based on the results of the Teacher Retirement Association of Minnesota actuarial experience study for the period July 1, 2014 through June 30, 2018 and a study of economic assumptions dated November 2017. The rates for other employees are based on the Public Employees Retirement Association of Minnesota most recent six-year experience study for the General Employees Plan completed in 2015 and a review of the inflation assumption dated September 11, 2017. The retirement and withdrawal assumptions used to value GASB 75 liabilities are similar to those used to value pension liabilities for Minnesota school district employees. The rates are based on the Teacher Retirement Association of Minnesota actuarial experience study for the period July 1, 2008 through June 30, 2014.

The discount rate used to measure the total OPEB liability was 3.90%. The discount rate is based on the estimated yield of 20-year AA-rated bonds.

Since the most recent actuarial valuation, the following changes have been made:

- The discount rate was changed from 3.80% to 3.90%.

The contributions subsequent to the measurement date will reduce the District's total OPEB liability in the District's fiscal year ended June 30, 2025.

Other amounts reported as deferred outflows and inflows of resources will be recognized in OPEB expense as follows:

Year Ending June 30,	Expense

Thereafter	(336,555)

NOTE 11 FLEXIBLE BENEFIT PLAN

The District has a flexible benefit plan which is classified as a "cafeteria plan" under Section 125 of the Internal Revenue Code. All employee groups of the District are eligible if and when the collective bargaining agreement or contract with their group allows eligibility. Eligible employees can elect to participate by contributing pre-tax dollars withheld from payroll checks to the plan for health care and dependent care benefits.

Before the beginning of the plan year, which is July 1 to June 30, each participant designates a total amount of pre-tax dollars to be contributed to the plan during the year. At June 30, the District is contingently liable for claims against the total amount of participants' annual contributions to the plan, whether or not such contributions have been made.

All assets of the plan are held in a separate bank account, administered by a third-party. Payments are made by the District to participating employees for eligible medical expenses. Payments of insurance premiums (health, dental, life, and disability) are made by the District directly to designated insurance companies. These payments are made on a monthly basis and all plan activity is included in the financial statements in the general fund.

**HOPKINS PUBLIC SCHOOLS
INDEPENDENT SCHOOL DISTRICT NO. 270
NOTES TO BASIC FINANCIAL STATEMENTS

NOTE 11 FLEXIBLE BENEFIT PLAN (CONTINUED)

All plan property and income attributable to that property is solely the property of the District, subject to the claims of the District's general creditors. Participants' rights under the plan are equal to those of general creditors of the District in an amount equal to eligible health care and dependent care expenses incurred by the participants. The District believes that it is unlikely that it will use the assets to satisfy the claims of general creditors in the future.

NOTE 12 HEALTH AND DENTAL SELF-INSURANCE PLAN

The District maintains an Internal Service Fund to account for and finance a self-insurance program for health and dental benefits. Accordingly, the District has not purchased outside insurance for the risks of losses to which it is exposed for amounts under its stop-loss limit of \$100,000. District management believes it is more economical to manage its risks internally and set aside assets for claim settlement. The Internal Service Fund currently services all claims and risk of loss to which the District is exposed for health and dental expenses.

Participants in the program make premium payments to the fund based on the insurance premium. The District contributes a portion of premiums to the plan based on employment contracts. The excess amount received above current year claims is used to establish a reserve for future claims. At June 30, 2024, there is a reserve of \$6,741,577.

District liabilities are reported when it is probable that a loss has occurred, and the amount of that loss can be reasonably estimated. Liabilities include an amount for claims that have been incurred but not reported. Because actual claim liabilities depend on such complex factors as inflation, changes in legal doctrines, and damage awards, the process used in computing a claim liability does not necessarily result in an exact amount. Claims liabilities are re-evaluated periodically to take into consideration recently settled claims, the frequency of claims, and other economic and social factors.

There is a possibility for loss if claims are in excess of the premiums collected. The District does not believe this occurrence would have a material financial effect on the District. The District held \$9,361,479 in cash and investments at June 30, 2024 for payment of claims.

Changes in the balances of claim liabilities during fiscal years 2024 and 2023 were as follows:

	<u>2024</u>	<u>2023</u>
Beginning of Fiscal Year Liability - July 1,	\$ 804,589	\$ 1,076,086

NOTE 13 COMMITMENTS AND CONTINGENCIES

A. Federal and State Programs

Amounts received or receivable from federal and state agencies are subject to agency audit and adjustment. Any disallowed claims, including amounts already collected, may constitute a liability of the applicable fund. The amount, if any, of funds which may be disallowed by the agencies cannot be determined at this time although the District expects such amounts, if any, to be immaterial.

B. Joint Powers Agreement

The District entered into a joint powers agreement with the City of Minnetonka to provide for the joint construction, use, maintenance, and operation of the Lindbergh Center, a multi-use athletic and community center. As specified in the agreement and related management plan, the District and the city will share in the proportionate costs to build, maintain, and operate the facility. The agreement also outlines finance-related issues such as revenue sharing.

Operating results of the Lindbergh Center for fiscal 2023-2024 are as follows:

	School District	City
Total Expenditures	\$ 238,846	\$ 97,557
Total Revenue	136,864	55,903
Final Operating Costs to Respective Government	\$ 101,982	\$ 41,654

C. Contract Commitment

As of June 30, 2024, Hopkins Public Schools had entered into a professional service agreement for capital project management services. The total remaining commitment is approximately \$3,800,000, which will be funded through a combination of capital project levy, long term facilities maintenance and bond proceeds.

NOTE 14 DEFINED CONTRIBUTION PLAN

The District provides eligible employees future retirement benefits through the District's 403(b) Plan (the Plan). Employees of the District are eligible to participate in the Plan commencing on the date of their employment. Eligible employees may elect to have a percentage of their pay contributed to the Plan. Some employees are eligible to receive a District match of employee contributions up to the qualifying amount set forth in their respective bargaining agreements. Contributions are invested in tax-deferred annuities selected and owned by Plan participants. Employer contributions to the Defined Contribution Plan for the fiscal year ended June 30, 2024 totaled \$249,116.

NOTE 16 RESTATEMENT

During fiscal year 2024, the District identified errors in previously issued financial statements related to the overstatement of unearned revenue and the misallocation of interest earnings.

The overstatement of unearned revenue resulted from revenue that had met the eligibility requirements for recognition but was incorrectly deferred in the self-insurance fund. Additionally, interest earnings were misallocated between funds due to a clerical error in the investment income distribution process resulting in an overstatement of revenue in the general fund, food service and community service fund and an understatement of revenue in the debt service, self-insurance and severance fund. Lastly, food service revenues were overstated due to the inclusion of the July and August meal revenue.

As a result, the beginning fund balances/net position as of July 1, 2024, have been restated as follows to correct the errors:

	Governmental Activities	Self Insurance	Severance

NOTE 1 COMPLIANCE - BUDGETS

Budgets presented in this report for comparison to actual amounts are presented in accordance with accounting principles generally accepted in the United States of America. Each May, the School Board adopts an annual budget for the following fiscal year for the General, Food Service, Community Service, Capital Projects – Building Construction, and Debt Service Funds. The approved budget is published in summary form in the District's legal newspaper. Reported budget amounts represent the amended budget as adopted by the School Board. Legal budgetary control is at the fund level.

Procedurally, in establishing the budgetary data reflected in these financial statements, the Superintendent submits to the School Board prior to July 1, a proposed operating budget for the fiscal year commencing July 1. The operating budget includes proposed expenditures and the means to finance them. The budget is legally enacted by School Board action. Revisions to budgeted amounts must be approved by the School Board.

Total fund expenditures in excess of the budget require approval of the School Board. Spending control is established by the amount of expenditures budgeted for the fund, but management control is exercised at line item levels.

Budget provisions for the Debt Service Fund are set by state law governing required debt service levels. Budgeted revenues exclude other financing sources such as long-term debt proceeds.

At the end of each fiscal year, if the General Fund has a net unassigned deficit fund balance, calculated in accordance with the uniform financial accounting and reporting standards for Minnesota school districts which excludes certain restricted balances specified in Minnesota Statutes, exceeding 2.5% of expenditures, a condition referred to as "statutory operating debt" exists. That deficit requires elimination through the accumulation of subsequent operating surpluses in accordance with a "special operating plan" approved by the Commissioner of the Department of Education.

NOTE 2 STEWARDSHIP AND ACCOUNTABILITY

Excess of Expenditures Over Budget

Expenditures exceeded budgeted amounts in the following special revenue funds at June 30, 2024:

	<u>Budget</u>	<u>Expenditures</u>	<u>Excess</u>
Special Revenue Funds:			
Community Service Fund	11,172,581	11,024,625	(147,956)
Capital Projects Fund	15,149,970	8,070,456	(7,079,514)
Debt Service Fund	13,469,054	14,734,672	1,265,618

The overages were considered by District management to be the result of necessary expenditures critical to operations and were approved by the Board.

NOTE 3 CHANGES IN SIGNIFICANT PLAN PROVISIONS, ACTUARIAL METHODS, AND ASSUMPTIONS

The following changes were reflected in the valuation performed on behalf of the Public Employees Retirement Association for the years ended June 30:

A. General Employees Fund

2023

Changes in Actuarial Assumptions

- The investment return assumption and single discount rate were changed from 6.5 percent to 7.0 percent.

Changes in Plan Provisions

- An additional one-time direct state aid contribution of \$170.1 million will be contributed to the Plan on October 1, 2023.
- The vesting period of those hired after June 30, 2010, was changed from five years of allowable service to three years of allowable service.
- The benefit increase delay for early retirements on or after January 1, 2024, was eliminated.
- A one-time, non-compounding benefit increase of 2.5 percent minus the actual 2024 adjustment will be payable in a lump sum for calendar year 2024 by March 31, 2024.

2022

Changes in Actuarial Assumptions

- The mortality improvement scale was changed from Scale MP-2020 to Scale MP-2021.

Changes in Plan Provisions

- There have been no changes since the prior valuation.

NOTE 3 CHANGES IN SIGNIFICANT PLAN PROVISIONS, ACTUARIAL METHODS, AND ASSUMPTIONS (CONTINUED)

A. General Employees Fund (Continued)

2021

Changes in Actuarial Assumptions

- The investment return and single discount rates were changed from 7.50% to 6.50%, for financial reporting purposes.
- The mortality improvement scale was changed from Scale MP-2019 to Scale MP-2020.

Changes in Plan Provisions

- There have been no changes since the prior valuation.

2020

Changes in Actuarial Assumptions

- The price inflation assumption was decreased from 2.50% to 2.25%.
- The payroll growth assumption was decreased from 3.25% to 3.00%.
- Assumed salary increase rates were changed as recommended in the June 30, 2019 experience study. The net effect is assumed rates that average 0.25% less than previous rates.
- Assumed rates of retirement were changed as recommended in the June 30, 2019 experience study. The changes result in more unreduced (normal) retirements and slightly fewer Rule of 90 and early retirements.
- Assumed rates of termination were changed as recommended in the June 30, 2019 experience study. The new rates are based on service and are generally lower than the previous rates for years two to five and slightly higher thereafter.
- Assumed rates of disability were changed as recommended in the June 30, 2019 experience study. The change results in fewer predicted disability retirements for males and females.
- The base mortality table for healthy annuitants and employees was changed from the RP-2014 table to the Pub-2010 General Mortality table, with adjustments. The base mortality table for disabled annuitants was changed from the RP-2014 disabled annuitant mortality table to the PUB-2010 General/Teacher disabled annuitant mortality table, with adjustments.
- The mortality improvement scale was changed from Scale MP-2018 to Scale MP-2019.
- The assumed spouse age difference was changed from two years older for females to one year older.
- The assumed number of married male new retirees electing the 100% Joint & Survivor option changed from 35% to 45%. The assumed number of married female new retirees electing the 100% Joint & Survivor option changed from 15% to 30%. The corresponding number of married new retirees electing the Life annuity option was adjusted accordingly.

NOTE 3 CHANGES IN SIGNIFICANT PLAN PROVISIONS, ACTUARIAL METHODS, AND ASSUMPTIONS (CONTINUED)

A. General Employees Fund (Continued)

2020 (Continued)

Changes in Plan Provisions

- Augmentation for current privatized members was reduced to 2.0% for the period July 1, 2020 through December 31, 2023 and 0.0% after. Augmentation was eliminated for privatizations occurring after June 30, 2020.

2019

Changes in Actuarial Assumptions

- The mortality projection scale was changed from MP-2017 to MP-2018.

Changes in Plan Provisions

- The employer supplemental contribution was changed prospectively, decreasing from \$31 million to \$21 million per year. The State's special funding contribution was changed prospectively, requiring \$16 million due per year through 2031.

2018

Changes in Actuarial Assumptions

- The mortality projection scale was changed from MP-2015 to MP-2017.
- The assumed postretirement benefit increase was changed from 1.0% per year through 2044 and 2.5% per year thereafter to 1.25% per year.

Changes in Plan Provisions

- The augmentation adjustment in early retirement factors is eliminated over a five-year period starting July 1, 2019, resulting in actuarial equivalence after June 30, 2024.
- Interest credited on member contributions decreased from 4 percent to 3 percent, beginning July 1, 2018.
- Deferred augmentation was changed to 0.00 percent, effective January 1, 2019. Augmentation that has already accrued for deferred members will still apply.
- Contribution stabilizer provisions were repealed.
- Annual increases were changed from 1 percent per year with a provision to increase to 2.5 percent upon attainment of 90 percent funding ratio to 50 percent of the Social Security Cost-of Living Adjustment, not less than 1 percent and not more than 1.5 percent, beginning January 1, 2019.
- For retirements on or after January 1, 2024, the first benefit increase is delayed until the retiree reaches normal retirement age; does not apply to Rule of 90 retirees, disability benefit recipients, or survivors.
- Actuarial equivalent factors were updated to reflect revised mortality and interest assumptions.

NOTE 3 CHANGES IN SIGNIFICANT PLAN PROVISIONS, ACTUARIAL METHODS, AND ASSUMPTIONS (CONTINUED)

A. General Employees Fund (Continued)

2017

Changes in Actuarial Assumptions

- The Combined Service Annuity (CSA) loads were changed from 0.8% for active members and 60% for vested and nonvested deferred members. The revised CSA loads are now 0.0% for active member liability, 15.0% for vested deferred member liability, and 3.0% for nonvested deferred member liability.
- The assumed postretirement benefit increase rate was changed from 1.0% per year for all years to 1.0% per year through 2044 and 2.5 % per year thereafter.

Changes in Plan Provisions

- The State's contribution for the Minneapolis Employees Retirement Fund equals \$16.0 million in 2017 and 2018 and \$6.0 million thereafter.
- The Employer Supplemental Contribution for the Minneapolis Employees Retirement Fund changed from \$21,000,000 to \$31,000,000 in calendar years 2019 to 2031. The State's contribution changed from \$16,000,000 to \$6,000,000 in calendar years 2019 to 2031.

2016

Changes in Actuarial Assumptions

- The assumed postretirement benefit increase rate was changed from 1.0% per year through 2035 and 2.5% per year thereafter to 1.0% per year for all future years.
- The assumed investment return was changed from 7.9% to 7.5%. The single discount rate was changed from 7.9% to 7.5%.
- Other assumptions were changed pursuant to the experience study dated June 30, 2015. The assumed future salary increases, payroll growth, and inflation were decreased by 0.25% to 3.25% for payroll growth and 2.50% for inflation.

Changes in Plan Provisions

- There have been no changes since the prior valuation.

2015

Changes in Actuarial Assumptions

- The assumed annual increase rate was changed from 1 percent per year through 2030 and 2.5 percent per year thereafter to 1 percent per year through 2035 and 2.5 percent per year thereafter.

Changes in Plan Provisions

- On January 1, 2015, the Minneapolis Employees Retirement Fund was merged into the General Employees Fund, which increased the total pension liability by \$1.1 billion and increase the fiduciary plan net position by \$892 million. Upon consolidation, state and employer contributions were revised; the State's contribution of \$6 million, which meets the special funding situation definition, was due September 2015.

2019

Changes in Actuarial Assumptions

- There have been no changes since the prior valuation.

Changes in Plan Provisions

- There have been no changes since the prior valuation.

2018

Changes in Actuarial Assumptions

- The investment return assumption was changed from 8.5% to 7.5%.
- The price inflation assumption was lowered from 3.0% to 2.5%.
- The payroll growth assumption was lowered from 3.5% to 3.0%.
- The wage inflation assumption (above price inflation) was reduced from 0.75% to 0.35% for the next 10 years, and 0.75% thereafter.
- The total salary increase assumption was adjusted by the wage inflation change.
- The amortized date for the funding of the unfunded actuarial accrual liability was reset to June 30, 2048 (30 years).
- The mechanism in the law that provided the TRA board with some authority to set contribution rates was eliminated.

Changes in Plan Provisions

- The COLA was reduced from 2.0% each January 1 to 1.0%, effective January 1, 2019. Beginning January 1, 2024, the COLA will increase 0.1% each year until reaching the ultimate rate of 1.5% in January 1, 2028.
- Beginning July 1, 2024, eligibility for the first COLA changes to normal retirement age (age 65 to 66, depending on date of birth). However, members who retire under Rule of 90 and members who are at least age 62 with 30 years of service credit are exempt.
- The COLA trigger provision, which would have increased the COLA to 2.5% if the funded ratio was at least 90% for two consecutive years, was eliminated.
- Augmentation in the early retirement reduction factors is phased out over a five-year period beginning July 1, 2019 and ending June 30, 2024 (this reduces early retirement benefits). Members who retire and are at least age 62 with 30 years of service are exempt.
- Augmentation on deferred benefits will be reduced to zero percent beginning July 1, 2019. Interest payable on refunds to members was reduced from 4.0% to 3.0%, effective July 1, 2018. Interest due on payments and purchases from members, employers is reduced from 8.5% to 7.5%, effective July 1, 2018.
- The employer contribution rate is increased each July 1 over the next four years, (7.92% in 2019, 8.13% in 2021, 8.55% in 2022, and 8.75% in 2023). In addition, the employee contribution rate will increase from 7.50% to 7.75% on July 1, 2023. The state provides funding for the higher employer contribution rate through an adjustment in the school aid formula.

INDEPENDENT SCHOOL DISTRICT NO. 270
(HOPKINS PUBLIC SCHOOLS)
HENNEPIN COUNTY, MINNESOTA
GENERAL OBLIGATION SCHOOL BUILDING AND
FACILITIES MAINTENANCE BONDS
SERIES 2026A

We have acted as bond counsel to Independent School District No. 270 (Hopkins Public Schools), Hennepin County, Minnesota (the "Issuer"), in connection with the issuance by the Issuer of its General Obligation School Building and Facilities Maintenance Bonds, Series 2026A (the "Bonds"), originally dated _____, and issued in the original aggregate principal amount of \$_____. In such capacity and for the purpose of rendering this opinion we have examined certified copies of certain proceedings, certifications and other documents, and applicable laws as we have deemed necessary. Regarding questions of fact material to this opinion, we have relied on certified proceedings and other certifications of public officials and other documents furnished to us without undertaking to verify the same by independent investigation. Under existing laws, regulations, rulings, and decisions in effect on the date hereof, and based on the foregoing we are of the opinion that:

1. The Bonds have been duly authorized and executed and are valid and binding general obligations of the Issuer, enforceable in accordance with their terms.

2. The principal of and interest on the Bonds are payable from ad valorem taxes levied by the Issuer on all taxable property of the Issuer, but if necessary for the payment thereof, additional ad valorem taxes are required by law to be levied on all taxable property of the Issuer, which taxes are not subject to any limitation as to rate or amount.

3. Interest on the Bonds is excludable from gross income of the recipient for federal income tax purposes and, to the same extent, is excludable from taxable net income of individuals, trusts, and estates for Minnesota income tax purposes, and is not a preference item for purposes of the computation of the federal alternative minimum tax, or the computation of the Minnesota alternative minimum tax imposed on individuals, trusts, and estates. However, such interest is included in determining the annual adjusted financial statement income (as defined in Section 59(k) of the Internal Revenue Code of 1986, as amended (the "Code")) of applicable corporations (as defined in Section 59(k) of the Code) for purposes of computing the alternative minimum tax imposed on such applicable corporations, and is subject to Minnesota franchise taxes on certain corporations (including financial institutions) measured by income. The opinion set forth in this paragraph is subject to the condition that the Issuer comply with all requirements of the Code that must be satisfied subsequent to the issuance of the Bonds in order that interest thereon be, or continue to be, excludable from gross income for federal income tax purposes and from taxable net income for Minnesota income tax purposes. The Issuer has covenanted to comply with all such requirements. Failure to comply with certain of such requirements may cause interest on the Bonds to be included in gross income for federal income tax purposes and taxable net income for Minnesota income tax purposes retroactively to the date of issuance of the Bonds. We express no opinion regarding tax consequences arising with respect to the Bonds other than as expressly set forth herein.

4. The rights of the owners of the Bonds and the enforceability of the Bonds may be limited by bankruptcy, insolvency, reorganization, moratorium, and other similar laws affecting creditors' rights generally and by equitable principles, whether considered at law or in equity.

5. The resolution adopted by the School Board of the Issuer on February 10, 2026, obligates the Issuer to be bound by the provisions of Minnesota Statutes, Section 126C.55. We express no opinion as to the enforceability of the provisions of that law against the State of Minnesota (the "State") in the absence of appropriated and available funds to pay the obligations of the State thereunder.

We have not been asked and have not undertaken to review the accuracy, completeness, or sufficiency of the Official Statement or other offering material relating to the Bonds, and accordingly we express no opinion with respect thereto.

This opinion is given as of the date hereof and we assume no obligation to update, revise, or supplement this opinion to reflect any facts or circumstances that may hereafter come to our attention or any changes in law that may hereafter occur.

Dated _____ 2026, at Minneapolis, Minnesota.

BOOK-ENTRY-ONLY SYSTEM

1. The Depository Trust Company ("DTC"), New York, New York, will act as securities depository for the securities (the "Securities"). The Securities will be issued as fully-registered securities registered in the name of Cede & Co. (DTC's partnership nominee) or such other name as may be requested by an authorized representative of DTC. One fully-registered Security certificate will be issued for [each issue of] the Securities, [each] in the aggregate principal amount of such issue, and will be deposited with DTC. [If, however, the aggregate principal amount of [any] issue exceeds \$500 million, one certificate will be issued with respect to each \$500 million of principal amount, and an additional certificate will be issued with respect to any remaining principal amount of such issue.]
2. DTC, the world's largest securities depository, is a limited-purpose trust company organized under the New York Banking Law, a "banking organization" within the meaning of the New York Banking Law, a member of the Federal Reserve System, a "clearing corporation" within the meaning of the New York Uniform Commercial Code, and a "clearing agency" registered pursuant to the provisions of Section 17A of the Securities Exchange Act of 1934. DTC holds and provides asset servicing for over 3.5 million issues of U.S. and non-U.S. equity issues, corporate and municipal debt issues, and money market instruments (from over 100 countries) that DTC's participants ("Direct Participants") deposit with DTC. DTC also facilitates the post-trade settlement among Direct Participants of sales and other securities transactions in deposited securities, through electronic computerized book-entry transfers and pledges between Direct Participants' accounts. This eliminates the need for physical movement of securities certificates. Direct Participants include both U.S. and non-U.S. securities brokers and dealers, banks, trust companies, clearing corporations, and certain other organizations. DTC is a wholly-owned subsidiary of The Depository Trust & Clearing Corporation ("DTCC"). DTCC is the holding company for DTC, National Securities Clearing Corporation and Fixed Income Clearing Corporation, all of which are registered clearing agencies. DTCC is owned by the users of its regulated subsidiaries. Access to the DTC system is also available to others such as both U.S. and non-U.S. securities brokers and dealers, banks, trust companies, and clearing corporations that clear through or maintain a custodial relationship with a Direct Participant, either directly or indirectly ("Indirect Participants"). DTC has a Standard & Poor's rating of AA+. The DTC Rules applicable to its Participants are on file with the Securities and Exchange Commission. More information about DTC can be found at www.dtcc.com.
3. Purchases of Securities under the DTC system must be made by or through Direct Participants, which will receive a credit for the Securities on DTC's records. The ownership interest of each actual purchaser of each Security ("Beneficial Owner") is in turn to be recorded on the Direct and Indirect Participants' records. Beneficial Owners will not receive written confirmation from DTC of their purchase. Beneficial Owners are, however, expected to receive written confirmations providing details of the transaction, as well as periodic statements of their holdings, from the Direct or Indirect Participant through which the Beneficial Owner entered into the transaction. Transfers of ownership interests in the Securities are to be accomplished by entries made on the books of Direct and Indirect Participants acting on behalf of Beneficial Owners. Beneficial Owners will not receive certificates representing their ownership interests in Securities, except in the event that use of the book-entry system for the Securities is discontinued.
4. To facilitate subsequent transfers, all Securities deposited by Direct Participants with DTC are registered in the name of DTC's partnership nominee, Cede & Co., or such other name as may be requested by an authorized representative of DTC. The deposit of Securities with DTC and their registration in the name of Cede & Co. or such other DTC nominee do not effect any change in beneficial ownership. DTC has no knowledge of the actual Beneficial Owners of the Securities; DTC's records reflect only the identity of the Direct Participants to whose accounts such Securities are credited, which may or may not be the Beneficial Owners. The Direct and Indirect Participants will remain responsible for keeping account of their holdings on behalf of their customers.

5. Conveyance of notices and other communications by DTC to Direct Participants, by Direct Participants to Indirect Participants, and by Direct Participants and Indirect Participants to Beneficial Owners will be governed by arrangements among them, subject to any statutory or regulatory requirements as may be in effect from time to time. [Beneficial Owners of Securities may wish to take certain steps to augment the transmission to them of notices of significant events with respect to the Securities, such as redemptions, tenders, defaults, and proposed amendments to the Security documents. For example, Beneficial Owners of Securities may wish to ascertain that the nominee holding the Securities for their benefit has agreed to obtain and transmit notices to Beneficial Owners. In the alternative, Beneficial Owners may wish to provide their names and addresses to the registrar and request that copies of notices be provided directly to them.]
6. Redemption notices shall be sent to DTC. If less than all of the Securities within an issue are being redeemed, DTC's practice is to determine by lot the amount of the interest of each Direct Participant in such issue to be redeemed.
7. Neither DTC nor Cede & Co. (nor any other DTC nominee) will consent or vote with respect to Securities unless authorized by a Direct Participant in accordance with DTC's MMI Procedures. Under its usual procedures, DTC mails an Omnibus Proxy to District as soon as possible after the record date. The Omnibus Proxy assigns Cede & Co.'s consenting or voting rights to those Direct Participants to whose accounts Securities are credited on the record date (identified in a listing attached to the Omnibus Proxy).
8. Redemption proceeds, distributions, and dividend payments on the Securities will be made to Cede & Co., or such other nominee as may be requested by an authorized representative of DTC. DTC's practice is to credit Direct Participants' accounts upon DTC's receipt of funds and corresponding detail information from the District or Agent, on payable date in accordance with their respective holdings shown on DTC's records. Payments by Participants to Beneficial Owners will be governed by standing instructions and customary practices, as is the case with securities held for the accounts of customers in bearer form or registered in "street name," and will be the responsibility of such Participant and not of DTC, Agent, or the District, subject to any statutory or regulatory requirements as may be in effect from time to time. Payment of redemption proceeds, distributions, and dividend payments to Cede & Co. (or such other nominee as may be requested by an authorized representative of DTC) is the responsibility of the District or Agent, disbursement of such payments to Direct Participants will be the responsibility of DTC, and disbursement of such payments to the Beneficial Owners will be the responsibility of Direct and Indirect Participants.
9. A Beneficial Owner shall give notice to elect to have its Securities purchased or tendered, through its Participant, to [Tender/Remarketing] Agent, and shall effect delivery of such Securities by causing the Direct Participant to transfer the Participant's interest in the Securities, on DTC's records, to [Tender/Remarketing] Agent. The requirement for physical delivery of Securities in connection with an optional tender or a mandatory purchase will be deemed satisfied when the ownership rights in the Securities are transferred by Direct Participants on DTC's records and followed by a book-entry credit of tendered Securities to [Tender/Remarketing] Agent's DTC account.
10. DTC may discontinue providing its services as depository with respect to the Securities at any time by giving reasonable notice to the District or Agent. Under such circumstances, in the event that a successor depository is not obtained, Security certificates are required to be printed and delivered.
11. The District may decide to discontinue use of the system of book-entry-only transfers through DTC (or a successor securities depository). In that event, Security certificates will be printed and delivered to DTC.
12. The information in this section concerning DTC and DTC's book-entry system has been obtained from sources that the District believes to be reliable, but the District takes no responsibility for the accuracy thereof.

CONTINUING DISCLOSURE CERTIFICATE

_____, 2026

This Continuing Disclosure Certificate (the “Disclosure Certificate”) is executed and delivered by Independent School District No. 270 (Hopkins Public Schools), Hennepin County, Minnesota (the “District”), in connection with the issuance of its General Obligation School Building and Facilities Maintenance Bonds, Series 2026A (the “Bonds”), in the original aggregate principal amount of \$_____. The Bonds are being issued pursuant to a resolution adopted by the School Board of the District (the “Resolution”). The Bonds are being delivered to _____[, as syndicate manager] (the “Purchaser”), on the date hereof. Pursuant to the Resolution, the District has covenanted and agreed to provide continuing disclosure of certain financial information and operating data and timely notices of the occurrence of certain events. The District hereby covenants and agrees as follows:

Section 1. Purpose of the Disclosure Certificate. This Disclosure Certificate is being executed and delivered by the District for the benefit of the Holders (as defined herein) of the Bonds in order to provide for the public availability of such information and assist the Participating Underwriter(s) (as defined herein) in complying with the Rule (as defined herein). This Disclosure Certificate, together with the Resolution, constitutes the written agreement or contract for the benefit of the Holders of the Bonds that is required by the Rule.

Section 2. Definitions. In addition to the defined terms set forth in the Resolution, which apply to any capitalized term used in this Disclosure Certificate unless otherwise defined in this Section, the following capitalized terms shall have the following meanings:

“Annual Report” means any annual report provided by the District pursuant to, and as described in, Sections 3 and 4 of this Disclosure Certificate.

“Audited Financial Statements” means annual financial statements of the District, prepared in accordance with GAAP as prescribed by GASB.

“Disclosure Certificate” means this Continuing Disclosure Certificate.

“District” means Independent School District No. 270 (Hopkins Public Schools), Hennepin County, Minnesota, which is the obligated person with respect to the Bonds.

“EMMA” means the Electronic Municipal Market Access system operated by the MSRB and designated as a nationally-recognized municipal securities information repository and the exclusive portal for complying with the continuing disclosure requirements of the Rule.

“Final Official Statement” means the Final Official Statement, dated _____, 2026, which constitutes the final official statement delivered in connection with the Bonds, which is available from the MSRB.

“Financial Obligation” means a (a) debt obligation; (b) derivative instrument entered into in connection with, or pledged as security or a source of payment for, an existing or planned debt obligation; or (c) guarantee of a Financial Obligation as described in clause (a) or (b). The term “Financial Obligation” shall not include municipal securities as to which a final official statement has been provided to the MSRB consistent with the Rule.

“Fiscal Year” means the fiscal year of the District.

“GAAP” means generally accepted accounting principles for governmental units as prescribed by GASB.

“GASB” means the Governmental Accounting Standards Board.

“Holder” means the person in whose name a Bond is registered or a beneficial owner of such a Bond.

“Material Event” means any of the events listed in Section 5(a) of this Disclosure Certificate.

“MSRB” means the Municipal Securities Rulemaking Board located at 1300 I Street NW, Suite 1000, Washington, DC 20005.

“Participating Underwriter” means any of the original underwriter(s) of the Bonds (including the Purchaser) required to comply with the Rule in connection with the offering of the Bonds.

“Purchaser” means _____[, as syndicate manager].

“Repository” means EMMA, or any successor thereto designated by the SEC.

“Rule” means SEC Rule 15c2-12(b)(5) promulgated by the SEC under the Securities Exchange Act of 1934, as the same may be amended from time to time, and including written interpretations thereof by the SEC.

“SEC” means Securities and Exchange Commission, and any successor thereto.

Section 3. Provision of Annual Financial Information and Audited Financial Statements.

(a) The District shall provide to the Repository not later than twelve (12) months after the end of the Fiscal Year commencing with the year that ends June 30, 2025, an Annual Report which is consistent with the requirements of Section 4 of this Disclosure Certificate. The Annual Report may be submitted as a single document or as separate documents comprising a package, and may cross-reference other information as provided in Section 4 of this Disclosure Certificate, provided that the Audited Financial Statements of the District may be submitted separately from the balance of the Annual Report.

(b) If the District is unable or fails to provide to the Repository an Annual Report by the date required in subsection (a), the District shall send a notice of that fact to the Repository and the MSRB.

(c) The District shall determine each year prior to the date for providing the Annual Report the name and address of each Repository.

Section 4. Content of Annual Reports. The District's Annual Report shall contain or incorporate by reference the following sections of the Final Official Statement:

1. Current Property Valuations
2. Direct Debt
3. Tax Levies and Collections
4. Student Body
5. Employment/Unemployment Data

In addition to the items listed above, the Annual Report shall include the most recent Audited Financial Statements submitted in accordance with Section 3 of this Disclosure Certificate.

Any or all of the items listed above may be incorporated by reference from other documents, including official statements of debt issues of the District or related public entities, which have been submitted to the Repository or the SEC. If the document incorporated by reference is a final official statement, it must also be available from the MSRB. The District shall clearly identify each such other document so incorporated by reference.

Section 5. Reporting of Material Events.

(a) This Section 5 shall govern the giving of notice of the occurrence of any of the following events ("Material Events") with respect to the Bonds:

1. Principal and interest payment delinquencies;
2. Non-payment related defaults, if material;
3. Unscheduled draws on debt service reserves reflecting financial difficulties;
4. Unscheduled draws on credit enhancements reflecting financial difficulties;
5. Substitution of credit or liquidity providers, or their failure to perform;
6. Adverse tax opinions, the issuance by the Internal Revenue Service of proposed or final determinations of taxability, Notices of Proposed Issue (IRS Form 5701-TEB), or other material notices or determinations with respect to the tax status of the security, or other material events affecting the tax status of the security;
7. Modifications to rights of security holders, if material;
8. Bond calls, if material, and tender offers;
9. Defeasances;
10. Release, substitution, or sale of property securing repayment of the securities, if material;
11. Rating changes;

12. Bankruptcy, insolvency, receivership or similar event of the obligated person;
13. The consummation of a merger, consolidation, or acquisition involving an obligated person or the sale of all or substantially all of the assets of the obligated person, other than in the ordinary course of business, the entry into a definitive agreement to undertake such an action or the termination of a definitive agreement relating to any such actions, other than pursuant to its terms, if material;
14. Appointment of a successor or additional trustee or the change of name of a trustee, if material;
15. Incurrence of a Financial Obligation of the obligated person, if material, or agreement to covenants, events of default, remedies, priority rights, or other similar terms of a Financial Obligation of the obligated person, any of which affect security holders, if material; and
16. Default, event of acceleration, termination event, modification of terms, or other similar events under the terms of a Financial Obligation of the obligated person, any of which reflect financial difficulties.

(b) The District shall file a notice of such occurrence with the Repository or with the MSRB within ten (10) business days of the occurrence of the Material Event.

(c) Unless otherwise required by law and subject to technical and economic feasibility, the District shall employ such methods of information transmission as shall be requested or recommended by the designated recipients of the District's information.

Section 6. EMMA. The SEC has designated EMMA as a nationally-recognized municipal securities information repository and the exclusive portal for complying with the continuing disclosure requirements of the Rule. Until the EMMA system is amended or altered by the MSRB and the SEC, the District shall make all filings required under this Disclosure Certificate solely with EMMA.

Section 7. Termination of Reporting Obligation. The District's obligations under the Resolution and this Disclosure Certificate shall terminate upon the redemption in full of all Bonds or payment in full of all Bonds.

Section 8. Agent. The District may, from time to time, appoint or engage a dissemination agent to assist it in carrying out its obligations under the Resolution and this Disclosure Certificate, and may discharge any such agent, with or without appointing a successor dissemination agent.

Section 9. Amendment; Waiver. Notwithstanding any other provision of the Resolution or this Disclosure Certificate, the District may amend this Disclosure Certificate, and any provision of this Disclosure Certificate may be waived, if such amendment or waiver is supported by an opinion of nationally-recognized bond counsel to the effect that such amendment or waiver would not, in and of itself, cause a violation of the Rule. The provisions of the Resolution requiring continuing disclosure pursuant to the Rule and this Disclosure Certificate, or any provision hereof, shall be null and void in the event that the District delivers to the Repository an opinion of nationally-recognized bond counsel to the effect that those portions of the Rule which impose the continuing disclosure requirements of the Resolution and the execution and delivery of this Disclosure Certificate are invalid, have been repealed retroactively or otherwise do not apply to the Bonds. The provisions of the Resolution requiring continuing disclosure pursuant to the Rule and this Disclosure Certificate may be amended without the consent of the Holders of the Bonds, but only upon the delivery by the District to the

Repository of the proposed amendment and an opinion of nationally-recognized bond counsel to the effect that such amendment, and giving effect thereto, will not adversely affect compliance with the Rule.

Section 10. Additional Information. Nothing in this Disclosure Certificate shall be deemed to prevent the District from disseminating any other information, using the means of dissemination set forth in this Disclosure Certificate or any other means of communication, or including any other information in any Annual Report or notice of occurrence of a Material Event, in addition to that which is required by this Disclosure Certificate. If the District chooses to include any information in any Annual Report or notice of occurrence of a Material Event in addition to that which is specifically required by this Disclosure Certificate, the District shall have no obligation under this Disclosure Certificate to update such information or include it in any future Annual Report or notice of occurrence of a Material Event.

Section 11. Default. In the event of a failure of the District to comply with any provision of this Disclosure Certificate any Holder of the Bonds may take such actions as may be necessary and appropriate, including seeking mandamus or specific performance by court order, to cause the District to comply with its obligations under the Resolution and this Disclosure Certificate. A default under this Disclosure Certificate shall not be deemed an event of default with respect to the Bonds and the sole remedy under this Disclosure Certificate in the event of any failure of the District to comply with this Disclosure Certificate shall be an action to compel performance.

Section 12. Beneficiaries. This Disclosure Certificate shall inure solely to the benefit of the District, the Participating Underwriters, and the Holders from time to time of the Bonds, and shall create no rights in any other person or entity.

(The remainder of this page is intentionally left blank.)

IN WITNESS WHEREOF, we have executed this Disclosure Certificate in our official capacities effective as of the date and year first written above.

Clerk

TERMS OF PROPOSAL

**\$88,650,000* GENERAL OBLIGATION SCHOOL BUILDING
AND FACILITIES MAINTENANCE BONDS, SERIES 2026A
INDEPENDENT SCHOOL DISTRICT NO. 270 (HOPKINS PUBLIC SCHOOLS), MINNESOTA**

Proposals for the purchase of \$88,650,000* General Obligation School Building and Facilities Maintenance Bonds, Series 2026A (the "Bonds") of Independent School District No. 270 (Hopkins Public Schools), Minnesota (the "District") will be received at the offices of Ehlers and Associates, Inc. ("Ehlers"), 3001 Broadway Street, Suite 320, Minneapolis, Minnesota 55413, municipal advisors to the District, until 9:30 A.M., Central Time, and **ELECTRONIC PROPOSALS** will be received via **PARITY**, in the manner described below, until 9:30 A.M., Central Time, on April 7, 2026, at which time they will be opened, read and tabulated. On February 10, 2026, the School Board adopted a resolution with authorizes the designated officials of the District to accept proposals on the Bonds on April 7, 2026, if the parameters and conditions set forth in the Parameters Resolution are satisfied. If the parameters and conditions set forth in the Parameters Resolution are not met through the competitive bids on April 7, 2026, the designated officials will not have the authority to accept a bid for the Bonds and all bids for the Bonds will be rejected. The Board will meet on April 7, 2026 at 7:00 P.M., Central Time, on the same date, to ratify and approve the sale of the Bonds.

AUTHORITY; PURPOSE; SECURITY

The Bonds are being issued pursuant to Minnesota Statutes, Chapter 475, as amended, and Minnesota Statutes, Section 123B.595, as amended, and a special election held November 4, 2025, by the District, for the purposes of financing (i) the acquisition and betterment of school sites and facilities in the District; and (ii) deferred facility maintenance projects included in the District's ten-year facility plan approved by the Commissioner of Education. The Bonds will be general obligations of the District for which its full faith and credit and taxing powers are pledged.

DATES AND MATURITIES

The Bonds will be dated April 30, 2026, will be issued as fully registered Bonds in the denomination of \$5,000 each, or any integral multiple thereof, and will mature on February 1 as follows:

<u>Year</u>	<u>Amount*</u>	<u>Year</u>	<u>Amount*</u>	<u>Year</u>	<u>Amount*</u>
2027	\$1,270,000	2034	\$1,660,000	2041	\$7,090,000
2028	1,810,000	2035	1,075,000	2042	7,425,000
2029	300,000	2036	1,720,000	2043	7,770,000
2030	2,500,000	2037	4,490,000	2044	8,135,000
2031	2,440,000	2038	7,880,000	2045	8,510,000
2032	2,100,000	2039	6,530,000	2046	7,190,000
2033	1,990,000	2040	6,765,000		

ADJUSTMENT OPTION

The District reserves the right to increase or decrease the principal amount of the Bonds on the day of sale, in increments of \$5,000 each. Increases or decreases may be made in any maturity. If any principal amounts are adjusted, the purchase price proposed will be adjusted to maintain the same gross spread per \$1,000.

TERM BOND OPTION

Proposals for the Bonds may contain a maturity schedule providing for any combination of serial bonds and term bonds, subject to mandatory redemption, so long as the amount of principal maturing or subject to mandatory redemption in each year conforms to the maturity schedule set forth above. All dates are inclusive.

INTEREST PAYMENT DATES AND RATES

Interest will be payable on February 1 and August 1 of each year, commencing February 1, 2027, to the registered owners of the Bonds appearing of record in the bond register as of the close of business on the 15th day (whether or not a business day) of the immediately preceding month. Interest will be computed upon the basis of a 360-day year of twelve 30-day months and will be rounded pursuant to rules of the Municipal Securities Rulemaking Board. **The rate for any maturity may not be more than 2.00% less than the rate for any preceding maturity. (For example, if a rate of 4.50% is proposed for the 2027 maturity, then the lowest rate that may be proposed for any later maturity is 2.50%.)** All Bonds of the same maturity must bear interest from date of issue until paid at a single, uniform rate. Each rate must be expressed in an integral multiple of 5/100 or 1/8 of 1%.

BOOK-ENTRY-ONLY FORMAT

Unless otherwise specified by the purchaser, the Bonds will be designated in the name of Cede & Co., as nominee for The Depository Trust Company, New York, New York ("DTC"). DTC will act as securities depository for the Bonds, and will be responsible for maintaining a book-entry system for recording the interests of its participants and the transfers of interests between its participants. The participants will be responsible for maintaining records regarding the beneficial interests of the individual purchasers of the Bonds. So long as Cede & Co. is the registered owner of the Bonds, all payments of principal and interest will be made to the depository which, in turn, will be obligated to remit such payments to its participants for subsequent disbursement to the beneficial owners of the Bonds.

PAYING AGENT

The District has selected Bond Trust Services Corporation, Minneapolis, Minnesota ("BTSC"), to act as paying agent (the "Paying Agent"). BTSC and Ehlers are affiliate companies. The District will pay the charges for Paying Agent services. The District reserves the right to remove the Paying Agent and to appoint a successor.

OPTIONAL REDEMPTION

At the option of the District, the Bonds maturing on or after February 1, 2035 shall be subject to optional redemption prior to maturity on February 1, 2034 or any date thereafter, at a price of par plus accrued interest to the date of optional redemption.

Redemption may be in whole or in part of the Bonds subject to prepayment. If redemption is in part, the selection of the amounts and maturities of the Bonds to be redeemed shall be at the discretion of the District. If only part of the Bonds having a common maturity date are called for redemption, then the District or Paying Agent, if any, will notify DTC of the particular amount of such maturity to be redeemed. DTC will determine by lot the amount of each participant's interest in such maturity to be redeemed and each participant will then select by lot the beneficial ownership interest in such maturity to be redeemed.

Notice of redemption shall be sent by mail not more than 60 days and not less than 30 days prior to the date fixed for redemption to the registered owner of each Bond to be redeemed at the address shown on the registration books.

DELIVERY

On or about April 30, 2026, the Bonds will be delivered without cost to the winning bidder at DTC. On the day of closing, the District will furnish to the winning bidder the opinion of bond counsel hereinafter described, an arbitrage certification, and certificates verifying that no litigation in any manner questioning the validity of the Bonds is then pending or, to the best knowledge of officers of the District, threatened. Payment for the Bonds must be received by the District at its designated depository on the date of closing in immediately available funds.

LEGAL OPINION

An opinion as to the validity of the Bonds and the exemption from taxation of the interest thereon will be furnished by Kennedy & Graven, Chartered, Minneapolis, Minnesota, Bond Counsel to the District ("Bond Counsel"), and will be available at the time of delivery of the Bonds. The legal opinion will state that the Bonds are valid and binding general obligations of the District; provided that the rights of the owners of the Bonds and the enforceability of the Bonds may be limited by bankruptcy, insolvency, reorganization, moratorium, and other similar laws affecting creditors' rights and by equitable principles (which may be applied in either a legal or equitable proceeding). See "FORM OF LEGAL OPINION" found in Appendix B.

SUBMISSION OF PROPOSALS

Proposals must not be for less than \$88,650,000 plus accrued interest on the principal sum of \$88,650,000 from date of original issue of the Bonds to date of delivery. Prior to the time established above for the opening of proposals, interested parties may submit a proposal as follows:

- 1) Electronically to bondsale@ehlers-inc.com; or
- 2) Electronically via **PARITY** in accordance with this Terms of Proposal until 9:30 A.M., Central Time, but no proposal will be received after the time for receiving proposals specified above. To the extent any instructions or directions set forth in **PARITY** conflict with this Terms of Proposal, the terms of this Terms of Proposal shall control. For further information about **PARITY**, potential bidders may contact IHS Markit (now part of S&P Global) at <https://ihsmarkit.com/products/municipal-issuance.html> or via telephone (844) 301-7334.

Proposals must be submitted to Ehlers via one of the methods described above and must be received prior to the time established above for the opening of proposals. Each proposal must be unconditional except as to legality. Neither the District nor Ehlers shall be responsible for any failure to receive a facsimile submission.

A good faith deposit ("Deposit") in the amount of \$1,773,000 shall be made by the winning bidder by wire transfer of funds. Such Deposit shall be received by Ehlers no later than two hours after the proposal opening time. Wire transfer instructions will be provided to the winning bidder by Ehlers after the tabulation of proposals. The District reserves the right to award the Bonds to a winning bidder whose wire transfer is initiated but not received by such time provided that such winning bidder's federal wire reference number has been received by such time. In the event the Deposit is not received as provided above, the District may award the Bonds to the bidder submitting the next best proposal provided such bidder agrees to such award. The Deposit will be retained by the District as liquidated damages if the proposal is accepted and the Purchaser fails to comply therewith. The Deposit will be deducted from the purchase price at the closing for the Bonds.

The District and the winning bidder who chooses to so wire the Deposit hereby agree irrevocably that Ehlers shall be the escrow holder of the Deposit wired to such account subject only to these conditions and duties: 1) All income earned thereon shall be retained by the escrow holder as payment for its expenses; 2) If the proposal is not accepted, Ehlers shall, at its expense, promptly return the Deposit amount to the winning bidder; 3) If the proposal is accepted, the Deposit shall be returned to the winning bidder at the closing; 4) Ehlers shall bear all costs of maintaining the escrow account and returning the funds to the winning bidder; 5) Ehlers shall not be an insurer of the Deposit amount and shall have no liability hereunder except if it willfully fails to perform or recklessly disregards, its duties specified herein; and 6) FDIC insurance on deposits within the escrow account shall be limited to \$250,000 per bidder.

No proposal can be withdrawn after the time set for receiving proposals unless the meeting of the District scheduled for award of the Bonds is adjourned, recessed, or continued to another date without award of the Bonds having been made.

AWARD

The Bonds will be awarded to the bidder offering the lowest interest rate to be determined on a True Interest Cost (TIC) basis. The District's computation of the interest rate of each proposal, in accordance with customary practice, will be controlling. In the event of a tie, the sale of the Bonds will be awarded by lot. The District reserves the right to reject any and all proposals and to waive any informality in any proposal.

BOND INSURANCE

If the Bonds are qualified for any bond insurance policy, the purchase of such policy shall be at the sole option and expense of the winning bidder. Any cost for such insurance policy is to be paid by the winning bidder, except that, if the District requested and received a rating on the Bonds from a rating agency, the District will pay that rating fee. Any rating agency fees not requested by the District are the responsibility of the winning bidder.

Failure of the municipal bond insurer to issue the policy after the Bonds are awarded to the winning bidder shall not constitute cause for failure or refusal by the winning bidder to accept delivery of the Bonds.

CUSIP NUMBERS

The District will assume no obligation for the assignment or printing of CUSIP numbers on the Bonds or for the correctness of any numbers printed thereon, but will permit such numbers to be printed at the expense of the winning bidder, if the winning bidder waives any delay in delivery occasioned thereby.

NON-QUALIFIED TAX-EXEMPT OBLIGATIONS

The Bonds shall not be "qualified tax-exempt obligations" pursuant to Section 265(b)(3) of the Internal Revenue Code of 1986, as amended.

CONTINUING DISCLOSURE

In order to assist the Underwriter (Syndicate Manager) in complying with the provisions of Rule 15c2-12 promulgated by the Securities and Exchange Commission under the Securities Exchange Act of 1934 the District will enter into an undertaking for the benefit of the holders of the Bonds. A description of the details and terms of the undertaking is set forth in Appendix D of the Preliminary Official Statement.

NEW ISSUE PRICING

The winning bidder will be required to provide, in a timely manner, certain information necessary to compute the yield on the Bonds pursuant to the provisions of the Internal Revenue Code of 1986, as amended, and to provide a certificate which will be provided by Bond Counsel upon request.

(a) The winning bidder shall assist the District in establishing the issue price of the Bonds and shall execute and deliver to the District at closing an "issue price" or similar certificate satisfactory to Bond Counsel setting forth the reasonably expected initial offering price to the public or the sales price or prices of the Bonds, together with the supporting pricing wires or equivalent communications. All actions to be taken by the District under this Terms of Proposal to establish the issue price of the Bonds may be taken on behalf of the District by the District's municipal advisor identified herein and any notice or report to be provided to the District may be provided to the District's municipal advisor.

(b) The District intends that the provisions of Treasury Regulation Section 1.148-1(f)(3)(i) (defining "competitive sale" for purposes of establishing the issue price of the Bonds) will apply to the initial sale of the Bonds (the "competitive sale requirements") because:

- (1) The District shall disseminate this Terms of Proposal to potential underwriters in a manner that is reasonably designed to reach potential investors;
- (2) all bidders shall have an equal opportunity to bid;
- (3) the District may receive proposals from at least three underwriters of municipal bonds who have established industry reputations for underwriting new issuances of municipal bonds; and
- (4) the District anticipates awarding the sale of the Bonds to the bidder who submits a firm offer to purchase the Bonds at the highest price (or lowest interest cost), as set forth in this Terms of Proposal.

Any proposal submitted pursuant to this Terms of Proposal shall be considered a firm offer for the purchase of the Bonds, as specified in this proposal.

(c) If all of the requirements of a "competitive sale" are not satisfied, the District shall advise the winning bidder of such fact prior to the time of award of the sale of the Bonds to the winning bidder. In such event, any proposal submitted will not be subject to cancellation or withdrawal and the District agrees to use the rule selected by the winning bidder on its proposal form to determine the issue price for the Bonds. On its proposal form, each bidder must select one of the following two rules for determining the issue price of the Bonds: (1) the first price at which 10% of a maturity of the Bonds (the "10% test") is sold to the public as the issue price of that maturity or (2) the initial offering price to the public as of the sale date as the issue price of each maturity of the Bonds (the "hold-the-offering-price rule").

(d) If all of the requirements of a "competitive sale" are not satisfied and the winning bidder selects the hold-the-offering-price rule, the winning bidder shall (i) confirm that the underwriters have offered or will offer the Bonds to the public on or before the date of award at the offering price or prices (the "initial offering price"), or at the corresponding yield or yields, set forth in the proposal submitted by the winning bidder and (ii) agree, on behalf of the underwriters participating in the purchase of the Bonds, that the underwriters will neither offer nor sell unsold Bonds of any maturity to which the hold-the-offering-price rule shall apply to any person at a price that is higher than the initial offering price to the public during the period starting on the sale date and ending on the earlier of the following:

- (1) the close of the fifth (5th) business day after the sale date; or
- (2) the date on which the underwriters have sold at least 10% of that maturity of the Bonds to the public at a price that is no higher than the initial offering price to the public.

The winning bidder will advise the District promptly after the close of the fifth (5th) business day after the sale whether it has sold 10% of that maturity of the Bonds to the public at a price that is no higher than the initial offering price to the public.

The District acknowledges that in making the representation set forth above, the winning bidder will rely on:

(i) the agreement of each underwriter to comply with requirements for establishing issue price of the Bonds, including, but not limited to, its agreement to comply with the hold-the-price rule, if applicable to the Bonds, as set forth in an agreement among underwriters and the related pricing wires,

(ii) in the event a selling group has been created in connection with the initial sale of the Bonds to the public, the agreement of each dealer who is a member of the selling group to comply with the requirements for establishing issue price of the Bonds, including, but not limited to, its agreement to comply with the hold-the-offering-price rule, if applicable to the Bonds, as set forth in a selling group agreement and the related pricing wires, and

(iii) in the event that an underwriter or dealer who is a member of the selling group is a party to a third-party distribution agreement that was employed in connection with the initial sale of the Bonds to the public, the agreement of each broker-dealer that is party to such agreement to comply with the requirements for establishing issue price of the Bonds, including, but not limited to, its agreement to comply with the hold-the-offering-price rule, if applicable to the Bonds, as set forth in the third-party distribution agreement and the related pricing wires. The District further acknowledges that each underwriter shall be solely liable for its failure to comply with its agreement regarding the requirements for establishing issue price rule of the Bonds, including, but not limited to, its agreement to comply with the hold-the-offering-price rule, if applicable to the Bonds, and that no underwriter shall be liable for the failure of any other underwriter, or of any dealer who is a member of a selling group, or of any broker-dealer that is a party to a third-party distribution agreement to comply with its corresponding agreement to comply with the requirements for establishing issue price of the Bonds, including, but not limited to, its agreement to comply with the hold-the-offering-price rule as applicable to the Bonds.

(e) If all of the requirements of a "competitive sale" are not satisfied and the winning bidder selects the 10% test, the winning bidder agrees to promptly report to the District, Bond Counsel and Ehlers the prices at which the Bonds have been sold to the public. That reporting obligation shall continue, whether or not the closing date has occurred, until either (i) all Bonds of that maturity have been sold or (ii) the 10% test has been satisfied as to each maturity of the Bonds, provided that, the winning bidder's reporting obligation after the Closing Date may be at reasonable periodic intervals or otherwise upon request of the District or bond counsel.

(f) By submitting a proposal, each bidder confirms that:

(i) any agreement among underwriters, any selling group agreement and each third-party distribution agreement (to which the bidder is a party) relating to the initial sale of the Bonds to the public, together with the related pricing wires, contains or will contain language obligating each underwriter, each dealer who is a member of the selling group, and each broker-dealer that is party to such third-party distribution agreement, as applicable, to:

(A) report the prices at which it sells to the public the unsold Bonds of each maturity allocated to it, whether or not the Closing Date has occurred until either all securities of that maturity allocated to it have been sold or it is notified by the winning bidder that either the 10% test has been satisfied as to the Bonds of that maturity, provided that, the reporting obligation after the Closing Date may be at reasonable periodic intervals or otherwise upon request of the District or bond counsel.

(B) comply with the hold-the-offering-price rule, if applicable, in each case if and for so long as directed by the winning bidder and as set forth in the related pricing wires, and

(ii) any agreement among underwriters or selling group agreement relating to the initial sale of the Bonds to the public, together with the related pricing wires, contains or will contain language obligating each underwriter, each dealer who is a member of the selling group and each broker dealer that is a party to a third-party distribution agreement to be employed in connection with the initial sale of the Bonds to the public to require each broker-dealer that is a party to such third-party distribution agreement to:

(A) to promptly notify the winning bidder of any sales of Bonds that, to its knowledge, are made to a purchaser who is a related party to an underwriter participating in the initial sale of the Bonds to the public (each such term being used as defined below), and

(B) to acknowledge that, unless otherwise advised by the underwriter, dealer or broker-dealer, the winning bidder shall assume that each order submitted by the underwriter, dealer or broker-dealer is a sale to the public.

(g) Sales of any Bonds to any person that is a related party to an underwriter participating in the initial sale of the Bonds to the public (each term being used as defined below) shall not constitute sales to the public for purposes of this Terms of Proposal. Further, for purposes of this Terms of Proposal:

- (i) "public" means any person other than an underwriter or a related party,
- (ii) "underwriter" means (A) any person that agrees pursuant to a written contract with the District (or with the lead underwriter to form an underwriting syndicate) to participate in the initial sale of the Bonds to the public and (B) any person that agrees pursuant to a written contract directly or indirectly with a person described in clause (A) to participate in the initial sale of the Bonds to the public (including a member of a selling group or a party to a third-party distribution agreement participating in the initial sale of the Bonds to the public),
- (iii) a purchaser of any of the Bonds is a "related party" to an underwriter if the underwriter and the purchaser are subject, directly or indirectly, to (A) more than 50% common ownership of the voting power or the total value of their stock, if both entities are corporations (including direct ownership by one corporation of another), (B) more than 50% common ownership of their capital interests or profits interests, if both entities are partnerships (including direct ownership by one partnership of another), or (C) more than 50% common ownership of the value of the outstanding stock of the corporation or the capital interests or profit interests of the partnership, as applicable, if one entity is a corporation and the other entity is a partnership (including direct ownership of the applicable stock or interests by one entity of the other), and
- (iv) "sale date" means the date that the Bonds are awarded by the District to the winning bidder.

PRELIMINARY OFFICIAL STATEMENT

Bidders may obtain a copy of the Preliminary Official Statement relating to the Bonds prior to the proposal opening by request from Ehlers at www.ehlers-inc.com by connecting to the Bond Sales link. The Underwriter (Syndicate Manager) will be provided with an electronic copy of the Final Official Statement within seven business days of the proposal acceptance. Up to 10 printed copies of the Final Official Statement will be provided upon request. Additional copies of the Final Official Statement will be available at a cost of \$10.00 per copy.

Information for bidders and proposal forms may be obtained from Ehlers at 3001 Broadway Street, Suite 320, Minneapolis, Minnesota 55413, Telephone (651) 697-8500.

By Order of the School Board

Independent School District No. 270
(Hopkins Public Schools), Minnesota

PROPOSAL FORM

The School Board
Independent School District No. 270 (Hopkins Public Schools), Minnesota (the "District")

April 7, 2026

RE: **\$88,650,000* General Obligation School Building and Facilities Maintenance Bonds, Series 2026A (the "Bonds")**
DATED: **April 30, 2026**

For all or none of the above Bonds, in accordance with the Terms of Proposal and terms of the Global Book-Entry System (unless otherwise specified by the Purchaser) as stated in this Official Statement, we will pay you \$ _____ (not less than \$88,650,000) plus accrued interest to date of delivery for fully registered Bonds bearing interest rates and maturing in the stated years as follows:

_____ % due	2027	_____ % due	2034	_____ % due	2041
_____ % due	2028	_____ % due	2035	_____ % due	2042
_____ % due	2029	_____ % due	2036	_____ % due	2043
_____ % due	2030	_____ % due	2037	_____ % due	2044
_____ % due	2031	_____ % due	2038	_____ % due	2045
_____ % due	2032	_____ % due	2039	_____ % due	2046
_____ % due	2033	_____ % due	2040		

The District reserves the right to increase or decrease the principal amount of the Bonds on the day of sale, in increments of \$5,000 each. Increases or decreases may be made in any maturity. If any principal amounts are adjusted, the purchase price proposed will be adjusted to maintain the same gross spread per \$1,000.

The rate for any maturity may not be more than 2.00% less than the rate for any preceding maturity. (For example, if a rate of 4.50% is proposed for the 2027 maturity, then the lowest rate that may be proposed for any later maturity is 2.50%.) All Bonds of the same maturity must bear interest from date of issue until paid at a single, uniform rate. Each rate must be expressed in an integral multiple of 5/100 or 1/8 of 1%.

A good faith deposit ("Deposit") in the amount of \$1,773,000 shall be made by the winning bidder by wire transfer of funds. Such Deposit shall be received by Ehlers no later than two hours after the proposal opening time. Wire transfer instructions will be provided to the winning bidder by Ehlers after the tabulation of proposals. The District reserves the right to award the Bonds to a winning bidder whose wire transfer is initiated but not received by such time provided that such winning bidder's federal wire reference number has been received by such time. In the event the Deposit is not received as provided above, the District may award the Bonds to the bidder submitting the next best proposal provided such bidder agrees to such award. The Deposit will be retained by the District as liquidated damages if the proposal is accepted and the Purchaser fails to comply therewith. We agree to the conditions and duties of Ehlers and Associates, Inc., as escrow holder of the Deposit, pursuant to the Terms of Proposal. The Deposit will be deducted from the purchase price at the closing for the Bonds. This proposal is for prompt acceptance and is conditional upon delivery of said Bonds to The Depository Trust Company, New York, New York, in accordance with the Terms of Proposal. Delivery is anticipated to be on or about April 30, 2026.

This proposal is subject to the District's agreement to enter into a written undertaking to provide continuing disclosure under Rule 15c2-12 promulgated by the Securities and Exchange Commission under the Securities Exchange Act of 1934 as described in the Preliminary Official Statement for the Bonds.

We have received and reviewed the Official Statement, and any addenda thereto, and have submitted our requests for additional information or corrections to the Final Official Statement. As Underwriter (Syndicate Manager), we agree to provide the District with the reoffering price of the Bonds within 24 hours of the proposal acceptance.

This proposal is a firm offer for the purchase of the Bonds identified in the Terms of Proposal, on the terms set forth in this proposal form and the Terms of Proposal, and is not subject to any conditions, except as permitted by the Terms of Proposal.

By submitting this proposal, we confirm that we are an underwriter and have an established industry reputation for underwriting new issuances of municipal bonds. YES: NO: .

If the competitive sale requirements are not met, we elect to use either the: 10% test, or the hold-the-offering-price rule to determine the issue price of the Bonds.
