PRELIMINARY OFFICIAL STATEMENT DATED DECEMBER 26, 2019

This Preliminary Official Statement and the information contained herein are subject to completion and amendment. These securities may not be sold nor may offers to buy be accepted prior to the time the Official Statement is delivered in final form. Under no circumstances shall this Preliminary Official Statement constitute an offer to sell or the solicitation of an offer to buy nor shall there be any sale of these securities in any jurisdiction in which such offer, solicitation or sale would be unlawful prior to registration or qualification under the securities laws of any such jurisdiction. This Preliminary Official Statement is in a form deemed final as of its date for purposes of SEC Rule 15c2-12(b) (1), but is subject to revision, amendment and completion in a Final Official Statement.

In the opinion of Bond Counsel, under present federal and State of Minnesota laws, regulations and rulings, the interest to be paid on the Bonds of this offering is not includible in gross income of the recipient for United States or in taxable net income of individuals, estates or trusts for State of Minnesota income tax purposes. Interest on the Bonds is includible in taxable income of corporations and financial institutions for purposes of the Minnesota franchise tax. See " Tax Exemption" herein for a discussion of federal tax legislation.

The District will designate the Bonds as "qualified tax-exempt obligations" for purposes of Section 265(b)(3) of the Internal Revenue Code of 1986, as amended, relating to the ability of financial institutions to deduct from income for federal income tax purposes, interest expense that is allocable to carrying and acquiring tax-exempt obligations.

REPRESENTATIONS

No dealer, broker, salesperson or other person has been authorized by the District to give any information or to make any representation other than those contained in this Preliminary Official Statement and, if given or made, such other information or representations must not be relied upon as having been authorized by the District. ***This Preliminary Official Statement does not constitute an offer to sell or a solicitation of an offer to buy any of the Bonds in any jurisdiction to any person to whom it is unlawful to make such an offer or solicitation in such jurisdiction.***

This Preliminary Official Statement is not to be construed as a contract with the Syndicate Manager or Syndicate Members. Statements contained herein which involve estimates or matters of opinion are intended solely as such and are not to be construed as representations of fact. Ehlers and Associates, Inc. prepared this Preliminary Official Statement and any addenda thereto relying on information of the District and other sources for which there is reasonable basis for believing the information is accurate and complete. Bond Counsel has not participated in the preparation of this Preliminary Official Statement and is not expressing any opinion as to the completeness or accuracy of the information contained therein. Compensation of Ehlers and Associates, Inc., payable entirely by the District, is contingent upon the delivery of the Bonds.

COMPLIANCE WITH S.E.C. RULE 15c2-12

Certain municipal obligations (issued in an aggregate amount over $1,000,000) are subject to Rule 15c2-12 promulgated by the Securities and Exchange Commission pursuant to the Securities Exchange Act of 1934, as amended (the "Rule").

Preliminary Official Statement: This Preliminary Official Statement was prepared for the District for dissemination to potential investors. Its primary purpose is to disclose information regarding the Bonds to prospective underwriters in the interest of receiving competitive proposals in accordance with the sale notice contained herein. Unless an addendum is posted prior to the sale, this Preliminary Official Statement shall be deemed nearly final for purposes of the Rule subject to completion, revision and amendment in a Final Official Statement as defined below.

Review Period: This Preliminary Official Statement has been distributed to prospective bidders for review. Comments or requests for the correction of omissions or inaccuracies must be submitted to Ehlers and Associates, Inc. at least two business days prior to the sale. Requests for additional information or corrections in the Preliminary Official Statement received on or before this date will not be considered a qualification of a proposal received from an underwriter. If there are any changes, corrections or additions to the Preliminary Official Statement, interested bidders will be informed by an addendum prior to the sale.

Final Official Statement: Copies of the Final Official Statement will be delivered to the underwriter (Syndicate Manager) within seven business days following the proposal acceptance.

Continuing Disclosure: Subject to certain exemptions, issues in an aggregate amount over $1,000,000 may be required to comply with provisions of the Rule which require that underwriters obtain from the issuers of municipal securities (or other obligated party) an agreement for the benefit of the owners of the securities to provide continuing disclosure with respect to those securities. This Preliminary Official Statement describes the conditions under which the District is required to comply with the Rule.

CLOSING CERTIFICATES

Upon delivery of the Bonds, the underwriter (Syndicate Manager) will be furnished with the following items: (1) a certificate of the appropriate officials to the effect that at the time of the sale of the Bonds and all times subsequent thereto up to and including the time of the delivery of the Bonds, this Preliminary Official Statement did not and does not contain any untrue statement of a material fact or omit to state a material fact necessary to make the statements therein, in the light of the circumstances under which they were made, not misleading; (2) a receipt signed by the appropriate officer evidencing payment for the Bonds; (3) a certificate evidencing the due execution of the Bonds, including statements that (a) no litigation of any nature is pending, or to the knowledge of signers, threatened, restraining or enjoining the issuance and delivery of the Bonds, (b) neither the corporate existence or boundaries of the District nor the title of the signers to their respective offices is being contested, and (c) no authority or proceedings for the issuance of the Bonds have been repealed, revoked or rescinded; and (4) a certificate setting forth facts and expectations of the District which indicates that the District does not expect to use the proceeds of the Bonds in a manner that would cause them to be arbitrage bonds within the meaning of Section 148 of the Internal Revenue Code of 1986, as amended, or within the meaning of applicable Treasury Regulations.

INTRODUCTORY STATEMENT

This Preliminary Official Statement contains certain information regarding Independent School District No. 547 (Parkers Prairie Public Schools), Minnesota (the "District") and the issuance of its $4,045,000* General Obligation School Building Bonds, Series 2020A (the "Bonds"). Any descriptions or summaries of the Bonds, statutes, or documents included herein are not intended to be complete and are qualified in their entirety by reference to such statutes and documents and the form of the Bonds to be included in the resolution authorizing the issuance and sale of the Bonds ("Award Resolution") to be adopted by the Board of Education on January 9, 2020.

Inquiries may be directed to Ehlers and Associates, Inc. ("Ehlers" or the "Municipal Advisor"), Roseville, Minnesota, (651) 697-8500, the District's municipal advisor. A copy of this Preliminary Official Statement may be downloaded from Ehlers' web site at www.ehlers-inc.com by connecting to the Bond Sales link and following the directions at the top of the site.

THE BONDS

GENERAL

The Bonds will be issued in fully registered form as to both principal and interest in denominations of $5,000 each or any integral multiple thereof, and will be dated, as originally issued, as of January 30, 2020. The Bonds will mature on February 1 in the years and amounts set forth on the cover of this Preliminary Official Statement. Interest will be payable on February 1 and August 1 of each year, commencing August 1, 2020, to the registered owners of the Bonds appearing of record in the bond register as of the close of business on the 15th day (whether or not a business day) of the immediately preceding month. Interest will be computed upon the basis of a 360-day year of twelve 30-day months and will be rounded pursuant to rules of the Municipal Securities Rulemaking Board ("MSRB"). **The rate for any maturity may not be more than 2.00% less than the rate for any preceding maturity. (For example, if a rate of 4.50% is proposed for the 2021 maturity, then the lowest rate that may be proposed for any later maturity is 2.50%.)** All Bonds of the same maturity must bear interest from the date of issue until paid at a single, uniform rate. Each rate must be expressed in an integral multiple of 5/100 or 1/8 of 1%.

Unless otherwise specified by the purchaser, the Bonds will be registered in the name of Cede & Co., as nominee for The Depository Trust Company, New York, New York ("DTC"). (See "Book-Entry-Only System" herein.) As long as the Bonds are held under the book-entry system, beneficial ownership interests in the Bonds may be acquired in book-entry form only, and all payments of principal of, premium, if any, and interest on the Bonds shall be made through the facilities of DTC and its participants. If the book-entry system is terminated, principal of, premium, if any, and interest on the Bonds shall be payable as provided in the Award Resolution.

The District has selected Bond Trust Services Corporation, Roseville, Minnesota, to act as paying agent (the "Paying Agent"). Bond Trust Services Corporation and Ehlers are affiliate companies. The District will pay the charges for Paying Agent services. The District reserves the right to remove the Paying Agent and to appoint a successor.

*Preliminary, subject to change.

OPTIONAL REDEMPTION

At the option of the District, the Bonds maturing on or after February 1, 2029 shall be subject to optional redemption prior to maturity on February 1, 2028 or any date thereafter, at a price of par plus accrued interest.

Redemption may be in whole or in part of the Bonds subject to prepayment. If redemption is in part, the selection of the amounts and maturities of the Bonds to be redeemed shall be at the discretion of the District. If only part of the Bonds having a common maturity date are called for redemption, then the District or Paying Agent, if any, will notify DTC of the particular amount of such maturity to be redeemed. DTC will determine by lot the amount of each participant's interest in such maturity to be redeemed and each participant will then select by lot the beneficial ownership interest in such maturity to be redeemed.

Notice of redemption shall be sent by mail not more than 60 days and not less than 30 days prior to the date fixed for redemption to the registered owner of each Bond to be redeemed at the address shown on the registration books.

AUTHORITY; PURPOSE

The Bonds are being issued by the District pursuant to Minnesota Statutes, Chapter 475, and a special election held November 5, 2019, at which voters approved a building program by a vote of 286 - 49. Proceeds of the Bonds will be used to provide funds for the acquisition and betterment of school sites and facilities, including the construction and equipping of a childcare addition, toilet, life safety, HVAC, deferred maintenance and other associated upgrades at the Parkers Prairie Elementary School, and the construction and equipping of a fitness room addition, toilet, security, HVAC, deferred maintenance and other associated upgrades at Parkers Prairie High School.

SECURITY

The Bonds are general obligations of the District to which its full faith, credit and taxing powers are pledged. In accordance with Minnesota Statutes, the District will levy each year an amount not less than 105% of the debt service requirements on the Bonds, less estimated collections of other revenues pledged for payments on the Bonds. In the event funds on hand for payment of principal and interest are at any time insufficient, the District is required to levy additional taxes upon all taxable properties within its boundaries without limit as to rate or amount to make up any deficiency.

RATING

The District will be participating in the State of Minnesota Credit Enhancement Program ("MNCEP") for this issue and is requesting a rating from S&P Global Ratings ("S&P"). S&P has a policy which assigns a minimum rating of "AAA" to issuers participating in the MNCEP. The "AAA" rating is based on the State of Minnesota’s current "AAA" rating from S&P. See "STATE OF MINNESOTA CREDIT ENHANCEMENT PROGRAM FOR SCHOOL DISTRICTS" for further details.

The District does not currently have an underlying rating, however, has requested an underlying rating on this issue from S&P. Such rating reflects only the views of such organization and explanations of the significance of such rating may be obtained from the rating agency furnishing the same. Generally, a rating agency bases its rating on the information and materials furnished to it and on investigations, studies and assumptions of its own. There is no assurance that such rating will continue for any given period of time or that it will not be revised downward or withdrawn entirely by such rating agency, if in the judgement of such rating agency circumstances so warrant. Any such downward revision or withdrawal of such rating may have an adverse effect on the market price of the Bonds.

Such rating is not to be construed as a recommendation of the rating agency to buy, sell or hold the Bonds, and the rating assigned by the rating agency should be evaluated independently. Except as may be required by the Disclosure Undertaking described under the heading “CONTINUING DISCLOSURE” neither the District nor the underwriter undertake responsibility to bring to the attention of the owner of the Bonds any proposed changes in or withdrawal of such rating or to oppose any such revision or withdrawal.

STATE OF MINNESOTA CREDIT ENHANCEMENT PROGRAM FOR SCHOOL DISTRICTS

By resolution adopted for this issue on December 12, 2019 (the "Resolution"), the District has covenanted and obligated itself to be bound by the provisions of Minnesota Statutes, Section 126C.55, which provides for payment by the State of Minnesota in the event of a potential default of a school district obligation (herein referred to as the "State Payment Law" or the "Law"). The provisions of the State Payment Law shall be binding on the District as long as any obligations of the issue remain outstanding.

Under the State Payment Law, if the District believes it may be unable to make a principal or interest payment for this issue on the due date, it must notify the Commissioner of Education as soon as possible, but not less than 15 working days prior to the due date (which notice is to specify certain information) that it intends to exercise the provisions of the Law to guarantee payment of the principal and interest when due. The District also covenants in the Resolution to deposit with the Paying Agent for the issue three business days prior to the date on which a payment is due an amount sufficient to make that payment or to notify the Commissioner of Education that it will be unable to make all or a portion of the payment.

The Law also requires the Paying Agent for this issue to notify the Commissioner of Education if it becomes aware of a potential default in the payment of principal and interest on these obligations, or if, on the day two business days prior to the payment date, there are insufficient funds to make the payment or deposit with the Paying Agent.

The Law also requires, after receipt of a notice which requests a payment pursuant to the Law, after consultation with the Paying Agent and District, and after verifying the accuracy of the information provided, the Commissioner of Education shall notify the Commissioner of Management and Budget of the potential default. The State Payment Law provides that "upon receipt of this notice . . . the Commissioner of Management and Budget shall issue a warrant and authorize the Commissioner of Education to pay to the Paying Agent for the debt obligation the specified amount on or before the date due. The amounts needed for purposes of subdivision are annually appropriated to the Department of Education from the state general fund."

The Law requires that all amounts paid by the State on behalf of any School District are required to be repaid by the District to the State with interest, either via a reduction in State aid payable to the District, or through the levy of an ad valorem tax which may be made with the approval of the Commissioner of Education.

In its Official Statement dated August 6, 2019, for General Obligation State Bonds, Series 2019A, 2019B, 2019C and 2019D, the State of Minnesota disclosed the following information about the State Credit Enhancement Program for School Districts.

> "As the date of this Official Statement, the total amount of principal on certificates of indebtedness and capital notes issued for equipment, certificates of participation and bonds, plus the interest on these obligations, through the year 2046, is approximately $15.1 billion. Based upon these currently outstanding balances now enrolled in the program, during the Current Biennium the total amount of principal and interest outstanding as of the date of this Official Statement is $2.3 billion, with the maximum amount of principal and interest payable in any one month being $889.3 million. However, more certificates of indebtedness, capital notes, certificates of participation and bonds are expected to be enrolled in the program and these amounts are expected to increase.
>
> The State has not had to make any debt service payments on behalf of school districts or intermediate school districts under the program and does not expect to make any payments in the future. If such payments are made the State expects to recover all or substantially all of the amounts so paid pursuant to contractual agreements with the school districts and intermediate school districts."

CONTINUING DISCLOSURE

In order to assist brokers, dealers, and municipal securities dealers, in connection with their participation in the offering of the Bonds, to comply with Rule 15c2-12 promulgated by the Securities and Exchange Commission, pursuant to the Securities and Exchange Act of 1934, as amended (the "Rule"), the District shall agree to provide certain information to the Municipal Securities Rulemaking Board (MSRB) through its Electronic Municipal Market Access (EMMA) system, or any system that may be prescribed in the future. The Rule was last amended, effective February 27, 2019, to include an expanded list of material events.

On the date of issue and delivery, the District shall execute and deliver a Continuing Disclosure Certificate, under which the District will covenant for the benefit of holders including beneficial holders, to provide electronically, or in a manner otherwise prescribed, certain financial information annually and to provide notices of the occurrence of certain events enumerated in the Rule (the "Disclosure Undertaking"). The details and terms of the Disclosure Undertaking for the District are set forth in Appendix D. Such Disclosure Undertaking will be in substantially the form attached hereto.

A failure by the District to comply with any Disclosure Undertaking will not constitute an event of default on the Bonds. However, such a failure may adversely affect the transferability and liquidity of the Bonds and their market price.

In the previous five years, the District believes it has not failed to comply in all material respects with its prior undertakings under the Rule. The District has reviewed its continuing disclosure responsibilities along with any changes to the Rule, to ensure compliance. Ehlers is currently engaged as dissemination agent for the District.

LEGAL OPINION

An opinion as to the validity of the Bonds and the exemption from taxation of the interest thereon will be furnished by Knutson, Flynn & Deans, P.A., Mendota Heights, Minnesota, Bond Counsel to the District, and will be available at the time of delivery of the Bonds. The legal opinion will state that the Bonds are valid and binding general obligations of the District; provided that the rights of the owners of the Bonds and the enforceability of the Bonds may be limited by bankruptcy, insolvency, reorganization, moratorium, and other similar laws affecting creditors' rights and by equitable principles (which may be applied in either a legal or equitable proceeding). See "FORM OF LEGAL OPINION" found in Appendix B.

TAX EXEMPTION AND RELATED CONSIDERATIONS

In the opinion of Knutson, Flynn & Deans, P.A., as Bond Counsel, on the basis of laws in effect on the date of issuance of the Bonds, interest on the Bonds is not includible in gross income for federal income tax purposes or in taxable net income of individuals, estates and trusts for Minnesota income tax purposes. Interest on the Bonds is includible in taxable income of corporations and financial institutions for purposes of the Minnesota franchise tax. Certain provisions of the Internal Revenue Code of 1986, as amended (the Code), however, impose continuing requirements that must be met after the issuance of the Bonds in order for interest thereon to be and remain not includible in federal gross income and in Minnesota taxable net income. Noncompliance with such requirements by the Issuer may cause the interest on the Bonds to be includible in federal gross income and in Minnesota taxable net income, retroactive to the date of issuance of the Bonds, irrespective in some cases of the date on which such noncompliance occurs or is ascertained. No provision has been made for redemption of or for an increase in the interest rate on the Bonds in the event that interest on the Bonds becomes includible in federal gross income or Minnesota taxable net income.

Interest on the Bonds is not an item of tax preference includible in alternative minimum taxable income for purposes of the federal alternative minimum tax applicable to all taxpayers or the Minnesota alternative minimum tax applicable to individuals, estates and trusts, and is not includible in adjusted current earnings in determining the alternative minimum taxable income of corporations for purposes of the federal alternative minimum tax, and the environmental tax imposed by Section 59A of the Code. Interest on the Bonds may be includible in the income of a foreign corporation for purposes of the branch profits tax imposed by Section 884 of the Code and is includible in the net investment income of foreign insurance companies for purposes of Section 842(b) of the Code. In the case of an insurance company subject to the tax imposed by Section 831 of the Code, the amount which otherwise would be taken into account as losses incurred under Section 832(b)(5) of the Code must be reduced by an amount equal to fifteen percent of the interest on the Bonds that is received or accrued during the taxable year. Section 86 of the Code requires recipients of certain Social Security and railroad retirement benefits to take into account interest on the Bonds in determining the taxability of such benefits. Passive investment income, including interest on the Bonds, may be subject to federal income taxation under Section 1375 of the Code for an S corporation that has Subchapter C earnings and profits at the close of the taxable year if more than twenty-five percent of its gross receipts is passive investment income. Section 265 of the Code denies a deduction for interest on indebtedness incurred or continued to purchase or carry the Bonds.

The foregoing is not intended to be an exhaustive discussion of collateral tax consequences arising from receipt of interest on the Bonds. Prospective purchasers or Bondholders should consult their tax advisors with respect to collateral tax consequences, including without limitation the calculations of alternative minimum tax, environmental tax or foreign branch profits tax liability or the inclusion of Social Security or other retirement payments in taxable income. Except as stated in its opinion, no opinion will be expressed by Bond Counsel regarding other state or federal tax consequences caused by the receipt or accrual of interest on or arising with respect to ownership of the Bonds.

QUALIFIED TAX-EXEMPT OBLIGATIONS

The District will designate the Bonds as "qualified tax-exempt obligations" for purposes of Section 265(b)(3) of the Code relating to the ability of financial institutions to deduct from income for federal income tax purposes, interest expense that is allocable to carrying and acquiring tax-exempt obligations.

MUNICIPAL ADVISOR

Ehlers has served as municipal advisor to the District in connection with the issuance of the Bonds. The Municipal Advisor cannot participate in the underwriting of the Bonds. The financial information included in this Preliminary Official Statement has been compiled by the Municipal Advisor. Such information does not purport to be a review, audit or certified forecast of future events and may not conform with accounting principles applicable to compilations of financial information. Ehlers is not a firm of certified public accountants. Ehlers is registered with the Securities and Exchange Commission and the MSRB as a municipal advisor. Ehlers makes no representation, warranty or guarantee regarding the accuracy or completeness of the information in this Official Statement, and its assistance in preparing this Official Statement should not be construed as a representation that it has independently verified such information.

MUNICIPAL ADVISOR AFFILIATED COMPANIES

Bond Trust Services Corporation ("BTSC") and Ehlers Investment Partners, LLC ("EIP") are affiliate companies of Ehlers. BTSC is chartered by the State of Minnesota and authorized in Minnesota, Wisconsin, Colorado, and Illinois to transact the business of a limited purpose trust company. BTSC provides paying agent services to debt issuers. EIP is a Registered Investment Advisor with the Securities and Exchange Commission. EIP assists issuers with the investment of bond proceeds or investing other issuer funds. This includes escrow bidding agent services. Issuers, such as the District, have retained or may retain BTSC and/or EIP to provide these services. If hired, BTSC and/or EIP would be retained by the District under an agreement separate from Ehlers.

INDEPENDENT AUDITORS

The basic financial statements of the District for the fiscal year ended June 30, 2019 have been audited by Eide Bailly LLP, Fargo, North Dakota, independent auditors (the "Auditor"). The report of the Auditor, together with the basic financial statements, component units financial statements, and notes to the financial statements are attached hereto as “APPENDIX A – FINANCIAL STATEMENTS”. The Auditor has not been engaged to perform and has not performed, since the date of its report included herein, any procedures on the financial statements addressed in that report. The Auditor also has not performed any procedures relating to this Official Statement.

RISK FACTORS

Following is a description of possible risks to holders of the Bonds without weighting as to probability. This description of risks is not intended to be all-inclusive, and there may be other risks not now perceived or listed here.

Taxes: The Bonds are general obligations of the District, the ultimate payment of which rests in the District's ability to levy and collect sufficient taxes to pay debt service should other revenue (state aids) be insufficient. In the event of delayed billing, collection or distribution of property taxes, sufficient funds may not be available to the District in time to pay debt service when due.

State Actions: Many elements of local government finance, including the issuance of debt and the levy of property taxes, are controlled by state government. Future actions of the state may affect the overall financial condition of the District, the taxable value of property within the District, and the ability of the District to levy and collect property taxes.

Future Changes in Law: Various State and federal laws, regulations and constitutional provisions apply to the District and to the Bonds. The District can give no assurance that there will not be a change in or interpretation of any such applicable laws, regulations and provisions which would have a material effect on the District or the taxing authority of the District.

Ratings; Interest Rates: In the future, the District's credit rating may be reduced or withdrawn, or interest rates for this type of obligation may rise generally, either possibility resulting in a reduction in the value of the Bonds for resale prior to maturity.

Tax Exemption: If the federal government or the State of Minnesota taxes all or a portion of the interest on municipal obligations, directly or indirectly, or if there is a change in federal or state tax policy, the value of the Bonds may fall for purposes of resale. Noncompliance following the issuance of the Bonds with certain requirements of the Code and covenants of the Award Resolution may result in the inclusion of interest on the Bonds in gross income of the recipient for United States income tax purposes or in taxable net income of individuals, estates or trusts for State of Minnesota income tax purposes. No provision has been made for redemption of the Bonds, or for an increase in the interest rate on the Bonds, in the event that interest on the Bonds becomes subject to federal or State of Minnesota income taxation, retroactive to the date of issuance.

Continuing Disclosure: A failure by the District to comply with the Disclosure Undertaking for continuing disclosure (see "CONTINUING DISCLOSURE") will not constitute an event of default on the Bonds. Any such failure must be reported in accordance with the Rule and must be considered by any broker, dealer, or municipal securities dealer before recommending the purchase or sale of the Bonds in the secondary market. Such a failure may adversely affect the transferability and liquidity of the Bonds and their market price.

State Economy; State Aids: State of Minnesota cash flow problems could affect local governments and possibly increase property taxes.

Book-Entry-Only System: The timely credit of payments for principal and interest on the Bonds to the accounts of the Beneficial Owners of the Bonds may be delayed due to the customary practices, standing instructions or for other unknown reasons by DTC participants or indirect participants. Since the notice of redemption or other notices to holders of these obligations will be delivered by the District to DTC only, there may be a delay or failure by DTC, DTC participants or indirect participants to notify the Beneficial Owners of the Bonds.

Economy: A combination of economic, climatic, political or civil disruptions or terrorist actions outside of the control of the District, including loss of major taxpayers or major employers, could affect the local economy and result in reduced tax collections and/or increased demands upon local government. Real or perceived threats to the financial stability of the District may have an adverse effect on the value of the Bonds in the secondary market.

Secondary Market for the Bonds: No assurance can be given that a secondary market will develop for the purchase and sale of the Bonds or, if a secondary market exists, that such Bonds can be sold for any particular price. The underwriters are not obligated to engage in secondary market trading or to repurchase any of the Bonds at the request of the owners thereof. Prices of the Bonds as traded in the secondary market are subject to adjustment upward and downward in response to changes in the credit markets and other prevailing circumstances. No guarantee exists as to the future market value of the Bonds. Such market value could be substantially different from the original purchase price.

Bankruptcy: The rights and remedies of the holders may be limited by and are subject to the provisions of federal bankruptcy laws, to other laws, or equitable principles that may affect the enforcement of creditors' rights, to the exercise of judicial discretion in appropriate cases and to limitations on legal remedies against local governments. The opinion of Bond Counsel to be delivered with respect to the Bonds will be similarly qualified.

Cybersecurity: The District is dependent on electronic information technology systems to deliver services. These systems may contain sensitive information or support critical operational functions which may have value for unauthorized purposes. As a result, the electronic systems and networks may be targets of cyberattack. There can be no assurance that the District will not experience an information technology breach or attack with financial consequences that could have a material adverse impact.

VALUATIONS

OVERVIEW

All non-exempt property is subject to taxation by local taxing districts. Exempt real property includes Indian lands, public property, and educational, religious and charitable institutions. Most personal property is exempt from taxation (except investor-owned utility mains, generating plants, etc.).

The valuation of property in Minnesota consists of three elements. (1) The estimated market value is set by city or county assessors. Not less than 20% of all real properties are to be appraised by local assessors each year. (2) The taxable market value is the estimated market value adjusted by all legislative exclusions. (3) The tax capacity (taxable) value of property is determined by class rates set by the State Legislature. The tax capacity rate varies according to the classification of the property. Tax capacity represents a percent of taxable market value.

The property tax rate for a local taxing jurisdiction is determined by dividing the total tax capacity or market value of property within the jurisdiction into the dollars to be raised from the levy. State law determines whether a levy is spread on tax capacity or market value. Major classifications and the percentages by which tax capacity is determined are:

[1] According to the Minnesota Department of Revenue, the Assessor's Estimated Market Value (the "AEMV") for Independent School District No. 547 (Parkers Prairie Public Schools) is about 91.36% of the actual selling prices of property most recently sold in the District. The sales ratio was calculated by comparing the selling prices with the AEMV. Dividing the AEMV of real estate by the sales ratio and adding the AEMV of personal property and utility, railroads and minerals, if any, results in an Economic Market Value ("EMV") for the District of $554,538,148.

DEBT

DIRECT DEBT[1]

General Obligation Debt (see schedule following)

Total G.O. debt secured by taxes and state aids[2] (includes the Bonds)*	$4,345,000

*Preliminary, subject to change.

STATE AID FOR DEBT SERVICE

The Minnesota Debt Service Equalization program provides state aid to finance a portion of the principal and interest payments on most school district bonds. Bonds not eligible for the program include all alternative facilities bonds, facilities maintenance bonds, capital facilities bonds and OPEB bonds, as well as building bonds with relatively short maturities.

Under the Debt Service Equalization Formula (the Formula) adopted by the 2001 Minnesota State Legislature, each school district is responsible for the amount of its qualifying annual debt service which is equal to 15.74% of its Adjusted Net Tax Capacity (ANTC). The District does not currently qualify for debt service equalization aid.

In addition to debt service equalization aid, some school districts will qualify for state Long Term Facilities Maintenance Aid to finance a portion of the payments on Alternative Facilities Bonds and Facilities Maintenance Bonds, pursuant to the Long Term Facilities Maintenance Revenue (LTFMR) program approved by the State in 2015. If any aid is received, it is deposited into the District's debt service fund and must be used for payments on the bonds; any payment of state aid into the debt service fund causes a reduction in the tax levy for Alternative Facilities Bonds and Facilities Maintenance Bonds. The amount of aid received in the debt service fund will vary each year, depending on a number of factors. The District does not currently qualify for Long Term Facilities Maintenance Aid in the debt service fund.

Some Districts will also receive aid for debt service payments through the state School Building Bond Agricultural Credit, which is paid to Districts to offset a portion of certain bond levies (Minn. Stat. Section 273.1387). The reimbursement percentages are 40% for taxes payable in 2018 and 2019, 50% for 2020, 55% for 2021, 60% for 2022, and 70% for 2023 and thereafter. The school building bond agricultural credit applies to farmland, excluding the house, garage and one acre, rural vacant land and managed forestland. The amount of agricultural credit received in the debt service fund for taxes payable 2020 is approximately 17.7% of total annual debt service levies, based on the District’s 2018/19 qualifying agricultural land valuation.

---

1 Outstanding debt is as of the dated date of the Bonds.

2 Based upon the agricultural land valuation and current statistics, the District anticipates a portion of this debt will be paid by the State of Minnesota.

BONDED DEBT LIMIT

Minnesota Statutes, Section 475.53, subdivision 4, presently limits the "net debt" of a school district to 15% of its actual market value. The actual market value of property within a district, on which its debt limit is based, is (a) the value certified by the county auditors, or (b) this value divided by the ratio certified by the commissioner of revenue, whichever results in a higher value. The current debt limit of the District is computed as follows:

2018/19 Economic Market Value	$ 554,538,148
Multiply by 15%	0.15
Statutory Debt Limit	$ 83,180,722
Less: Long-Term Debt Outstanding Being Paid Solely from Taxes (Includes the Bonds)*	(4,345,000)
Unused Debt Limit*	$ 78,835,722

FUTURE FINANCING

The District has no current plans for additional financing in the next 12 months.

LEVY LIMITS

Minnesota school district tax levies for most purposes are subject to statutory limitations. No limit, however, is placed on the debt service levy, and districts are required to levy 105% of actual principal and interest requirements to allow for delinquencies.

School districts receive a basic revenue amount per pupil unit from aid and levy proceeds in a variety of categorical state aids. They are also allowed to certify additional levies within limits for certain specified purposes. The State Department of Education and the applicable County Auditors review the levies of each school district to determine compliance with state levy limits.

1 Based on current State law and statistics, the State of Minnesota is estimated to pay approximately 17.7% of the principal and interest of the District's general obligation bonds. Assuming this percentage continues for the life of the issue, the State's proportionate share of principal is $769,065.

THE ISSUER

EMPLOYEES

The District is governed by an elected school board and employs a staff of 88, including 44 non-licensed employees and 44 licensed employees (40 of whom are teachers). The District provides education for 527 students in grades kindergarten through twelve.

PENSIONS; UNIONS

Teachers' Retirement Association (TRA)

All teachers employed by the District are covered by defined benefit pension plans administered by the State of Minnesota Teachers Retirement Association (TRA). TRA members belong to either the Coordinated Plan or the Basic Plan. Coordinated members are covered by Social Security and Basic members are not. All new members must participate in the Coordinated Plan. These plans are established and administered in accordance with Minnesota Statutes, Chapter 354 and 356.

Public Employees' Retirement Association (PERA)

All full-time and certain part-time employees of the District (other than those covered by TRA) are covered by a defined benefit plan administered by the Public Employees' Retirement Association of Minnesota (PERA). PERA administers the General Employees Retirement Fund (GERF) which is a cost-sharing, multiple-employer retirement plan. This plan is established and administered in accordance with Minnesota Statutes, Chapters 353 and 356.

There is no litigation threatened or pending questioning the organization or boundaries of the District or the right of any of its officers to their respective offices or in any manner questioning their rights and power to execute and deliver the Bonds or otherwise questioning the validity of the Bonds.

MUNICIPAL BANKRUPTCY

Municipalities are prohibited from filing for bankruptcy under Chapter 11 (reorganization) or Chapter 7 (liquidation) of the U.S. Bankruptcy Code (11 U.S.C. §§ 101-1532) (the "Bankruptcy Code"). Instead, the Bankruptcy Code permits municipalities to file a petition under Chapter 9 of the Bankruptcy Code, but only if certain requirements are met. These requirements include that the municipality must be "specifically authorized" under State law to file for relief under Chapter 9. For these purposes, "State law" may include, without limitation, statutes of general applicability enacted by the State legislature, special legislation applicable to a particular municipality, and/or executive orders issued by an appropriate officer of the State's executive branch.

Currently there is no statutory authority for Minnesota school districts to file for bankruptcy relief under Chapter 9 of the Bankruptcy Code.

Nevertheless, there can be no assurance (a) that State law will not change in the future while the Bonds are outstanding; or (b) even absent such a change in State law, that an executive order or other executive action could not effectively authorize the District to file for relief under Chapter 9; or (c) whether it would still be eligible for voluntary or involuntary relief under Chapters of the Bankruptcy Code other than Chapter 9 or under similar federal or state law or equitable proceeding regarding insolvency or providing for protection from creditors. Such action could impact the rights of holders of the Bonds. Such modifications could be adverse to holders of the Bonds and there could ultimately be no assurance that holders of the Bonds would be paid in full or in part on the Bonds.

FINANCIAL STATEMENTS

Potential purchasers should read the included financial statements in their entirety for more complete information concerning the District's financial position. Such financial statements have been audited by the Auditor, to the extent and for the periods indicated thereon. The District has not requested or engaged the Auditor to perform, and the Auditor has not performed, any additional examination, assessments, procedures or evaluation with respect to such financial statements since the date thereof or with respect to this Preliminary Official Statement, nor has the District requested that the Auditor consent to the use of such financial statements in this Preliminary Official Statement. Although the inclusion of the financial statements in this Preliminary Official Statement is not intended to demonstrate the fiscal condition of the District since the date of the financial statements, in connection with the issuance of the Bonds, the District represents that there have been no material adverse change in the financial position or results of operations of the District, nor has the District incurred any material liabilities, which would make such financial statements misleading.

Copies of the complete audited financial statements for the past three years and the current budget are available upon request from Ehlers.

Independent School District No. 547
Parkers Prairie Area Public Schools
Parkers Prairie, Minnesota

Report on the Financial Statements

We have audited the accompanying financial statements of the governmental activities, each major fund, and the aggregate remaining fund information of Independent School District No. 547, (the District) Parkers Prairie, Minnesota, as of and for the year ended June 30, 2019, and the related notes to the financial statements, which collectively comprise the District's basic financial statements as listed in the table of contents.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express opinions on these financial statements based on our audit. We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinions.

Opinions
In our opinion, the financial statements referred to above present fairly, in all material respects, the respective financial position of the governmental activities, each major fund, and the aggregate remaining fund information of the District, as of June 30, 2019, and the respective changes in financial position and the budgetary comparison for the general fund for the year then ended in accordance with accounting principles generally accepted in the United States of America.

Other Matters

Required Supplementary Information
Accounting principles generally accepted in the United States of America require that the management's discussion and analysis, schedule of changes in the District's total OPEB liability and related ratios, schedule of employer's share of net pension liability, and schedule of employer's contributions as listed in the table of contents be presented to supplement the basic financial statements. Such information, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board, who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. We have applied certain limited procedures to the required supplementary information in accordance with auditing standards generally accepted in the United States of America, which consisted of inquires of management about the methods or preparing the information and comparing the information for consistency with management's responses to our inquires, the basic financial statements, and other knowledge we obtained during our audit of the basic financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.

Other Information
Our audit was conducted for the purpose of forming opinions on the financial statements that collectively comprise the District's financial statements. The school board and administration, combining and individual fund schedules, schedule of changes in student activity cash balances, and uniform accounting and reporting standards compliance table are presented for purposes of additional analysis and are not a required part of the financial statements.

The combining and individual fund schedules, uniform accounting and reporting standards compliance table, and the schedule of changes in student activity cash balances are the responsibility of management and were derived from and relate directly to the underlying accounting and other records used to prepare the basic financial statements. Such information has been subjected to the auditing procedures applied in the audit of the basic financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the basic financial statements or to the basic financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the information is fairly stated, in all material respects, in relation to the basic financial statements as a whole.

The school board and administration has not been subjected to the auditing procedures applied in the audit of the basic financial statements and, accordingly, we do not express an opinion or provide any assurance on it.

Other Reporting Required by *Government Auditing Standards*

In accordance with *Government Auditing Standards*, we have also issued our report dated October 22, 2019 on our consideration of the District's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements and other matters. The purpose of that report is solely to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the District's internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the District's internal control over financial reporting and compliance.

Report on Other Legal and Regulatory Requirements

In accordance with the Legal Compliance Audit Guide prepared by the Office of the State Auditor pursuant to Minn. Stat. §6.65, we have also issued a report dated October 22, 2019 on our consideration of the District's compliance with aspects of the provisions of the Minnesota Legal Compliance Audit Guide for School Districts. The purpose of that report is to describe the scope of our testing of compliance and the results of that testing, and not directed primarily toward obtaining knowledge of noncompliance. That report is an integral part of procedures performed in accordance with the Office of the State Auditor's Minnesota Legal Compliance Audit Guide for School Districts in considering the District's compliance with certain regulatory requirements pursuant to Minn. Stat. §6.65.

This section of Parkers Prairie Public Schools – Independent School District 547's annual financial report presents our discussion and analysis of the District's financial performance during the fiscal year that ended on June 30, 2019.

Financial Highlights

Key financial highlights for the 2019 fiscal year:

- Overall revenues were $8,008,976, which is $1,389,755 more than expenses at the district-wide level.
- General Fund balance decreased by $47,314.
- The Debt Service fund balance decreased by $4,711.
- The Food Service fund balance increased by $1,205.
- The Community Service fund balance decreased by $39,385.

Overview of the Financial Statements

The financial section of the annual report consists of three parts – Independent Auditor's Report, required supplementary information which includes the management's discussion and analysis (this section) and the basic financial statements. The basic financial statements include two kinds of statements that present different views of the District:

- The first two statements are district-wide financial statements that provide both short-term and long-term information about the District's overall financial status.

- The remaining statements are fund financial statements that focus on individual parts of the District, reporting the District's operations in more detail than the district-wide statements.

- The governmental funds statements tell how basic services such as regular and special education were financed in the short term as well as what remains for future spending.

The financial statements also include notes that explain some of the information in the statements and provide more detailed data. The following outline shows how the various parts of this annual report are arranged and related to one another.

A. Management's Discussion and Analysis
B. Basic Financial Statements
   1. District-Wide Financial Statements
   2. Fund Financial Statements
   3. General Fund Budget to Actual Statement

Footnote 1 summarizes the major features of the District's financial statements, including the portion of the District's activities they cover and the types of information they contain. The remainder of this overview section of management's discussion and analysis highlights the structure and contents of each of the statements.

District-Wide Statements

The district-wide statements report information about the District as a whole using accounting methods similar to those used by private-sector companies. The statement of net position includes all of the District's assets, deferred outflows of resources, liabilities, and deferred inflows of resources. All of the current year's revenues and expenses are accounted for in the statement of activities regardless of when cash is received or paid.

The two district-wide statements report the District's net position and how they have changed. Net position – the difference between the District's assets and deferred outflows of resources, and liabilities and deferred inflows of resources – is one way to measure the District's financial health or position.

- Over time, increases or decreases in the District's net position is an indicator of whether its financial position is improving or deteriorating, respectively.

- To assess the overall health of the District you need to consider additional non-financial factors such as changes in the District's property tax base and the condition of district buildings and other facilities.

In the district-wide financial statements the District's activities are shown in one category:

Governmental Activities – All of the District's basic services are included here, such as regular and special education, transportation, administration, food services, and community education. Property taxes and state aids finance all of these activities.

Fund Financial Statements

The fund financial statements provide more detailed information about the District's funds – focusing on its most significant or "major" funds – not the District as a whole. Funds are accounting devices the District uses to keep track of specific sources of funding and spending on particular programs:

- Some funds are required by State law and by bond covenants.

- The District establishes other funds to control and manage money for particular purposes (e.g., repaying its long-term debts) or to show that it is properly using certain revenues (e.g., federal grants).

The District has one kind of fund:

Governmental Funds – All of the District's basic services are included in governmental funds, which generally focus on:

1. how cash and other financial assets that can readily be converted to cash flow in and out and
2. the balances left at year-end that are available for spending.

Consequently, the governmental funds statements provide a detailed short-term view that helps to determine whether there are more or fewer financial resources that can be spent in the near future to finance the District's programs. Because this information does not encompass the additional long-term focus of the district-wide statements, we provide additional information at the bottom of the Statement of Activities.

Financial Analysis of the District as a Whole

Net position: The District's combined net position was $899,404 on June 30, 2019. A condensed version of the Statement of Net Position at June 30, 2019 and 2018 is as follows:

Changes in Net Position – The District's total revenues were $8,008,976 for the year ended June 30, 2019. Property taxes and state formula aid accounted for 88.0% of total revenue for the year. The remainder came from other general revenues, investment earnings, and program revenues.

The total cost of all programs and services was $6,619,221. This is a decrease in expenses of $1,850,637 from fiscal year 2018. This decrease in expenses is mainly attributable to the change in the net pension liability. The District's expenses are predominantly related to educating and caring for students. The purely administrative activities of the District accounted for 6.2% of the total expenses.

Financial Analysis of the District's Funds

The financial performance of the District as a whole is reflected in its governmental funds. The District's governmental funds reported a combined fund balance of $2,699,546. Revenues for the District's governmental funds were $8,022,707 while total expenditures were $8,112,912.

General Fund

The General Fund includes the primary operations of the District in providing educational services to students from Pre-K/Special Education through grade 12 including pupil transportation activities and capital outlay projects.

The following schedule presents a summary of General Fund Revenues:

	Year Ended June 30, 2019	Year Ended June 30, 2018	Amount of Increase (Decrease)	Percent Increase (Decrease)
Local property taxes	$ 794,832	$ 764,392	$ 30,440	4.0%
Other local sources	380,909	354,674	26,235	7.4%
State sources	5,908,135	5,624,346	283,789	5.0%
Federal sources	215,568	204,821	10,747	5.2%
Total General Fund revenues	$ 7,299,444	$ 6,948,233	$ 351,211	5.1%

The revenue increased in the General Fund by $351,211 or 5.1% from the previous fiscal year. The increases in state sources are attributed to the amount of direct aid contributions received from the State of Minnesota for Teachers Retirement Association expense.

The following schedule presents a summary of General Fund expenditures:

	Year Ended June 30, 2019	Year Ended June 30, 2018	Amount of Increase (Decrease)	Percent Increase (Decrease)
Salaries and benefits	$ 4,822,867	$ 4,541,993	$ 280,874	6.2%

Long-Term Liabilities

At year-end, the District had $300,000 in general obligation bonds – a decrease of $290,000 from prior year. The District also has $14,013 in compensated absences payable, $496,891 in other post-employment benefit obligations, and $3,762,478 in net pension liability at June 30, 2019. See Note 6 for further information on other postemployment obligation, Note 7 on general obligations bonds and compensated absences, and Note 9 on net pension liability.

Factors Bearing on the District's Future

With the exception of the voter-approved operating referendum, the District is dependent on the State of Minnesota for its revenue authority. Recent experience demonstrates that legislated revenue increases have not been sufficient to meet instructional program needs and increased costs due to inflation.

Contacting the District's Financial Management

This financial report is designed to provide our citizens, taxpayers, customers, and investors and creditors with a general overview of the District's finances and to demonstrate the District's accountability for the money it receives. Amounts reported for governmental activities in the statement of activities are different because:

Capital outlay	390,125
Depreciation expense	(287,356)
Revenues in the statement of activities that do not provide current financial resources are unearned and not reported as revenues in the funds.	(4,397)

In the statement of activities compensated absences are measured by the amounts earned during the year. In the governmental funds, however, expenditures for these items are measured by the amount of financial resources used.	(1,569)
In the statement of activities OPEB obligations are measured by the amounts earned during the year. In the governmental funds, however, expenditures for these items are measured by the amount of financial resources used.	(41,863)
In the statement of activities the cost of pension benefits earned net of employee contributions is reported as pension expense. In the governmental funds, however, the contributions are reported as expense.	1,132,603
The issuance of long-term debt provides current financial resources to governmental funds, while the repayment of principal of long-term debt consumes the current financial resources of governmental funds. Note 1 - Summary of Significant Accounting Policies

A. Organization

Parkers Prairie Area Public Schools, Parkers Prairie, Minnesota (the District) was formed and operates pursuant to applicable Minnesota laws and statutes. The District is governed by a School Board elected by voters of the District. The financial statements of the District have been prepared in conformity with accounting principles generally accepted in the United States of America as applied to governmental units. The Governmental Accounting Standards Board (GASB) is the accepted standard setting body for establishing governmental accounting and financial reporting principles.

B. Reporting Entity

The accompanying financial statements include all funds, departments, agencies, boards, commissions, and other organizations that comprise the District, along with any component units.

Component units are legally separate entities for which the District (primary government) is financially accountable, or for which the exclusion of the component unit would render the financial statements of the primary government misleading. The criteria used to determine if the primary government is financially accountable for a component unit include whether or not the primary government appoints the voting majority of the potential component unit's governing body, is able to impose its will on the potential component unit, is in a relationship of financial burden or benefit with the potential component unit, or is fiscally depended upon by the potential component unit.

Based on these criteria, there are no organizations considered to be component units of the District.

Extracurricular student activities are determined primarily by student participants under the guidance of an adult and are generally conducted outside of school hours. In accordance with Minnesota Statutes, the District's School Board has elected to control and be financially accountable with respect to the underlying extracurricular activities. Accordingly, the extracurricular student activity accounts are included in these financial statements.

C. District-Wide and Fund Financial Statements

The district-wide financial statements (Statement of Net Position and Statement of Activities) display information about the reporting government as a whole. These statements include all the financial activities of the District. Generally, the effect of interfund activity has been removed from the district-wide financial statements.

The Statement of Activities demonstrates the degree to which the direct expenses of a given function or segment are offset by program revenues. Direct expenses are those that are clearly identifiable with a specific function or segment. Program revenues include charges to customers or applicants who purchase, use, or directly benefit from goods, services, or privileges provided by a given function or segment and grants and contributions that are restricted to meeting the operational or capital requirements of a particular function or segment. Taxes and other internally directed revenues are reported as general revenues.

The district-wide financial statements are reported using the economic resources measurement focus and the accrual basis of accounting. Revenues are recorded when earned and expenses are recorded when a liability is incurred, regardless of the timing of the related cash flows. Property taxes are generally recognized as revenues in the fiscal year for which they are levied, except for amounts advance recognized in accordance with a statutory "tax shift" described later in these notes. Grants and similar items are recognized when all eligibility requirements imposed by the provider have been met.

The District applies restricted resources first when an expense is incurred for which both restricted and unrestricted resources are available. For capital assets that can be specifically identified with, or allocated to functional areas, depreciation expense is included as a direct expense in the functional areas that utilize the related capital assets. Interest on long-term debt is considered an indirect expense and is reported separately on the Statement of Activities.

D. Fund Financial Statement Presentation

Separate fund financial statements are provided for governmental funds. Major individual governmental funds are reported as separate columns in the fund financial statements. Aggregated information for the remaining nonmajor governmental funds is reported in a single column in the fund financial statements.

Governmental fund financial statements are reported using the current financial resources measurement focus and the modified accrual basis of accounting. Under this basis of accounting transactions are recorded in the following manner:

Revenue Recognition – Revenue is recognized when it becomes measurable and available. "Measurable" means the amount of the transaction can be determined and "available" means collectible within the current period or soon enough thereafter to be used to pay liabilities of the current period. For this purpose, the District generally considers revenues to be available if they are collected within 60 days after year-end. Grants and similar items are recognized when all eligibility requirements imposed by the provider have been met. State revenue is recognized in the year to which it applies according to Minnesota Statutes. Federal revenue is recorded in the year in which the related expenditure is made. Proceeds of long-term debt and acquisitions under capital leases are reported as other financing sources.

Recording of Expenditures – Expenditures are generally recorded when a liability is incurred, except for principal and interest on long-term debt, severance and healthcare benefits, and compensated absences, which are recognized as expenditures to the extent they have matured. Capital asset acquisitions are included within the applicable functional areas.

Description of Funds

The existence of the various district funds has been established by the Minnesota Department of Education. Each fund is accounted for as an independent entity. Descriptions of the funds included in this report are as follows:

Major Governmental Funds

General Fund – The general fund is used to account for all financial resources except those required to be accounted for in another fund. It includes the general operations and pupil transportation activities of the District, as well as the capital related activities such as maintenance of facilities, equipment purchases, and health and safety projects.

Debt Service Fund – The debt service fund is used to account for the accumulation of resources for and the payment of general long-term debt principal and interest.

Nonmajor Governmental Funds

Community Service Fund – The community service fund is used to account for services provided to residents in the areas of recreation, civic activities, nonpublic pupils, adult or early childhood programs, extended day programs, or other similar services.

Food Service Fund – The food service fund is used to account for food service revenues and expenditures.

E. Other Significant Accounting Policies

Budgeting

An operating budget is adopted by July 1 of each fiscal year for all governmental funds on the same modified accrual basis used to reflect actual revenues and expenditures. The superintendent is authorized to transfer budget amounts within line items; however, supplemental appropriations that amend total appropriations of any fund require a board resolution. Reported budgeted amounts are as originally adopted or as amended by board resolution. Unencumbered appropriations lapse at year-end.

Cash and Investments

Cash and investments include balances from all funds that are combined and invested to the extent available in various securities as authorized by state law. Earnings from the pooled investments are allocated to the respective funds on the basis of applicable cash balance participation by each fund.

Short-term, highly liquid debt instruments (including commercial paper, banker's acceptances, and U.S. Treasury and agency obligations) purchased with a remaining maturity of one year or less are reported at amortized cost. Other investments are reported at fair value.

Receivables

All receivables are shown net of any allowance for uncollectibles. No allowances for uncollectibles have been recorded. The only receivables not expected to be collected within one year are property taxes receivable.

Inventories

Inventories are recorded using the consumption method of accounting and consist of purchased food, supplies, and surplus commodities received from the federal government. Food and supply purchases are recorded at invoice cost, computed on a first-in, first-out method. Surplus commodities are stated at standardized costs, as determined by the U.S. Department of Agriculture.

Prepaid Items

Certain payments to vendors reflect costs applicable to future accounting periods and are recorded as prepaid items. Prepaid items are reported using the consumption method and recorded as an expense or expenditure at the time of consumption.

Property Taxes

The majority of district revenue is determined annually by statutory funding formulas. The total revenue allowed by these formulas is allocated between property taxes and state aids by the Legislature based on education funding priorities.

Generally, property taxes are recognized as revenue by the District in the fiscal year that begins midway through the calendar year in which the tax levy is collectible. To help balance the state budget, the Minnesota Legislature utilizes a tool referred to as the "tax shift," which periodically changes the District's recognition of property tax revenue. The tax shift advance recognizes cash collected for the subsequent year's levy as current year revenue, allowing the state to reduce the amount of aid paid to the District. The remaining portion of the taxes collectible in 2019 is recorded as deferred inflows of resources (property taxes levied for subsequent year).

Property tax levies are certified to the County Auditor in December of each year for collection from taxpayers in May and October of the following calendar year. In Minnesota, counties act as collection agents for all property taxes. The county spreads all levies over taxable property. Such taxes become a lien on property on the following January 1. The county generally remits taxes to the District at periodic intervals as they are collected. A portion of the property taxes levied is paid by the State of Minnesota through various tax credits, which are included in revenue from state sources in the financial statements.

Taxes which remain unpaid are classified as delinquent taxes receivable. Revenue from these delinquent property taxes that is not collected within 60 days of year-end is deferred in the fund financial statements because it is not known to be available to finance the operations of the District in the current year. No allowance for uncollectible taxes is considered necessary.

Capital Assets

Capital assets are capitalized at historical cost, or estimated historical cost for assets where actual historic cost is not available. Donated assets are recorded as capital assets at their estimated fair market value at the date of donation. The District maintains a threshold level of $2,500 or more for capitalizing capital assets. The cost of normal maintenance and repairs that do not add to the value of the asset or materially extend asset lives are not capitalized.

Capital assets are recorded in the district-wide financial statements, but are not reported in the fund financial statements. Capital assets are depreciated using the straight-line method over their estimated useful lives. Since surplus assets are sold for an immaterial amount when declared as no longer needed for public school purposes by the District, no salvage value is taken into consideration for depreciation purposes. Useful lives vary from 3 to 50 years.

Capital assets not being depreciated include land and construction in progress.

The District does not possess any material amounts of infrastructure capital assets. Items such as sidewalks and other land improvements are considered to be part of the cost of buildings or other improvable property.

Long-Term Obligations

In the district-wide financial statements, long-term debt and other long-term obligations are reported as liabilities in the applicable governmental activities. Bond premiums and discounts are deferred and amortized over the life of the bonds using the straight-line method.

In the fund financial statements, governmental fund types recognize bond premiums and discounts, as well as bond issuance costs, during the current period. The face amount of debt issued is reported as other financing sources. Premiums received on debt issuances are reported as other financing sources, while discounts on debt issuances are reported as other financing uses. Issuance costs, whether or not withheld from the actual debt proceeds received, are reported as debt service expenditures.

Compensated Absences Payable

Vacation (Union Employees) – All full-time and part-time noncertified union employees shall be eligible for paid vacation according to the agreement between the District and International Union of Operating Engineers, Local No. 70. Employees are allowed to carry over one-year of vacation leave days. Unused vacation days are not paid out upon termination. The expenditure for vacation pay is recognized when payment is made. As of June 30, 2019, this amount did not exceed a normal year's accumulation.

Sick Pay (Union Employees) – All full-time and part-time noncertified union employees shall be eligible for sick leave at varying amounts according to the agreement between the District and International Union of Operating Engineers, Local No. 70 and accumulate within specified limits. Employees are not compensated for unused sick leave upon termination of employment. Since the employees accumulate rights to receive compensation for future absences being caused by future illnesses such amounts cannot be reasonably estimated, a liability for unused sick leave has not been recorded in the financial statements.

Sick Pay (Certified Employees) – All full-time and part-time certified employees shall be eligible for sick leave at varying amounts according to the agreement between the District and Education Minnesota and accumulate within specified limits. Employees are not compensated for unused sick leave upon termination of employment. Since the employees accumulating rights to receive compensation for future absences being caused by future illnesses such amounts cannot be reasonably estimated, a liability for unused sick leave has not been recorded in the financial statements.

Severance Benefits

Severance benefits consist of lump sum early retirement incentive payment. Minnesota Statute accounting regulations for severance benefits are described below.

Early Retirement Incentive Payments – The District maintains various early retirement incentive payment plans for its employee groups. Each employee group plan contains benefit formulas for lump sum payments based on years of service and/or minimum age requirements. No employee can receive early retirement incentive payments exceeding one year's salary. If early retirement incentive payments are paid within the first 30 days after year-end, an accrual is made in the governmental fund incurring the liability. For substantially all groups, the benefits are eliminated if retirement occurs at the normal retirement age as specified in their contracts. Benefits are not considered vested until actual retirement occurs. Therefore, no early retirement incentive payment liability is recorded in the district-wide financial statements until actual retirement occurs. During fiscal year 2019, there were no expenditures for the District for early retirement incentive payments.

Pensions

For purposes of measuring the net pension liability, deferred outflows/inflows of resources, and pension expense, information about the fiduciary net position of the Public Employees Retirement Association (PERA) and the Teachers Retirement Association (TRA) and additions to/deductions from PERA's and TRA's fiduciary net position have been determined on the same basis as they are reported by PERA and TRA.

TRA has a special funding situation created by direct aid contributions made by the State of Minnesota, City of Minneapolis and Minneapolis School District. The direct aid is a result of the Minneapolis Teachers Retirement Fund Association merger into TRA in 2006. A second direct aid source is from the State of Minnesota for the merger of the Duluth Teacher's Retirement Fund Association (DTRFA) in 2015. Additional information can be found in Note 9.

For this purpose, plan contributions are recognized as of employer payroll paid dates and benefit payments and refunds are recognized when due and payable in accordance with the benefit terms. Investments are reported at fair value.

Deferred Outflows and Inflows of Resources

In addition to assets, the statement of financial position will sometimes report a separate section for deferred outflows of resources. This separate financial statement element, *deferred outflows of resources*, represents a consumption of net position that applies to a future period(s) and so will *not* be recognized as an outflow of resources (expense/ expenditure) until then. The District has three items that qualify for reporting in this category. They are the contributions made to pension plans and other postemployment benefit plan after the measurement date and prior to the fiscal year-end, and changes in the net pension liability not included in pension expense reported in the district-wide statement of net position.

In addition to liabilities, the statement of financial position will sometimes report a separate section for deferred inflows of resources. This separate financial statement element, *deferred inflows of resources*, represents an acquisition of net position that applies to a future period(s) and so will *not* be recognized as an inflow of resources (revenue) until that time. The District has two types of items that qualify for reporting in this category. The District reports unavailable revenues from property taxes on the district-wide statement of net position and the governmental funds balance sheet. These amounts are deferred and recognized as an inflow of resources in the period that the amounts become available. The other item is changes in the net pension liability not included in pension expense reported in the district-wide statement of net position.

Postemployment Benefits Other than Pensions (OPEB)

For purposes of measure the net OPEB liability, deferred outflows of resources and deferred inflows of resources related to OPEB, and OPEB expense, information about the fiduciary net position of the District's OPEB Plan and additions to/deductions from the Plan's fiduciary net position have been determined on the same basis as they are reported by the Plan. For this purpose, the Plan recognizes benefit payments when due and payable in accordance with the benefit terms. Investments are reported at fair value, except for money market investments and participating interest-earning investment contracts that have a maturity at the time of purchase of one year or less, which are reported at cost.

Risk Management

The District is exposed to various risks of loss related to torts: theft of, damage to, and destruction of assets; errors and omissions; natural disasters; and workers' compensation for which the District carries commercial insurance. Settled claims have not exceeded this commercial coverage in any of the past three fiscal years. There were no significant reductions in the District's insurance coverage in fiscal year 2019.

Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reporting period. Actual results could differ from those estimates.

Net Position

Net position represents the difference between (a) assets and deferred outflows of resources and (b) liabilities and deferred inflows of resources in the District's financial statements. Net investment in capital assets consists of capital assets, net of accumulated depreciation, reduced by the outstanding balances of any long-term debt attributable to the acquisition, construction, or improvement of those assets. Restricted net position consists of restricted assets reduced by liabilities and deferred inflows of resources related to those assets. Unrestricted net position is the net amount of assets, deferred outflows of resources, liabilities, and deferred inflows of resources that are not included in the determination of net investment in capital assets or the restricted component of net position.

Fund Balance

The following classifications describe the relative strength of the spending constraints:

- Nonspendable fund balance amounts are comprised of funds that cannot be spent because they are either not in spendable form or are legally or contractually required to be maintained intact. They include items that are inherently unspendable, such as, but not limited to, inventories, prepaids, long-term receivables, non-financial assets held for resale, or the permanent principal of endowment funds.

- Restricted fund balance amounts are comprised of funds that have legally enforceable constraints placed on their use that either are externally imposed by source providers or creditors (such as through debt covenants), grantors, contributors, voters, or laws or regulations of other governments, or are imposed by law through constitutional provisions or enabling legislation.

- Committed fund balance amounts are comprised of unrestricted funds used for specific purposes pursuant to constraints imposed by formal action of the school board and that remain binding unless removed by the school board by subsequent formal action. A majority vote of the school board is required to commit a fund balance to a specific purpose and subsequently to remove or change any constraint so adopted by the board. The formal action to commit a fund balance must occur prior to fiscal year end; however, the specific amounts to be committed can be determined in the subsequent fiscal year. A committed fund balance cannot be a negative number.

- Assigned fund balance amounts are comprised of unrestricted funds constrained by the school district's intent that they be used for specific purposes, but that do not meet the criteria to be classified as restricted or committed. In funds other than the general fund, the assigned fund balance represents the remaining amount that is not restricted or committed. The assigned fund balance category will cover the portion of a fund balance that reflects the school district's intended use of those resources. The school board, by majority vote, may assign fund balances to be used for specific purposes when appropriate. The board also delegates the power to assign fund balances to the Finance Committee and the Superintendent and finance manager. The action to assign fund balance may be taken after the end of the fiscal year. An assigned fund balance cannot be a negative number.

- Unassigned fund balance amounts are the residual amounts in the general fund not reported in any other classification. Unassigned amounts in the general fund are technically available for expenditure for any purpose. The general fund is the only fund that can report a positive unassigned fund balance. Other funds would report a negative unassigned fund balance should the total of nonspendable, restricted, and committed fund balances exceed the total net resources of that fund.

The School Board will strive to maintain a minimum unassigned general fund balance of two months of operating expenses. If resources from more than one fund balance classification could be spent, the District will strive to spend resources from fund balance classifications in the following order (first to last): restricted, committed, assigned, and unassigned.

Note 2 - Deposits and Investments

Deposits

In accordance with applicable Minnesota Statutes, the District maintains deposits at depository banks authorized by the District's School Board. All such depositories are members of the Federal Reserve System.

The following is considered the most significant risk associated with deposits:

Custodial Credit Risk – In the case of deposits, this is the risk that in the event of a bank failure, the District's deposits may be lost.

Minnesota Statutes require that all deposits be protected by federal deposit insurance, corporate surety bond, or collateral. The market value of collateral pledged must equal 110% of the deposits not covered by federal deposit insurance or corporate surety bonds. Authorized collateral includes treasury bills, notes, and bonds; issues of U.S. government agencies; general obligations rated "A" or better; revenue obligations rated "AA" or better; irrevocable standard letters of credit issued by the Federal Home Loan Bank; and certificates of deposit. Minnesota Statutes require that securities pledged as collateral be held in safekeeping in a restricted account at the Federal Reserve Bank or in an account at a trust department of a commercial bank or other financial institution that is not owned or controlled by the financial institution furnishing the collateral.

At June 30, 2019, all deposits were insured or collateralized by securities held by the District's agent in the District's name.

Investments

Minnesota Statutes authorize the District to invest in obligations of the U.S. Treasury, agencies and instrumentalities, bankers' acceptances, certain repurchase agreements and commercial paper rated A-1 by Standard & Poor's Corporation or P-1 by Moody's Commercial Paper Record.

The investment in the Minnesota School District Liquid Asset Fund is not subject to the credit risk classifications as noted in paragraph 9 of GASB Statement No. 40.

The following table presents the District's deposit and investment balances at June 30, 2019:

Minnesota School District Liquid Asset Fund	$ 3,096,532
Certificates of deposit (less than one year to maturity)	205,266
Deposits	118,638
Petty cash	1,050
	$ 3,421,486

he Minnesota School District Liquid Asset Fund is an external investment pool not registered with the Securities and Exchange Commission (SEC) that follows the same regulatory rules of the SEC under rule 2a7. The fair value of the position in the pool is the same as the value of the pools shares.

Note 5 - Other Post-Employment Benefits

A. Plan Descriptions

All employees are allowed upon meeting the eligibility requirements under Minn. Stat. 471.61 subd, 2b, to participate in the District's health insurance plan after retirement. This plan covers active and retired employees who have reached age 55, needing at least 3 years of service. Benefit provisions are established through negotiations between the District and the union representing the District employees and are renegotiated at the end of each contract period. The retiree health plan does not issue a publicly available financial report.

B. Benefits Provided

The contract groups have access to other post-retirement benefits of blended medical premiums of $662 for single and $1,664 for family coverage. The implicit rate subsidy is only until Medicare eligibility. There are no subsidized post-employment medical, dental, or life insurance benefits.

C. Employees Covered by Benefit Terms

Inactive employees or beneficiaries currently receiving benefit payments	6
Inactive employees entitled to but not yet receiving benefit payments	-
Active employees	83
	89

D. Total OPEB Liability

The District's total OPEB liability of $496,891 was measured as of July 1, 2018, and was determined by an actuarial valuation as of that date.

Actuarial Assumptions

The total OPEB liability in the July 1, 2017 actuarial valuation was determined using the following actuarial assumptions and other inputs, applied to all periods included in the measurement, unless otherwise specified:

Inflation	2.50 percent	
Salary increases	3.00 percent	
Discount rate	3.40 percent	
Healthcare cost trend rates	6.25 percent as of July 1, 2018 grading to 5.00% over 5 years	
Retiree plan participation	Future retirees electing coverage:	
	- Teachers, administrators, and business ma	50%
	- All others	5%
Percent of married retirees electing spouse coverage	25%	

Since the plan is not funded by an irrevocable trust, the discount rate is equal to the 20-Year Municipal Bond Yield.

Mortality rates were based on the RP-2014 While Collar Mortality Tables (de-trended to 2006) and then projected beyond the valuation date using scale MP-2016.

The following change in plan provisions occurred in 2018:

One retired teacher, with a special agreement, will receive the same District paid subsidy for family medical coverage as active employees until June 2023. Also, this employee was allowed to stay on the District's medical plan post-employment even though eligibility requirements were not met, so the plan change/subsidized liability includes an implicit rate subsidy as well.

E. Changes in the Total OPEB Liability

Balance at June 30, 2018	$ 440,774
Changes from the Prior Year	
Service Cost	37,647
Interest Cost	15,336
Plan Changes	58,297
Benefit Payments	(55,163)
Net Change	56,117
Balance at June 30, 2019	$ 496,891

Independent School District No. 547
Parkers Prairie Area Public Schools
Notes to Financial Statements
June 30, 2019

Plan changes occurred as a result of a special agreement allowing one retired teacher to receive the same District paid subsidy for family medical coverage as active employees until June 2023. Also, this employee was allowed to stay on the District's medical plan post-employment even though eligibility requirements were not met, so the plan change/subsidized liability includes an implicit rate subsidy as well.

F. Sensitivity of the Total OPEB Liability to Changes in Discount Rate and the Healthcare Cost Trend Rates

The following presents the total OPEB liability of the District, as well as what the District's total OPEB liability would be if it were calculated using a discount rate 1 percentage point lower and 1 percentage point higher than the current discount rate:

	Discount Rate	Discount Rate	Discount Rate
Discount rate	2.40%	3.40%	4.40%
Total OPEB Liability	$ 520,827	$ 496,891	$ 473,777

The following presents the total OPEB liability of the District, as well as what the District's total OPEB liability would be if it were calculated using a healthcare cost trend rate 1 percentage point lower and 1 percentage point higher than the current healthcare cost trend rates:

	1% Decrease in Healthcare Trend Rate	Selected Healthcare Trend Rate	1% Increase in Healthcare Trend Rate
Total OPEB Liability	$ 455,562	$ 496,891	$ 545,053
Medical trend rate	5.25% decreasing to 4% over 5 years	6.25% decreasing to 5% over 5 years	7.25% decreasing to 6% over 5 years
Dental trend rate	N/A	N/A	N/A

G. OPEB Expense and Deferred Outflows and Inflows of Resources Related to OPEB

For the year ended June 30, 2019, the District recognized OPEB expense of $111,280. At June 30, 2019, the District reported deferred outflows of resources and deferred inflows of resources related to OPEB from the following sources:

	Deferred Outflows of Resources	Deferred Inflows of Resources
Employer contributions made after the measurement date	$ 69,417	$ -

$69,417 reported as deferred outflows of resources related to OPEB resulting from the District's contributions subsequent to the measurement date will be recognized as a reduction of the total OPEB liability in the year ended June 30, 2020.

Note 6 - Long-Term Liabilities

Changes in long-term liabilities during the year ended June 30, 2019 are as follows:

	Balance July 1, 2018	Additions	Deletions	Balance June 30, 2019	Due Within One Year
Bonds payable	$ 590,000	$ -	$ 290,000	$ 300,000	$ 300,000
Compensated absences	12,444	19,695	18,126	14,013	14,013
	$ 602,444	$ 19,695	$ 308,126	$ 314,013	$ 314,013

Compensated Absences – Compensated absences for governmental funds is recorded as a liability in the governmental activities in the district-wide statement. This liability matures only upon qualified retirements or terminations and is paid out of the general fund.

The following is a summary of bonds payable as of June 30, 2019:

Bond Description	Final Maturities	Interest Rate	Original Balance	Outstanding Balance
General Obligation School Refunding Bond of 2016	2/1/2020	2.00%	$ 875,000	$ 300,000

Remaining principal and interest payments on bonds payable are as follows:

	Bonds Payable	
Year Ending June 30,	Principal	Interest
2020	$ 300,000	$ 6,000

Bond principal and interest payments are made by the debt service fund.

Note 7 - Fund Balance

Certain portions of fund balances and net position are restricted based on state requirements to track special program funding, to provide for funding on certain long-term liabilities, or as required by other outside parties.

At June 30, 2019, the District has recorded the following fund balances for the following purposes:

	General Fund	Debt Service Fund	Other Governmental Funds	Total

Note 8 - Defined Benefit Pension Plans

Substantially all employees of the District are required by state law to belong to defined benefit, multi-employer, cost-sharing pension plans administered by the Public Employees' Retirement Association (PERA) or the Teachers' Retirement Association (TRA), all of which are administered on a state-wide basis. Disclosures relating to these plans are as follows:

Public Employees Retirement Association (PERA)

A. Plan Descriptions

The District participates in the following cost-sharing multiple employer defined benefit pension plans administered by the Public Employees Retirement Association of Minnesota (PERA). PERA's defined benefit pension plans are established and administered in accordance with *Minnesota Statutes*, Chapters 353 and 356. PERA's defined benefit pension plans are tax qualified plans under Section 401 (a) of the Internal Revenue Code.

All full-time and certain part-time employees of the District, other than teachers, are covered by General Employees Plan. General Employees Plan members belong to the Coordinated Plan. Coordinated Plan members are covered by Social Security.

B. Benefits Provided

PERA provides retirement, disability and death benefits. Benefits provisions are established by state statute and can only be modified by the state Legislature. Vested, terminated employees who are entitled to benefits, but are not receiving them yet, are bound by the provisions in effect at the time they last terminated their public service.

General Employees Plan benefits are based on a member's highest average salary for any five successive years of allowable service, age, and years of credit at termination of service. Two methods are used to compute benefits for PERA's Coordinated Plan members. Members hired prior to July 1, 1989, receive the higher of Method 1 or Method 2 formulas. Only Method 2 is used for members hired after June 30, 1989. Under Method 1, the accrual rate for Coordinated members is 1.2 percent for each of the first 10 years of service and 1.7 percent for each additional year. Under Method 2, the accrual rate for Coordinated members is 1.7 percent for all years of service. For members hired prior to July 1, 1989 a full annuity is available when age plus years of service equal 90 and normal retirement age is 65. For members hired on or after July 1, 1989, normal retirement age is the age for unreduced Social Security benefits capped at 66.

Benefit increases are provided to benefit recipients each January. Increases are related to the funding ratio of the plan. General Employees Plan benefit recipients receive a future annual 1.0 percent increase. If the General Employees Plan is at least 90 percent funded for two consecutive years, the benefit increase will revert to 2.5 percent. If, after reverting to a 2.5 percent benefit increase, the funding ratio declines to less than 80 percent for one year or less than 85 percent for two consecutive years, the benefit increase will decrease to 1.0 percent. A benefit recipient who has been receiving a benefit for at least 12 full months as of June 30, will receive a full increase. Members receiving benefits for at least one month but less than 12 full months as of June 30, will receive a pro rata increase.

C. Contribution Rate

Minnesota Statutes, Chapter 353 sets the rates for employer and employee contributions. Contribution rates can only be modified by the state Legislature. Coordinated Plan members were required to contribute 6.50 percent of their annual covered salary in fiscal year 2019 and the District was required to contribute 7.50 percent for Coordinated Plan members. The District's contributions to the General Employees Fund for the year ended June 30, 2019, were $85,204. The District's contributions were equal to the required contributions for each year as set by state statute.

D. Pension Costs

At June 30, 2019, the District reported a liability of $843,234 for its proportionate share of the General Employees Fund's net pension liability. The District's net pension liability reflected a reduction due to the State of Minnesota's contribution of $16 million. The State of Minnesota is considered a non-employer contributing entity and the state's contribution meets the definition of a special funding situation. The State of Minnesota's proportionate share of the net pension liability associated with the District totaled $27,662. The net pension liability was measured as of June 30, 2018, and the total pension liability used to calculate the net pension liability was determined by an actuarial valuation as of that date. The District's proportionate share of the net pension liability was based on the District's contributions received by PERA during the measurement period for employer payroll paid dates from July 1, 2017 through June 30, 2018, relative to the total employer contributions received from all of PERA's participating employers. The District's proportionate share was 0.0152% at the end of the measurement period and 0.0153% for the beginning of the period.

District's proportionate share of net pension liability	$	843,234
State of Minnesota's proportionate share of the net pension liability associated with the District		27,662
Total	$	870,896

For the year ended June 30, 2019, the District recognized pension expense of $47,306 for its proportionate share of the General Employees Plan's pension expense. In addition, the District recognized an additional $6,451 as pension expense (and grant revenue) for its proportionate share of the State of Minnesota's contribution of $16 million to the General Employees Fund.

At June 30, 2019, the District reported its proportionate share of the General Employees Plan's deferred outflows of resources and deferred inflows of resources related to pensions from the following sources:

	Deferred Outflows of Resources	Deferred Inflows of Resources
Differences between expected and actual economic experience	$ 22,459	$ 23,946
Changes in actuarial assumptions	78,430	95,173
Net collective difference between projected and actual investment earnings	-	89,692
Changes in proportion	20,299	6,084
Contributions paid to PERA subsequent to the measurement date	85,204	-
Total	$ 206,392	$ 214,895

The $85,204 reported as deferred outflows of resources related to pensions resulting from District contributions subsequent to the measurement date will be recognized as a reduction of the net pension liability in the year ended June 30, 2020. Other amounts reported as deferred outflows and deferred inflows of resources related to pensions will be recognized in pension expense as follows:

Years Ended June 30,	Pension Expense Amount
2020	$ 32,822
2021	(38,641)
2022	(70,288)
2023	(17,600)

E. Actuarial Assumptions

The total pension liability in the June 30, 2018, actuarial valuation was determined using the following actuarial assumptions:

Asset Class	Target Allocations	Long-Term Expected Real Rate of Return
Domestic Stocks	36%	5.10%
International Stocks	17%	5.30%
Bonds (Fixed Income)	20%	0.75%
Alternative Assets (Private Markets)	25%	5.90%
Cash	2%	0.00%
Total	100%	

Salary increases were based on a service-related table. Mortality rates for active members, retirees, survivors, and disabilitants for all plans were based on RP 2014 tables for males or females, as appropriate, with slight adjustments to fit PERA's experience. Cost of living benefit increases after retirement for retirees are assumed to be 1.25 percent per year for the General Employees Plan.

Actuarial assumptions used in the June 30, 2018 valuation were based on the results of actuarial experience studies. The most recent six-year experience study in the General Employees Plan was completed in 2015. Economic assumptions were updated in 2017 based on a review of inflation and investment return assumptions.

The following changes in actuarial assumptions and plan provisions occurred in 2018:

Changes in Actuarial Assumptions:

- The morality projection scale was changed from MP-2015 to MP-2017.
- The assumed benefit increase was changed from 1.00 percent per year through 2044 and 2.50 percent per year thereafter to 1.25 percent per year.

Changes in Plan Provisions:

- The augmentation adjustment in early retirement factors is eliminated over a five-year period starting July 1, 2019, resulting in actuarial equivalence after June 30, 2024.
- Interest credited on member contributions decreased from 4.0 percent to 3.0 percent, beginning July 1, 2018.
- Deferred augmentation was changed to 0.00 percent, effective January 1, 2019. Augmentation that has already accrued for deferred members will still apply.
- Contribution stabilizer provisions were repealed.
- Post-retirement benefit increases were changed from 1.0 percent per year with a provision to increase to 2.5 percent upon attainment of 90 percent funding ratio to 50 percent of the Social Security Cost of Living Adjustment, not less than 1.0 percent and not more than 1.5 percent, beginning January 1, 2019.
- For retirements on or after January 1, 2024, the first benefit increase is delayed until the retiree reaches Normal Retirement Age. Does not apply to Rule of 90 retirees, disability benefit recipients, or survivors.
- Actuarial equivalent factors were updated to reflect revised mortality and interest assumptions.

The State Board of Investment, which manages the investments of PERA, prepares an analysis of the reasonableness on a regular basis of the long-term expected rate of return using a building-block method in which best-estimate ranges of expected future rates of return are developed for each major asset class. These ranges are combined to produce an expected long-term rate of return by weighting the expected future rates of return by the target asset allocation percentages. The target allocation and best estimates of geometric real rates of return for each major asset class are summarized in the following table:

Asset Class	Target Allocations	Long-Term Expected Real Rate of Return
Domestic Stocks	36%	5.10%
International Stocks	17%	5.30%
Bonds (Fixed Income)	20%	0.75%
Alternative Assets (Private Markets)	25%	5.90%
Cash	2%	0.00%
Total	100%	

F. Discount Rate

The discount rate used to measure the total pension liability in 2018 was 7.50 percent. The projection of cash flows used to determine the discount rate assumed that contributions from plan members and employers will be made at rates set in Minnesota Statutes. Based on these assumptions, the fiduciary net position of the General Employees Fund was projected to be available to make all projected future benefit payments of current plan members. Therefore, the long-term expected rate of return on pension plan investments was applied to all periods of projected benefit payments to determine the total pension liability.

G. Pension Liability Sensitivity

The following presents the District's proportionate share of the net pension liability for all plans it participates in, calculated using the discount rate disclosed in the preceding paragraph, as well as what the District's proportionate share of the net pension liability would be if it were calculated using a discount rate 1 percentage point lower or 1 percentage point higher than the current discount rate:

Sensitivity Analysis
Net Pension Liability (Asset) at Different Discount Rates

	General Employees Fund	
1% Lower	6.50%	$ 1,370,363
Current Discount Rate	7.50%	843,234
1% Higher	8.50%	408,104

H. Pension Plan Fiduciary Net Position

Detailed information about the pension plan's fiduciary net position is available in a separately-issued PERA financial report that includes financial statements and required supplementary information. That report may be obtained on the Internet at www.mnpera.org.

Teachers Retirement Association (TRA)

A. Plan Descriptions

The Teachers Retirement Association (TRA) is an administrator of a multiple employer, cost-sharing, defined benefit retirement fund. TRA administers a Basic Plan (without Social Security coverage) and a Coordinated Plan (with Social Security coverage) in accordance with Minnesota Statutes, Chapters 354 and 356. TRA is a separate statutory entity and administered by a Board of Trustees. The Board consists of four active members, one retired member and three statutory officials.

Educators employed in Minnesota's public elementary and secondary school, charter schools, and certain other TRA-covered educational institutions maintained by the state are required to be TRA members (except those teachers employed by St. Paul schools or Minnesota State colleges and universities). Educators first hired by Minnesota State may elect either TRA coverage or coverage through Minnesota State's Individual Retirement Account Plan (IRAP) within one year of eligible employment.

B. Benefits Provided

TRA provides retirement benefits as well as disability benefits to members, and benefits to survivors upon death of eligible members. Benefits are established by Minnesota Statute and vest after three years of service credit. The defined retirement benefits are based on a member's highest average salary for any five consecutive years of allowable service, age, and a formula multiplier based on years of credit at termination of service.

Two methods are used to compute benefits for TRA's Coordinated and Basic Plan members. Members first employed before July 1, 1989, receive the greater of the Tier I or Tier II benefits as described.

With these provisions:

(a) Normal retirement age is 65 with less than 30 years of allowable service and age 62 with 30 or more years of allowable service.
(b) 3 percent per year early retirement reduction factor for all years under normal retirement age.
(c) Unreduced benefits for early retirement under a Rule-of-90 (age plus allowable service equals 90 or more).

or

Tier II Benefits

For years of service prior to July 1, 2006, a level formula of 1.7 percent per year for coordinated members and 2.7 percent per year for basic members is applied. For years of service July 1, 2006 and after, a level formula of 1.9 percent per year for coordinated members and 2.7 for Basic members applies. Beginning July 1, 2015, the early retirement reduction factors are based on rates established under Minnesota Statute. Smaller reductions, more favorable to the member, will be applied to individuals who reach age 62 and have 30 years or more of service credit.

Members first employed after June 30, 1989, receive only the Tier II calculation with a normal retirement age that is their retirement age for full Social Security retirement benefits, but not to exceed age 66.

Six different types of annuities are available to members upon retirement. The No Refund Life Plan is a lifetime annuity that ceases upon the death of the retiree – no survivor annuity is payable. A retiring member may also choose to provide survivor benefits to a designated beneficiary(ies) by selecting one of the five plans that have survivorship features. Vested members may also leave their contributions in the TRA Fund upon termination of service in order to qualify for a deferred annuity at retirement age. Any member terminating service is eligible for a refund of their employee contributions plus interest.

The benefit provisions stated apply to active plan participants. Vested, terminated employees who are entitled to benefits but not yet receiving them are bound by the plan provisions in effect at the time they last terminated their public service.

C. Contribution Rate

Per Minnesota Statutes, Chapter 354 sets the contribution rates for employees and employers. Rates for each fiscal year ending June 30, 2017, June 30, 2018, and June 30, 2019 were:

	June 30, 2017		June 30, 2018		June 30, 2019	
	Employee	Employer	Employee	Employer	Employee	Employer
Basic	11.00%	11.50%	11.00%	11.50%	11.00%	11.71%
Coordinated	7.50%	7.50%	7.50%	7.50%	7.50%	7.71%

The following is a reconciliation of employer contributions in TRA's CAFR "Statement of Changes in Fiduciary Net Position" to the employer contributions used in Schedule of Employer and Non-Employer Pension Allocations.

D. Actuarial Assumptions

The total pension liability in the June 30, 2018, actuarial valuation was determined using the following actuarial assumptions, applied to all periods included in the measurement:

Key Methods and Assumptions Used in Valuation of Total Pension Liability

Actuarial Information	
Valuation date	July 1, 2018
Experience study	June 5, 2015 November 6, 2017 (economic assumptions)
Actuarial cost method	Entry Age Normal
Actuarial assumptions	
Investment rate of return	7.50%
Price inflation	2.50%
Wage growth rate	2.85% for 10 years and 3.25% thereafter
Projected salary increase	2.85 to 8.85% for 10 years and 3.25 to 9.25% thereafter
Cost of living adjustment	1.0% for January 2019 through January 2023, then increasing by 0.1% each year up to 1.5% annually
Mortality assumptions	
Pre-retirement	RP-2014 white collar employee table, male rates set back six years and female rates set back five years. Generational projection uses the MP-2015 scale.
Post-retirement	RP-2014 white collar annuitant table, male rates set back three years and female rates set back three years, with further adjustments of the rates. Generational projection uses the MP-2015 scale.
Post-disability	RP-2014 disabled retiree mortality table, without adjustment.

The long-term expected rate of return on pension plan investments was determined using a building-block method in which best-estimate ranges of expected future real rates of return (expected returns, net of pension plan investment expense and inflation) are developed for each major asset class. These ranges are combined to produce the long-term expected rate of return by weighting the expected future real rates of return by the target asset allocation percentage and by adding expected inflation.

The target allocation and best estimates of geometric real rates of return for each major asset class are summarized in the following table:

Asset Class	Target Allocations	Long-Term Expected Real Rate of Return
Domestic Stocks	36%	5.10%
International Stocks	17%	5.30%
Bonds (Fixed Income)	20%	0.75%
Alternative Assets (Private Markets)	25%	5.90%
Cash	2%	0.00%
Total	100%	

The TRA actuary has determined the average of the expected remaining service lives of all members for fiscal year 2016 is six years. The "Difference Between Expected and Actual Experience," "Changes of Assumptions," and "Changes in Proportion" use the amortization period of 6 years in the schedule presented. The amortization period for "Net Difference Between Projected and Actual Investment Earnings on Pension Plan Investments" is 5 years as required by GASB 68.

Changes in actuarial assumptions since the 2017 valuation

- The COLA was reduced from 2.0% each January 1 to 1.0%, effective January 1, 2019. Beginning January 1, 2024, the COLA will increase 0.1% each year until reaching the ultimate rate of 1.5% in January 1, 2028.
- Beginning July 1, 2024, eligibility for the first COLA changes to normal retirement age (age 65 to 66, depending on date of birth). However, members who retire under Rule of 90 and members who are at least age 62 with 30 years of service credit are exempt.
- The COLA trigger provision, which would have increased the COLA to 2.5% if the funded ratio was at least 90% for two consecutive years, was eliminated.
- Augmentation in the early retirement reduction factors is phased out over a five-year period beginning July 1, 2019 and ending June 30, 2024 (this reduces early retirement benefits). Members who retire and are at least age 62 with 30 years of service are exempt.
- Augmentation on deferred benefits will be reduced to zero percent beginning July 1, 2019. Interest payable on refunds to members was reduced from 4.0% to 3.0%, effective July 1, 2018. Interest due on payments and purchases from members, employers is reduced from 8.5% to 7.5%, effective July 1, 2018.
- The employer contribution rate is increased each July 1 over the next 6 years (7.71% in 2018, 7.92% in 2019, 8.13% in 2020, 8.34% in 2021, 8.55% in 2022, and 8.75% in 2023). In addition, the employee contribution rate will increase from 7.50% to 7.75% on July 1, 2023. The state provides funding for the higher employer contribution rate through an adjustment in the school aid formula.

E. Discount Rate

The discount rate used to measure the total pension liability was 7.50%. This is an increase from the discount rate at the prior measurement date of 5.12 percent. The projection of cash flows used to determine the discount rate assumed that employee contributions will be made at the fiscal year 2018 contribution rate, contributions from school districts will be made at contractually required rates (actuarially determined), and contributions from the state will be made at current statutorily required rates. Based on those assumptions, the pension plan's fiduciary net position was not projected to be depleted and, as a result, the Municipal Bond Index Rate was not used in the determination of the Single Equivalent Interest Rate (SEIR).

F. Net Pension Liability

At June 30, 2019, the District reported a liability of $2,919,944 for its proportionate share of the net pension liability. The net pension liability was measured as of June 30, 2018, and the total pension liability used to calculate the net pension liability was determined by an actuarial valuation as of that date. The District's proportion of the net pension liability was based on the District's contributions to TRA in relation to total system contributions including direct aid from the State of Minnesota, City of Minneapolis, and Minneapolis School District. The District's proportionate share was 0.0465% at the end of the measurement period and 0.0455% for the beginning of the year.

The pension liability amount reflected a reduction due to direct aid provided to TRA. The amount recognized by the district as its proportionate share of the net pension liability, the direct aid, and total portion of the net pension liability that was associated with the district were as follows:

District's proportionate share of net pension liability	$ 2,919,944
State's proportionate share of the net penison liability associated with the district	$ 274,031

For the year ended June 30, 2019, the District recognized pension revenue of $1,963,447. It also recognized $191,256 as an increase to pension expense for the support provided by direct aid.

At June 30, 2019, the District reported its proportionate share of the TRA's deferred outflows of resources and deferred inflows of resources, and its contributions subsequent to the measurement date, related to pensions from the following sources:

	Deferred Outflows of Resources	Deferred Inflows of Resources
Differences between expected and actual economic experience	$ 988	$ 57,780
Changes in actuarial assumptions	3,794,018	4,955,798
Differences between projected and actual investment earnings	-	217,162
Change in proportion and differences between contributions made and District's proportionate share of contributions	191,092	215,945
District's contributions to TRA subsequent to the measurement date	215,956	-
Total	$ 4,202,054	$ 5,446,685

$215,956 was reported as deferred outflows of resources related to pensions resulting from District contributions
to TRA subsequent to the measurement date will be recognized as a reduction of the net pension liability in the year ended June 30, 2020.

Other amounts reported as deferred outflows and inflows of resources related to TRA pensions will be recognized in pension expense as follows:

Years Ended June 30,	Pension Expense Amount
2020	$ 257,077
2021	175,335
2022	(6,601)
2023	(1,130,729)
2024	(755,669)

G. Net Pension Liability

The following presents the District's proportionate share of the net pension liability calculated using the discount rate of 7.50% as well as the liability measured using one percent lower and one percent higher:

	1% Decrease in Discount Rate	Discount Rate	1% Increase in Discount Rate
TRA discount rate	6.50%	7.50%	8.50%
District's proportionate share of the TRA net pension liability	$ 4,632,829	$ 2,919,944	$ 1,505,548

The District's proportion of the net pension liability was based on the employer contributions to TRA in relation to TRA's total employer contributions including direct aid contributions from the State of Minnesota, City of Minneapolis and Minneapolis School District.

H. Pension Plan Fiduciary Net Position

Detailed information about TRA's fiduciary net position is available in a separately-issued TRA financial report. That report can be obtained at www.MinnesotaTRA.org, by writing to TRA at 60 Empire Drive, Suite 400, and St. Paul, MN, 55103-4000; or by calling (651)-296-2409 or (800)-657-3669.

Note 9 - Flexible Benefit Plan

The District has a flexible benefit plan which is classified as a "cafeteria plan" (the Plan) under section 125 of the Internal Revenue Code. All employee groups of the District are eligible if and when the collective bargaining agreement or contract with their group allows eligibility. Eligible employees can elect to participate by contributing pre-tax dollars withheld from payroll checks to the Plan for healthcare and dependent care benefits.

Before the beginning of the Plan year, which is from September 1 to August 31, each participant designates a total amount of pre-tax dollars to be contributed to the Plan during the year. At August 31, the District is contingently liable for claims against the total amount of participants' annual contributions to the medical reimbursement portion of the Plan, whether or not such contributions have been made.

Payment of insurance premiums (health, dental, life, and disability) are made by the District directly to the designated insurance companies. These payments are made on a monthly basis and are accounted for in the General Fund and special revenue funds.

Amounts withheld for medical reimbursement and dependent care are paid by the District to an outside administrator upon an employee submitting a request for reimbursement. Payments are made by the outside administrator to participating employees upon submitting a request for reimbursement of eligible expenses actually incurred by the employee.

All property of the Plan and income attributable to that property is solely the property of the District, subject to the claims of the District's general creditors. Participants' rights under the plan are equal to those of general creditors of the District in an amount equal to eligible healthcare and dependent care expenses incurred by the participants. The District believes that it is unlikely that it will use the assets to satisfy the claims of general creditors in the future.

Note 10 - Stewardship, Compliance, and Accountability

Excess of Expenditures Over Appropriations – Budget control for the General Fund is established by the fund's total appropriations. The General Fund has expenditures exceeding appropriations in the amount of $207,164 for the year ended June 30, 2019. This over expenditure was covered by revenues over budget and available fund balance.

Note 11 - Commitments and Contingencies

Federal Revenue

Amounts received or receivable from federal and state agencies are subject to agency audit and adjustment. Any disallowed claims, including amounts already collected, may constitute a liability of the applicable funds. The amount, if any, of funds which may be disallowed by the agencies cannot be determined at this time although the District expects such amounts, if any, to be immaterial.

Note 12 - Issued But Non-effective Accounting Pronouncements

The Governmental Accounting Standards Board (GASB) has issued several statements not yet implemented by the District. The first statement issued but not yet implemented that will significantly affect the District is Statement No. 84, *Fiduciary Activities*. The objective of this Statement is to improve guidance regarding the identification of fiduciary activities for accounting and financial reporting purposes and how those activities should be reported. The requirements of this Statement will enhance consistency and comparability by (1) establishing specific criteria for identifying activities that should be reported as fiduciary activities and (2) clarifying whether and how business-type activities should report their fiduciary activities. Greater consistency and comparability enhance the value provided by the information reported in financial statements for assessing government accountability and stewardship. This statement will be implemented at the District in the year ended June 30, 2020.

Independent School District No. 547
Parkers Prairie Area Public Schools
Notes to Financial Statements
June 30, 2019

The second statement issued but not yet implemented that will significantly affect the District is Statement No. 87, *Leases*. The objective of this Statement is to better meet the information needs of financial statement users by improving accounting and financial reporting for leases by governments. This Statement will increase the usefulness of governments' financial statements by requiring reporting of certain lease liabilities that currently are not reported. It will enhance comparability of financial statements among governments by requiring lessees and lessors to report leases under a single model. This Statement also will enhance the decision-usefulness of the information provided to financial statement users by requiring notes to financial statements related to the timing, significance, and purpose of a government's leasing arrangements. This statement will be implemented at the District in the year ended June 30, 2021.

The third statement issued but not yet implemented that will significantly affect the District is Statement No. 89, *Accounting for Interest Cost Incurred before the End of a Construction Period*. The objectives of this Statement are (1) to enhance the relevance and comparability of information about capital assets and the cost of borrowing for a reporting period and (2) to simplify accounting for interest cost incurred before the end of a construction period. The requirements of this Statement will improve financial reporting by providing users of financial statements with more relevant information about capital assets and the cost of borrowing for a reporting period. The resulting information also will enhance the comparability of information about capital assets and the cost of borrowing for a reporting period. This statement will be implemented at the District in the year ended June 30, 2021.

The final statement issued but not yet implemented that will significantly affect the District is Statement No. 90, Majority Equity Interests. This statement defines a majority equity interest and specifies that a majority equity interest in a legally separate organization should be reported as an investment if a government's holding of the equity interest meets the definition of an investment. A majority equity interest meets the definition of an investment should be measured using the equity method, unless it is held by a special-purpose government engaged only in fiduciary activities, a fiduciary fund, or an endowment (including permanent and term endowments) or permanent fund. Those governments and funds should measure the majority equity interest at fair value. For all other holdings of a majority equity interest in a legally separate organization, a government should report the legally separate organization as a component unit, and the government or fund that holds the equity interest should report an asset related to the majority equity interest using the equity method. This Statement establishes that ownership of a majority equity interest in a legally separate organization results in the government being financially accountable for the legally separate organization and, therefore, the government should report that organization as a component unit. This statement will be implemented at the District in the year ended June 30, 2020.

Management has not yet determined the effect these pronouncements will have on the District's financial statements.

Benefit Change:

- One retired teacher, with a special agreement, will receive the same District paid subsidy for family medical coverage as active employees until June 2023. Also, this employee was allowed to stay on the District's medical plan post-employment even though eligibility requirements were not met, so the plan change/subsidized liability includes an implicit rate subsidy until June 2023 as well. This plan change is first reflected for the fiscal year ending June 30, 2019.

Notes to the Schedule of Changes in the District's Total OPEB Liability and Related Ratios

- No assets are accumulated in a trust that meets the criteria in paragraph 4 of GASB Statement 75.

Notes to the Schedule of Employer's Share of Net Pension Liability and Schedule of Employer's Contributions

PERA Changes in Actuarial Assumptions:

- The morality projection scale was changed from MP-2015 to MP-2017.
- The assumed benefit increase was changed from 1.00 percent per year through 2044 and 2.50 percent per year thereafter to 1.25 percent per year.

PERA Changes in Plan Provisions:

- The augmentation adjustment in early retirement factors is eliminated over a five-year period starting July 1, 2019, resulting in actuarial equivalence after June 30, 2024.
- Interest credited on member contributions decreased from 4.0 percent to 3.0 percent, beginning July 1, 2018.
- Deferred augmentation was changed to 0.00 percent, effective January 1, 2019. Augmentation that has already accrued for deferred members will still apply.
- Contribution stabilizer provisions were repealed.
- Post-retirement benefit increases were changed from 1.0 percent per year with a provision to increase to 2.5 percent upon attainment of 90 percent funding ratio to 50 percent of the Social Security Cost of Living Adjustment, not less than 1.0 percent and not more than 1.5 percent, beginning January 1, 2019.
- For retirements on or after January 1, 2024, the first benefit increase is delayed until the retiree reaches Normal Retirement Age. Does not apply to Rule of 90 retirees, disability benefit recipients, or survivors.
- Actuarial equivalent factors were updated to reflect revised mortality and interest assumptions.

TRA Changes in Actuarial Assumptions

- The COLA was reduced from 2.0% each January 1 to 1.0%, effective January 1, 2019. Beginning January 1, 2024, the COLA will increase 0.1% each year until reaching the ultimate rate of 1.5% in January 1, 2028.
- Beginning July 1, 2024, eligibility for the first COLA changes to normal retirement age (age 65 to 66, depending on date of birth). However, members who retire under Rule of 90 and members who are at least age 62 with 30 years of service credit are exempt.
- The COLA trigger provision, which would have increased the COLA to 2.5% if the funded ratio was at least 90% for two consecutive years, was eliminated.
- Augmentation in the early retirement reduction factors is phased out over a five-year period beginning July 1, 2019 and ending June 30, 2024 (this reduces early retirement benefits). Members who retire and are at least age 62 with 30 years of service are exempt.
- Augmentation on deferred benefits will be reduced to zero percent beginning July 1, 2019. Interest payable on refunds to members was reduced from 4.0% to 3.0%, effective July 1, 2018. Interest due on payments and purchases from members, employers is reduced from 8.5% to 7.5%, effective July 1, 2018.
- The employer contribution rate is increased each July 1 over the next 6 years (7.71% in 2018, 7.92% in 2019, 8.13% in 2020, 8.34% in 2021, 8.55% in 2022, and 8.75% in 2023). In addition, the employee contribution rate will increase from 7.50% to 7.75% on July 1, 2023. The state provides funding for the higher employer contribution rate through an adjustment in the school aid formula.

PERA's CAFR may be obtained on the PERA's website at www.mnpera.org for notes to the Schedule of Employer's Share of Net Pension Liability and Schedule of Employer's Contributions.

Additional financial and actuarial information can be found in TRA's GASB 67-68 report. Both reports can be obtained at https://minnesotatra.org/wp-content/uploads/2019/01/2018-MN-TRA-GASB-67-68-Reportscombined.pdf

Independent Auditor's Report on Internal Control over Financial Reporting and on Compliance and Other Matters Based on an Audit of Financial Statements Performed in Accordance with *Government Auditing Standards*

The School Board of
Independent School District No. 547
Parkers Prairie Area Public Schools
Parkers Prairie, Minnesota

We have audited, in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States, the financial statements of the governmental activities, each major fund, and the aggregate remaining fund information of Independent School District No. 547, Parkers Prairie Area Public Schools, as of and for the year ended June 30, 2019 and the related notes to the financial statements, which collectively comprise Parkers Prairie Area Public Schools' basic financial statements, and have issued our report thereon dated October 22, 2019.

Internal Control over Financial Reporting
In planning and performing our audit of the financial statements, we considered the District's internal control over financial reporting (internal control) to determine the audit procedures that are appropriate in the circumstances for the purpose of expressing our opinions on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of the District's internal control. Accordingly, we do not express an opinion on the effectiveness of the District's internal control.

A *deficiency in internal control* exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, misstatements on a timely basis. A *material weakness* is a deficiency, or a combination of deficiencies, in internal control, such that there is a reasonable possibility that a material misstatement of the entity's financial statements will not be prevented or detected and corrected on a timely basis. A *significant deficiency* is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

Our consideration of internal control over financial reporting was for the limited purpose described in the preceding paragraph and was not designed to identify all deficiencies in internal control over financial reporting that might be material weaknesses or significant deficiencies and therefore, material weaknesses or significant deficiencies may exist that have not been identified. We did identify certain deficiencies in internal control, described in the accompanying schedule of audit findings as items 2019-001, 2019-002, and 2019-003 that we consider to be material weaknesses.

Compliance and Other Matters
As part of obtaining reasonable assurance about whether the District's financial statements are free from material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could have a direct and material effect on the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit and, accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards*.

Response to Findings
The District's responses to the findings identified in our audit are described in the accompanying schedule of findings. The District's responses were not subjected to the auditing procedures applied in the audit of the financial statements and, accordingly, we express no opinion on them.

Purpose of this Report
The purpose of this report is solely to describe the scope of our testing of internal control and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the entity's internal control or on compliance. This report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the entity's internal control and compliance. Accordingly, this communication is not suitable for any other purpose.

Report on Compliance over Financial Reporting of the Student Activity Accounts

The School Board of
Independent School District No. 547
Parkers Prairie Area Public Schools
Parkers Prairie, Minnesota

We have audited, in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States and the provisions of the *Manual for Activity Fund Accounting (MAFA)*, the financial statements of the governmental activities, each major fund, and the aggregate remaining fund information of Independent School District No. 547, Parkers Prairie Area Public Schools, as of and for the year ended June 30, 2019, and the related notes to the financial statements, which collectively comprise the District's basic financial statements, and have issued our report thereon dated October 22, 2019.

Compliance
As part of obtaining reasonable assurance about whether the District's student activity accounts are free of material misstatement, we performed tests of the district's compliance with certain provisions of laws, regulations, contracts and grants, noncompliance with which could have a direct and material effect on the determination of student activity amounts. During the course of our audit, one item came to our attention that indicate noncompliance. However, providing an opinion on compliance with those provisions was not an objective of our audit and, accordingly, we do not express such an opinion. Finding 2019-004 in the attached schedule of audit findings was noted to be in noncompliance through testing of these requirements.

Response to Findings
The District's responses to the finding identified in our audit are described in the District's Schedule of Audit Findings. The District's response was not subjected to the auditing procedures applied in the audit of the financial statements and, accordingly, we express no opinion on it.

This report is intended solely for the information and use of management, the Board of Education, the Minnesota Department of Education, and other state agencies and is not intended to be and should be used by anyone other than those specified parties.

Independent Auditor's Report on *Minnesota Legal Compliance*

The School Board of
Independent School District No. 547
Parkers Prairie Area Public Schools
Parkers Prairie, Minnesota

We have audited, in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States, the financial statements of the governmental activities, each major fund, and the aggregate remaining fund information of Parkers Prairie Area Public Schools as of and for the year ended June 30, 2019, and the related notes to the financial statements, and have issued our report thereon dated October 22, 2019.

The *Minnesota Legal Compliance Audit Guide for School Districts*, promulgated by the State Auditor pursuant to Minn. Stat. § 6.65, contains seven categories of compliance to be tested: contracting and bidding, deposits and investments, conflicts of interest, public indebtedness, claims and disbursements, miscellaneous provisions, and uniform financial accounting and reporting standards for school districts. Our audit considered all of the listed categories.

In connection with our audit, nothing came to our attention that caused us to believe that the District failed to comply with the provisions of the *Minnesota Legal Compliance Audit Guide for School Districts*. However, our audit was not directed primarily toward obtaining knowledge of such noncompliance. Accordingly, had we performed additional procedures, other matters may have come to our attention regarding the District's noncompliance with the above referenced provisions.

The purpose of this report is solely to describe the scope of our testing of compliance and the results of that and not to provide an opinion on compliance. Accordingly, this communication is not suitable for any other purpose.

Section I – Financial Statement Findings

2019-001 **Segregation of Duties**
Material Weakness

Criteria – A good system of internal control requires an adequate segregation of duties so that no one individual has incompatible responsibilities. No one person should have more than one duty relating to the authorization (approval), custody of assets (check signers), record keeping and reconciliation functions.

Condition – The District has a lack of segregation of duties in certain areas due to a limited staff.

Cause – There is a limited amount of office employees.

Effect – Inadequate segregation of duties could adversely affect the District's ability to detect misstatements in amounts that would be material in relation to the financial statements in a timely period by employees in the normal course of performing their assigned functions.

Recommendation – While we recognize that your staff may not be large enough to permit complete segregation of duties in all material respects for an effective system of internal control, the functions should be reviewed to determine if additional segregation of duties is feasible and to improve the efficiency and effectiveness of financial management and financial statement accuracy for the District. Segregation of authorization, custody of assets, record keeping, and reconciliation functions would assist in mitigating the risk of fraud or misstatements to the financial statements.

View of Responsible Officials – There is no disagreement with the finding.

2019-002 **Material Adjustments**
Material Weakness

Criteria – A good system of internal accounting control contemplates an adequate system for recording and processing entries material to the financial statements.

Condition – During the course of our engagement, we proposed material audit adjustments that would not have been identified as a result of the District's existing internal controls, and therefore could have resulted in a material misstatement of the District's financial statements.

Cause – The District does not have an internal control system designed to identify all necessary adjustments.

Effect – This deficiency could result in a misstatement to the financial statements that would not be prevented or detected.

Recommendation – A thorough review and reconciliation of accounts in each fund should take place prior to the beginning of the audit. This review should be done at both the accounting staff and accounting supervisor levels.

View of Responsible Officials – There is no disagreement with the finding.

2019-003 **Preparation of Financial Statements**
Material Weakness

Criteria – A good system of internal accounting control contemplates an adequate system for internally preparing the District's financial statements.

Condition – The District does not have an internal control system designed to provide for the preparation of the financial statements being audited. The auditors were requested to, and did, draft the financial statements and accompanying notes to the financial statements.

Cause – The District does not have an internal control system designed to provide for the preparation of the financial statements being audited.

Effect – The disclosures in the financial statements could be incomplete.

Recommendation – This circumstance is not unusual in a District of your size. It is the responsibility of management and those charged with governance to make the decision whether to accept the degree of risk associated with this condition because of cost or other considerations.

View of Responsible Officials – There is no disagreement with the finding.

Section II – Student Activity Findings

2019-004 **Inactive Student Activity Funds**

Criteria – A good system of internal accounting control contemplates an adequate system for compliance with the MAFA guidelines of the proper use of student funds. Page 19 of the MAFA guidelines describes that any account with no activity for one year must be disposed of.

Condition – During the course of our engagement, we noted instances where student activity accounts were inactive for more than one year.

Cause – The District doesn't have a policy to ensure they are following the UFARS manual.

Effect – This deficiency results in the District not being in compliance with the Manual for the Uniform Financial Accounting and Reporting Standards (UFARS) for Minnesota Schools and the Manual for Activity Fund Accounting (MAFA).

Recommendation – The District should review the MAFA guidelines to determine when student activity accounts must be disposed of.

Views of Responsible Officials – There is no disagreement with the audit finding.

$4,045,000*
GENERAL OBLIGATION SCHOOL BUILDING BONDS, SERIES 2020A
INDEPENDENT SCHOOL DISTRICT NO. 547
(PARKERS PRAIRIE PUBLIC SCHOOLS)
OTTER TAIL AND DOUGLAS COUNTIES, MINNESOTA

We have acted as Bond Counsel in connection with the issuance by Independent School District No. 547 (Parkers Prairie Public Schools), Otter Tail and Douglas Counties, Minnesota (the "District"), of its General Obligation School Building Bonds, Series 2020A (the "Bonds"), in the aggregate principal amount of $4,045,000*, bearing a date of original issue of January 30, 2020. The Bonds are fully registered as to principal and interest and are originally issued using a global book-entry system.

We have not been engaged or undertaken to review the accuracy, completeness, or sufficiency of the Official Statement or other offering material relating to the Bonds (except to the extent, if any, stated in the Official Statement) and we express no opinion relating thereto (excepting only the matters set forth as our opinion in the Official Statement).

We have examined the law and such certified proceedings and other documents as we have deemed necessary to render this opinion. As to questions of fact material to our opinion, we have relied upon the certified proceedings and other affidavits and certificates of public officials furnished to us without undertaking to verify such facts by independent investigation.

Based upon our examination of these materials, assuming the authenticity of all documents submitted to us as originals, the conformity to original documents of all documents submitted to us as certified or photostatic copies and the authenticity of the originals of such documents, and based upon present Minnesota and federal laws, regulations, rulings and decisions, it is our opinion that:

(1) The Bonds are in due form and the proceedings show lawful authority for their issuance according to their terms under the Constitution and laws of the State of Minnesota now in force.

(2) The Bonds are valid and binding general obligations of the District enforceable in accordance with their terms except to the extent to which enforceability thereof may be limited by the exercise of judicial discretion in accordance with general principles of equity, by the constitutional powers of the United States of America and by bankruptcy, insolvency, reorganization, moratorium and other similar laws affecting creditors' rights heretofore or hereafter enacted. All of the taxable property in the District is subject to the levy of ad valorem taxes to pay the principal and interest on the Bonds, which taxes are without limitation as to rate or amount.

(3) Interest on the Bonds is not includable in gross income for federal income tax purposes or in taxable net income of individuals, estates or trusts for Minnesota income tax purposes. Interest on the Bonds is includable in taxable income of corporations and financial institutions for purposes of the Minnesota franchise tax measured by income. Interest on the Bonds is not an item of tax preference required to be included in the computation of "alternative minimum taxable income" for purposes of the federal alternative minimum tax applicable to individuals and other taxpayers under Section 55 of the Internal Revenue Code of 1986, as amended, (the "Code") or for purposes of the Minnesota alternative minimum tax applicable to individuals, trusts and estates. Interest on the Bonds is not includable in adjusted current earnings of corporations in determining alternative minimum taxable income for purposes of the federal and Minnesota alternative minimum taxes applicable to corporations.

(4) The opinion set forth in Paragraph (3) above is subject to the condition that the District comply with all the requirements of the Code that must be satisfied subsequent to the issuance of the Bonds in order that interest thereon be, or continue to be, excluded from gross income for federal and state income tax purposes. The District has covenanted in the resolution authorizing the issuance of the Bonds to comply with these continuing requirements. Noncompliance with these covenants by the District following the issuance of the Bonds may result in inclusion of interest on the Bonds in federal gross income and Minnesota taxable net income for federal and Minnesota income tax purposes retroactive to the date of issuance of the Bonds. Except as stated in this opinion, we express no opinion regarding federal, state or other tax consequences caused by the receipt or accrual of interest on or arising with respect to ownership of the Bonds.

(5) The Bonds have been designated as "qualified tax-exempt obligations" for the purposes of Section 265 of the Code relating to the deduction of interest expenses allocable to the Bonds by financial institutions.

DATED at Mendota Heights, Minnesota, this 30th day of January, 2020.

APPENDIX C

BOOK-ENTRY-ONLY SYSTEM

1. The Depository Trust Company ("DTC"), New York, New York, will act as securities depository for the securities (the "Securities"). The Securities will be issued as fully-registered securities registered in the name of Cede & Co. (DTC's partnership nominee) or such other name as may be requested by an authorized representative of DTC. One fully-registered Security certificate will be issued for [each issue of] the Securities, [each] in the aggregate principal amount of such issue, and will be deposited with DTC. [If, however, the aggregate principal amount of [any] issue exceeds $500 million, one certificate will be issued with respect to each $500 million of principal amount, and an additional certificate will be issued with respect to any remaining principal amount of such issue.]

2. DTC, the world's largest securities depository, is a limited-purpose trust company organized under the New York Banking Law, a "banking organization" within the meaning of the New York Banking Law, a member of the Federal Reserve System, a "clearing corporation" within the meaning of the New York Uniform Commercial Code, and a "clearing agency" registered pursuant to the provisions of Section 17A of the Securities Exchange Act of 1934. DTC holds and provides asset servicing for over 3.5 million issues of U.S. and non-U.S. equity issues, corporate and municipal debt issues, and money market instruments (from over 100 countries) that DTC's participants ("Direct Participants") deposit with DTC. DTC also facilitates the post-trade settlement among Direct Participants of sales and other securities transactions in deposited securities, through electronic computerized book-entry transfers and pledges between Direct Participants' accounts. This eliminates the need for physical movement of securities certificates. Direct Participants include both U.S. and non-U.S. securities brokers and dealers, banks, trust companies, clearing corporations, and certain other organizations. DTC is a wholly-owned subsidiary of The Depository Trust & Clearing Corporation ("DTCC"). DTCC is the holding company for DTC, National Securities Clearing Corporation and Fixed Income Clearing Corporation, all of which are registered clearing agencies. DTCC is owned by the users of its regulated subsidiaries. Access to the DTC system is also available to others such as both U.S. and non-U.S. securities brokers and dealers, banks, trust companies, and clearing corporations that clear through or maintain a custodial relationship with a Direct Participant, either directly or indirectly ("Indirect Participants"). DTC has a Standard & Poor's rating of AA+. The DTC Rules applicable to its Participants are on file with the Securities and Exchange Commission. More information about DTC can be found at www.dtcc.com.

3. Purchases of Securities under the DTC system must be made by or through Direct Participants, which will receive a credit for the Securities on DTC's records. The ownership interest of each actual purchaser of each Security ("Beneficial Owner") is in turn to be recorded on the Direct and Indirect Participants' records. Beneficial Owners will not receive written confirmation from DTC of their purchase. Beneficial Owners are, however, expected to receive written confirmations providing details of the transaction, as well as periodic statements of their holdings, from the Direct or Indirect Participant through which the Beneficial Owner entered into the transaction. Transfers of ownership interests in the Securities are to be accomplished by entries made on the books of Direct and Indirect Participants acting on behalf of Beneficial Owners. Beneficial Owners will not receive certificates representing their ownership interests in Securities, except in the event that use of the book-entry system for the Securities is discontinued.

4. To facilitate subsequent transfers, all Securities deposited by Direct Participants with DTC are registered in the name of DTC's partnership nominee, Cede & Co., or such other name as may be requested by an authorized representative of DTC. The deposit of Securities with DTC and their registration in the name of Cede & Co. or such other DTC nominee do not effect any change in beneficial ownership. DTC has no knowledge of the actual Beneficial Owners of the Securities; DTC's records reflect only the identity of the Direct Participants to whose accounts such Securities are credited, which may or may not be the Beneficial Owners. The Direct and Indirect Participants will remain responsible for keeping account of their holdings on behalf of their customers.

5. Conveyance of notices and other communications by DTC to Direct Participants, by Direct Participants to Indirect Participants, and by Direct Participants and Indirect Participants to Beneficial Owners will be governed by arrangements among them, subject to any statutory or regulatory requirements as may be in effect from time to time. [Beneficial Owners of Securities may wish to take certain steps to augment the transmission to them of notices of significant events with respect to the Securities, such as redemptions, tenders, defaults, and proposed amendments to the Security documents. For example, Beneficial Owners of Securities may wish to ascertain that the nominee holding the Securities for their benefit has agreed to obtain and transmit notices to Beneficial Owners. In the alternative, Beneficial Owners may wish to provide their names and addresses to the registrar and request that copies of notices be provided directly to them.]

6. Redemption notices shall be sent to DTC. If less than all of the Securities within an issue are being redeemed, DTC's practice is to determine by lot the amount of the interest of each Direct Participant in such issue to be redeemed.

7. Neither DTC nor Cede & Co. (nor any other DTC nominee) will consent or vote with respect to Securities unless authorized by a Direct Participant in accordance with DTC's MMI Procedures. Under its usual procedures, DTC mails an Omnibus Proxy to District as soon as possible after the record date. The Omnibus Proxy assigns Cede & Co.'s consenting or voting rights to those Direct Participants to whose accounts Securities are credited on the record date (identified in a listing attached to the Omnibus Proxy).

8. Redemption proceeds, distributions, and dividend payments on the Securities will be made to Cede & Co., or such other nominee as may be requested by an authorized representative of DTC. DTC's practice is to credit Direct Participants' accounts upon DTC's receipt of funds and corresponding detail information from the District or Agent, on payable date in accordance with their respective holdings shown on DTC's records. Payments by Participants to Beneficial Owners will be governed by standing instructions and customary practices, as is the case with securities held for the accounts of customers in bearer form or registered in "street name," and will be the responsibility of such Participant and not of DTC, Agent, or the District, subject to any statutory or regulatory requirements as may be in effect from time to time. Payment of redemption proceeds, distributions, and dividend payments to Cede & Co. (or such other nominee as may be requested by an authorized representative of DTC) is the responsibility of the District or Agent, disbursement of such payments to Direct Participants will be the responsibility of DTC, and disbursement of such payments to the Beneficial Owners will be the responsibility of Direct and Indirect Participants.

9. A Beneficial Owner shall give notice to elect to have its Securities purchased or tendered, through its Participant, to [Tender/Remarketing] Agent, and shall effect delivery of such Securities by causing the Direct Participant to transfer the Participant's interest in the Securities, on DTC's records, to [Tender/Remarketing] Agent. The requirement for physical delivery of Securities in connection with an optional tender or a mandatory purchase will be deemed satisfied when the ownership rights in the Securities are transferred by Direct Participants on DTC's records and followed by a book-entry credit of tendered Securities to [Tender/Remarketing] Agent's DTC account.

10. DTC may discontinue providing its services as depository with respect to the Securities at any time by giving reasonable notice to the District or Agent. Under such circumstances, in the event that a successor depository is not obtained, Security certificates are required to be printed and delivered.

11. The District may decide to discontinue use of the system of book-entry-only transfers through DTC (or a successor securities depository). In that event, Security certificates will be printed and delivered to DTC.

12. The information in this section concerning DTC and DTC's book-entry system has been obtained from sources that the District believes to be reliable, but the District takes no responsibility for the accuracy thereof.

APPENDIX D

FORM OF CONTINUING DISCLOSURE CERTIFICATE

(See following pages)

CONTINUING DISCLOSURE CERTIFICATE
(Limited Disclosure)

This Continuing Disclosure Certificate (the "Disclosure Certificate") is executed and delivered by Independent School District No. 547 (Parkers Prairie Public Schools), State of Minnesota (the "District"), in connection with the issuance of its General Obligation School Building Bonds, Series 2020A (the "Bonds"). The Bonds are being issued pursuant to a Resolution adopted by the School Board on January 9, 2020 (the "Resolution"). The District has covenanted and obligated itself to be bound by the provisions of Minnesota Statutes, Section 126C.55 (the "State Payment Law" described in the Official Statement for the Bonds) which provides for payment by the State of Minnesota in the event of a potential default of a District obligation. The District covenants and agrees as follows:

SECTION 1. Purpose of the Disclosure Certificate. This Disclosure Certificate is being executed and delivered by the District for the benefit of the Bondholders or beneficial owners, if different, and in order to assist the Participating Underwriters in complying with SEC Rule 15c2-12. This Disclosure Certificate constitutes the written Undertaking required by the Rule and reflects the District's obligations under the provisions of paragraph (d)(2) of the Rule.

SECTION 2. Definitions. In addition to the definitions set forth in the Resolution, which apply to any capitalized term used in this Disclosure Certificate unless otherwise defined in this Section, the following capitalized terms shall have the following meanings:

"Audited Financial Statements" shall mean the financial statements of the District audited annually by an independent certified public accounting firm and prepared in accordance with generally accepted accounting principles or as otherwise required by Minnesota law for the preceding Fiscal Year, including a balance sheet and statement of revenues, expenditures and changes in fund balances.

"Dissemination Agent" shall mean the District, or any successor Dissemination Agent which has been designated in writing by the District and which has filed with the District a written acceptance of such designation.

"EMMA" shall mean the Electronic Municipal Market Access system: www.emma.msrb.org, established by the MSRB and which contains a component that includes a continuing disclosure service for the receipt and public availability of continuing disclosure documents and related information to be submitted by issuers, obligated persons, and their agents pursuant to continuing disclosure undertakings entered into consistent with the Rule.

“Financial Obligation” shall mean a: (i) debt obligation; (ii) derivative entered into in connection with, or pledged as security or a source of payment for, an existing or planned debt obligation; or (iii) guarantee of (i) or (ii). The term Financial Obligation shall not include municipal securities as to which a final official statement has been provided to the Municipal Securities Rulemaking Board consistent with this Rule.

"Fiscal Year" shall mean the fiscal year of the District.

"Listed Events" shall mean any of the events listed in Section 4(a) of this Disclosure Certificate.

"MSRB" shall mean the Municipal Securities Rulemaking Board.

"Participating Underwriter" shall mean any of the original underwriters of the Bonds required to comply with the Rule in connection with the offering of the Bonds.

"Rule" shall mean Rule 15c2-12 adopted by the Securities and Exchange Commission (the "SEC") under the Securities Exchange Act of 1934, as the same may be amended from time to time, and including written interpretations thereof by the Securities and Exchange Commission.

SECTION 3. Provision of Information.

The District shall annually provide to the MSRB, in an electronic format through the use of EMMA, or shall cause the Dissemination Agent to provide its Audited Financial Statements for the most recent Fiscal Year, which is the only financial information or operating data which is customarily prepared by the District and publicly available. The Annual Financial Statements shall be submitted not later than June 30, 2021, and twelve (12) months after the end of each fiscal year during which the bonds are outstanding.

All documents provided to the MSRB shall be accompanied by identifying information as prescribed by the MSRB.

Any or all of the items listed above may be incorporated by reference from other documents, including official statements of debt issues of the District or related public entities, which have been submitted to the MSRB or the Securities and Exchange Commission. If the document incorporated by reference is a final official statement, it must also be available from the Municipal Securities Rulemaking Board (MSRB). The District shall clearly identify each such other document so incorporated by reference.

SECTION 4. Reporting of Significant Events.

(a) This Section 4 shall govern the giving of notices of the occurrence of any of the following events, with respect to the Bonds:

1. Principal and interest payment delinquencies;

2. Non-payment related defaults, if material;

3. Unscheduled draws on debt service reserves reflecting financial difficulties;

4. Unscheduled draws on credit enhancements reflecting financial difficulties;

5. Substitution of credit or liquidity providers, or their failure to perform;

6. Adverse tax opinions, the issuance by the Internal Revenue Service of proposed or final determinations of taxability, Notices of Proposed Issue (IRS Form 5701-TEB) or other material notices or determinations with respect to the tax status of the security, or other material events affecting the tax status of the security;

7. Modifications to rights of security holders, if material;

8. Bond calls, if material, and tender offers;

9. Defeasances;

10. Release, substitution, or sale of property securing repayment of the securities, if material;

11. Rating changes;

12. Bankruptcy, insolvency, receivership or similar event of the obligated person;

13. The consummation of a merger, consolidation, or acquisition involving an obligated person or the sale of all or substantially all of the assets of the obligated person, other than in the ordinary course of business, the entry into a definitive agreement to undertake such an action or the termination of a definitive agreement relating to any such action, other than pursuant to its terms, if material;

14. Appointment of a successor or additional trustee or the change of name of a trustee, if material.

15. Incurrence of a Financial Obligation of the obligated person, if material, or agreement to covenants, events of default, remedies, priority rights, or other similar terms of a Financial Obligation of the obligated person, any of which affect security holders, if material; and

16. Default, event of acceleration, termination event, modification of terms, or other similar events under the terms of a Financial Obligation of the obligated person, any of which reflect financial difficulties.

(b) Whenever a Listed Event occurs, the District shall in a timely manner not in excess of ten business days after the occurrence of the Listed Event file a notice of such occurrence with the MSRB.

SECTION 5. Termination of Reporting Obligation. The District's obligations under this Disclosure Certificate shall terminate upon the legal defeasance, prior redemption or payment in full of all the Bonds.

SECTION 6. Dissemination Agent. The District may, from time to time, appoint or engage a Dissemination Agent to assist it in carrying out its obligations under this Disclosure Certificate and may discharge any such Agent, with or without appointing a successor Dissemination Agent.

SECTION 7. Amendment; Waiver. Notwithstanding any other provision of this Disclosure Certificate, the District may amend this Disclosure Certificate, and any provision of this Disclosure Certificate may be waived, if such amendment or waiver is supported by an opinion of counsel expert in federal securities laws, to the effect that such amendment or waiver would not, in and of itself, cause the undertakings herein to violate the Rule if such amendment or waiver had been effective on the date hereof but taking into account any subsequent change in or official interpretation of the Rule.

If this Disclosure Certificate is amended, the District will disclose such amendment, together with a narrative explanation of that amendment, to the MSRB with its annual financial information disclosure.

SECTION 8. Additional Information. Nothing in this Disclosure Certificate shall be deemed to prevent the District from disseminating any other information, using the means of dissemination set forth in this Disclosure Certificate or any other means of communication, or including any other information in any report or notice of occurrence of a Listed Event, in addition to that which is required by this Disclosure Certificate . If the District chooses to include any information in any report or notice of occurrence of a Listed Event in addition to that which is specifically required by this Disclosure Certificate, the District shall have no obligation under this Disclosure Certificate to update such information or include it in any future report or notice of occurrence of a Listed Event.

SECTION 9. Default. In the event of a failure of the District to comply with any provision of this Disclosure Certificate, any Bondholder or beneficial owner may take such actions as may be necessary and appropriate, including seeking mandate or specific performance by court order, to cause the District to comply with its obligations under this Disclosure Certificate. A default under this Disclosure Certificate shall not be deemed an

Event of Default under the Resolution or with respect to the Bonds, and the sole remedy under this Disclosure Certificate in the event of any failure of the District to comply with this Disclosure Certificate shall be an action to compel performance.

SECTION 10. Duties, Immunities and Liabilities of Dissemination Agent. The Dissemination Agent shall have only such duties as are specifically set forth in this Disclosure Certificate, and the District agrees, to the extent permitted by law, to indemnify and save the Dissemination Agent, its officers, directors, employees and agents, harmless against any loss, expense and liabilities which it may incur arising out of or in the exercise or performance of its powers and duties hereunder, including the costs and expenses (including attorneys fees) of defending against any claim of liability, but excluding liabilities due to the Dissemination Agent's negligence or willful misconduct. The obligations of the District under this Section shall survive resignation or removal of the Dissemination Agent and payment of the Bonds.

SECTION 11. Beneficiaries. This Disclosure Certificate shall inure solely to the benefit of the District, the Dissemination Agent, the Participating Underwriters and Holders from time to time of the Bonds or the beneficial owners, if different, and shall create no rights in any other person or entity.

SECTION 12. Reserved Rights. The District reserves the right to discontinue providing any information required under the Rule if a final determination should be made by a court of competent jurisdiction that the Rule is invalid or otherwise unlawful or to modify the Undertaking under this Disclosure Certificate if the District determines that such modification is required by the Rule, or by a court of competent jurisdiction.

TERMS OF PROPOSAL

$4,045,000* GENERAL OBLIGATION SCHOOL BUILDING BONDS, SERIES 2020A
INDEPENDENT SCHOOL DISTRICT NO. 547
(PARKERS PRAIRIE PUBLIC SCHOOLS), MINNESOTA

Proposals for the purchase of $4,045,000* General Obligation School Building Bonds, Series 2020A (the "Bonds") of Independent School District No. 547 (Parkers Prairie Public Schools), Minnesota (the "District") will be received at the offices of Ehlers and Associates, Inc. ("Ehlers"), 3060 Centre Pointe Drive, Roseville, Minnesota 55113-1105, municipal advisors to the District, until 10:00 A.M., Central Time, and **ELECTRONIC PROPOSALS** will be received via **PARITY**, in the manner described below, until 10:00 A.M. Central Time, on January 9, 2020, at which time they will be opened, read and tabulated. The proposals will be presented to the Board of Education for consideration for award by resolution at a meeting to be held at 7:00 P.M., Central Time, on the same date. The proposal offering to purchase the Bonds upon the terms specified herein and most favorable to the District will be accepted unless all proposals are rejected.

PURPOSE

The Bonds are being issued pursuant to Minnesota Statutes, Chapter 475, and a special election held November 5, 2019 by the District for the purpose of financing the acquisition and betterment of school sites and facilities in the District. The Bonds will be general obligations of the District for which its full faith, credit and taxing powers are pledged.

DATES AND MATURITIES

The Bonds will be dated January 30, 2020, will be issued as fully registered Bonds in the denomination of $5,000 each, or any integral multiple thereof, and will mature on February 1 as follows:

Year	Amount*	Year	Amount*	Year	Amount*
2021	$175,000	2028	$225,000	2035	$200,000
2022	180,000	2029	235,000	2036	210,000
2023	185,000	2030	175,000	2037	210,000
2024	195,000	2031	175,000	2038	220,000
2025	200,000	2032	185,000	2039	225,000
2026	210,000	2033	190,000	2040	235,000
2027	220,000	2034	195,000		

ADJUSTMENT OPTION

* The District reserves the right to increase or decrease the principal amount of the Bonds on the day of sale, in increments of $5,000 each. Increases or decreases may be made in any maturity. If any principal amounts are adjusted, the purchase price proposed will be adjusted to maintain the same gross spread per $1,000.

TERM BOND OPTION

Proposals for the Bonds may contain a maturity schedule providing for any combination of serial bonds and term bonds, subject to mandatory redemption, so long as the amount of principal maturing or subject to mandatory redemption in each year conforms to the maturity schedule set forth above. All dates are inclusive.

INTEREST PAYMENT DATES AND RATES

Interest will be payable on February 1 and August 1 of each year, commencing August 1, 2020, to the registered owners of the Bonds appearing of record in the bond register as of the close of business on the 15th day (whether or not a business day) of the immediately preceding month. Interest will be computed upon the basis of a 360-day year of twelve 30-day months and will be rounded pursuant to rules of the Municipal Securities Rulemaking Board. **The rate for any maturity may not be more than 2.00% less than the rate for any preceding maturity. (For example, if a rate of 4.50% is proposed for the 2021 maturity, then the lowest rate that may be proposed for any later maturity is 2.50%.)** All Bonds of the same maturity must bear interest from date of issue until paid at a single, uniform rate. Each rate must be expressed in an integral multiple of 5/100 or 1/8 of 1%.

BOOK-ENTRY-ONLY FORMAT

Unless otherwise specified by the purchaser, the Bonds will be designated in the name of Cede & Co., as nominee for The Depository Trust Company, New York, New York ("DTC"). DTC will act as securities depository for the Bonds, and will be responsible for maintaining a book-entry system for recording the interests of its participants and the transfers of interests between its participants. The participants will be responsible for maintaining records regarding the beneficial interests of the individual purchasers of the Bonds. So long as Cede & Co. is the registered owner of the Bonds, all payments of principal and interest will be made to the depository which, in turn, will be obligated to remit such payments to its participants for subsequent disbursement to the beneficial owners of the Bonds.

PAYING AGENT

The District has selected Bond Trust Services Corporation, Roseville, Minnesota, to act as paying agent (the "Paying Agent"). Bond Trust Services Corporation and Ehlers are affiliate companies. The District will pay the charges for Paying Agent services. The District reserves the right to remove the Paying Agent and to appoint a successor.

OPTIONAL REDEMPTION

At the option of the District, the Bonds maturing on or after February 1, 2029 shall be subject to optional redemption prior to maturity on February 1, 2028 or any date thereafter, at a price of par plus accrued interest.

Redemption may be in whole or in part of the Bonds subject to prepayment. If redemption is in part, the selection of the amounts and maturities of the Bonds to be redeemed shall be at the discretion of the District. If only part of the Bonds having a common maturity date are called for redemption, then the District or Paying Agent, if any, will notify DTC of the particular amount of such maturity to be redeemed. DTC will determine by lot the amount of each participant's interest in such maturity to be redeemed and each participant will then select by lot the beneficial ownership interest in such maturity to be redeemed.

Notice of redemption shall be sent by mail not more than 60 days and not less than 30 days prior to the date fixed for redemption to the registered owner of each Bond to be redeemed at the address shown on the registration books.

DELIVERY

On or about January 30, 2020, the Bonds will be delivered without cost to the winning bidder at DTC. On the day of closing, the District will furnish to the winning bidder the opinion of bond counsel hereinafter described, an arbitrage certification, and certificates verifying that no litigation in any manner questioning the validity of the Bonds is then pending or, to the best knowledge of officers of the District, threatened. Payment for the Bonds must be received by the District at its designated depository on the date of closing in immediately available funds.

LEGAL OPINION

An opinion as to the validity of the Bonds and the exemption from taxation of the interest thereon will be furnished by Knutson, Flynn & Deans, P.A., Mendota Heights, Minnesota, Bond Counsel to the District, and will be available at the time of delivery of the Bonds. The legal opinion will state that the Bonds are valid and binding general obligations of the District; provided that the rights of the owners of the Bonds and the enforceability of the Bonds may be limited by bankruptcy, insolvency, reorganization, moratorium, and other similar laws affecting creditors' rights and by equitable principles (which may be applied in either a legal or equitable proceeding). See "FORM OF LEGAL OPINION" found in Appendix B.

SUBMISSION OF PROPOSALS

Proposals must not be for less than $4,004,550 plus accrued interest on the principal sum of $4,045,000 from date of original issue of the Bonds to date of delivery. Prior to the time established above for the opening of proposals, interested parties may submit a proposal as follows:

1) Electronically to bondsale@ehlers-inc.com; or

2) Electronically via **PARITY** in accordance with this Terms of Proposal until 10:00 A.M. Central Time, but no proposal will be received after the time for receiving proposals specified above. To the extent any instructions or directions set forth in **PARITY** conflict with this Terms of Proposal, the terms of this Terms of Proposal shall control. For further information about **PARITY**, potential bidders may contact Ehlers or i-Deal LLC at 1359 Broadway, 2nd Floor, New York, New York 10018, Telephone (212) 849-5021.

Proposals must be submitted to Ehlers via one of the methods described above and must be received prior to the time established above for the opening of proposals. Each proposal must be unconditional except as to legality. Neither the District nor Ehlers shall be responsible for any failure to receive a facsimile submission.

A good faith deposit ("Deposit") in the amount of $80,900 shall be made by the winning bidder by wire transfer of funds. Such Deposit shall be received by Ehlers no later than two hours after the proposal opening time. Wire transfer instructions will be provided to the winning bidder by Ehlers after the tabulation of proposals. The District reserves the right to award the Bonds to a winning bidder whose wire transfer is initiated but not received by such time provided that such winning bidder's federal wire reference number has been received by such time. In the event the Deposit is not received as provided above, the District may award the Bonds to the bidder submitting the next best proposal provided such bidder agrees to such award. The Deposit will be retained by the District as liquidated damages if the proposal is accepted and the Purchaser fails to comply therewith.

The District and the winning bidder who chooses to so wire the Deposit hereby agree irrevocably that Ehlers shall be the escrow holder of the Deposit wired to such account subject only to these conditions and duties: 1) All income earned thereon shall be retained by the escrow holder as payment for its expenses; 2) If the proposal is not accepted, Ehlers shall, at its expense, promptly return the Deposit amount to the winning bidder; 3) If the proposal is accepted, the Deposit shall be returned to the winning bidder at the closing; 4) Ehlers shall bear all costs of maintaining the escrow account and returning the funds to the winning bidder; 5) Ehlers shall not be an insurer of the Deposit amount and shall have no liability hereunder except if it willfully fails to perform or recklessly disregards, its duties specified herein; and 6) FDIC insurance on deposits within the escrow account shall be limited to $250,000 per bidder.

No proposal can be withdrawn after the time set for receiving proposals unless the meeting of the District scheduled for award of the Bonds is adjourned, recessed, or continued to another date without award of the Bonds having been made.

AWARD

The Bonds will be awarded to the bidder offering the lowest interest rate to be determined on a True Interest Cost (TIC) basis. The District's computation of the interest rate of each proposal, in accordance with customary practice, will be controlling. In the event of a tie, the sale of the Bonds will be awarded by lot. The District reserves the right to reject any and all proposals and to waive any informality in any proposal.

BOND INSURANCE

If the Bonds are qualified for any bond insurance policy, the purchase of such policy shall be at the sole option and expense of the winning bidder. Any cost for such insurance policy is to be paid by the winning bidder, except that, if the District requested and received a rating on the Bonds from a rating agency, the District will pay that rating fee. Any rating agency fees not requested by the District are the responsibility of the winning bidder.

Failure of the municipal bond insurer to issue the policy after the Bonds are awarded to the winning bidder shall not constitute cause for failure or refusal by the winning bidder to accept delivery of the Bonds.

CUSIP NUMBERS

The District will assume no obligation for the assignment or printing of CUSIP numbers on the Bonds or for the correctness of any numbers printed thereon, but will permit such numbers to be printed at the expense of the winning bidder, if the winning bidder waives any delay in delivery occasioned thereby.

QUALIFIED TAX-EXEMPT OBLIGATIONS

The District will designate the Bonds as qualified tax-exempt obligations for purposes of Section 265(b)(3) of the Internal Revenue Code of 1986, as amended.

CONTINUING DISCLOSURE

In order to assist the Underwriters in complying with the provisions of Rule 15c2-12 promulgated by the Securities and Exchange Commission under the Securities Exchange Act of 1934 the District will enter into an undertaking for the benefit of the holders of the Bonds. A description of the details and terms of the undertaking is set forth in Appendix D of the Preliminary Official Statement.

NEW ISSUE PRICING

The winning bidder will be required to provide, in a timely manner, certain information necessary to compute the yield on the Bonds pursuant to the provisions of the Internal Revenue Code of 1986, as amended, and to provide a certificate which will be provided by Bond Counsel upon request.

(a) The winning bidder shall assist the District in establishing the issue price of the Bonds and shall execute and deliver to the District at closing an "issue price" or similar certificate satisfactory to Bond Counsel setting forth the reasonably expected initial offering price to the public or the sales price or prices of the Bonds, together with the supporting pricing wires or equivalent communications. All actions to be taken by the District under this Terms of Proposal to establish the issue price of the Bonds may be taken on behalf of the District by the District's municipal advisor identified herein and any notice or report to be provided to the District may be provided to the District's municipal advisor.

(b) The District intends that the provisions of Treasury Regulation Section 1.148-1(f)(3)(i) (defining "competitive sale" for purposes of establishing the issue price of the Bonds) will apply to the initial sale of the Bonds (the "competitive sale requirements") because:

(1) The District shall disseminate this Terms of Proposal to potential underwriters in a manner that is reasonably designed to reach potential investors;

(2) all bidders shall have an equal opportunity to bid;

(3) the District may receive proposals from at least three underwriters of municipal bonds who have established industry reputations for underwriting new issuances of municipal bonds; and

(4) the District anticipates awarding the sale of the Bonds to the bidder who submits a firm offer to purchase the Bonds at the highest price (or lowest interest cost), as set forth in this Terms of Proposal.

Any proposal submitted pursuant to this Terms of Proposal shall be considered a firm offer for the purchase of the Bonds, as specified in this proposal.

(c) If all of the requirements of a "competitive sale" are not satisfied, the District shall advise the winning bidder of such fact prior to the time of award of the sale of the Bonds to the winning bidder. In such event, any proposal submitted will not be subject to cancellation or withdrawal and the District agrees to use the rule selected by the winning bidder on its proposal form to determine the issue price for the Bonds. On its proposal form, each bidder must select one of the following two rules for determining the issue price of the Bonds: (1) the first price at which 10% of a maturity of the Bonds (the "10% test") is sold to the public as the issue price of that maturity or (2) the initial offering price to the public as of the sale date as the issue price of each maturity of the Bonds (the "hold-the-offering-price rule").

(d) <u>If all of the requirements of a "competitive sale" are not satisfied and the winning bidder selects the hold-the-offering-price rule</u>, the winning bidder shall (i) confirm that the underwriters have offered or will offer the Bonds to the public on or before the date of award at the offering price or prices (the "initial offering price"), or at the corresponding yield or yields, set forth in the proposal submitted by the winning bidder and (ii) agree, on behalf of the underwriters participating in the purchase of the Bonds, that the underwriters will neither offer nor sell unsold Bonds of any maturity to which the hold-the-offering-price rule shall apply to any person at a price that is higher than the initial offering price to the public during the period starting on the sale date and ending on the earlier of the following:

(1) the close of the fifth (5^{th}) business day after the sale date; or

(2) the date on which the underwriters have sold at least 10% of that maturity of the Bonds to the public at a price that is no higher than the initial offering price to the public.

The winning bidder will advise the District promptly after the close of the fifth (5^{th}) business day after the sale whether it has sold 10% of that maturity of the Bonds to the public at a price that is no higher than the initial offering price to the public.

The District acknowledges that in making the representation set forth above, the winning bidder will rely on:

(i) the agreement of each underwriter to comply with requirements for establishing issue price of the Bonds, including, but not limited to, its agreement to comply with the hold-the-price rule, if applicable to the Bonds, as set forth in an agreement among underwriters and the related pricing wires,

(ii) in the event a selling group has been created in connection with the initial sale of the Bonds to the public, the agreement of each dealer who is a member of the selling group to comply with the requirements for establishing issue price of the Bonds, including, but not limited to, its agreement to comply with the hold-the-offering-price rule, if applicable to the Bonds, as set forth in a selling group agreement and the related pricing wires, and

(iii) in the event that an underwriter or dealer who is a member of the selling group is a party to a third-party distribution agreement that was employed in connection with the initial sale of the Bonds to the public, the agreement of each broker-dealer that is party to such agreement to comply with the requirements for establishing issue price of the Bonds, including, but not limited to, its agreement to comply with the hold-the-offering-price rule, if applicable to the Bonds, as set forth in the third-party distribution agreement and the related pricing wires. The District further acknowledges that each underwriter shall be solely liable for its failure to comply with its agreement regarding the requirements for establishing issue price rule of the Bonds, including, but not limited to, its agreement to comply with the hold-the-offering-price rule, if applicable to the Bonds, and that no underwriter shall be liable for the failure of any other underwriter, or of any dealer who is a member of a selling group, or of any broker-dealer that is a party to a third-party distribution agreement to comply with its corresponding agreement to comply with the requirements for establishing issue price of the Bonds, including, but not limited to, its agreement to comply with the hold-the-offering-price rule as applicable to the Bonds.

(e) <u>If all of the requirements of a "competitive sale" are not satisfied and the winning bidder selects the 10% test</u>, the winning bidder agrees to promptly report to the District, Bond Counsel and Ehlers the prices at which the Bonds have been sold to the public. That reporting obligation shall continue, whether or not the closing date has occurred, until either (i) all Bonds of that maturity have been sold or (ii) the 10% test has been satisfied as to each maturity of the Bonds, provided that, the winning bidder's reporting obligation after the Closing Date may be at reasonable periodic intervals or otherwise upon request of the District or bond counsel.

(f) By submitting a proposal, each bidder confirms that:

(i) any agreement among underwriters, any selling group agreement and each third-party distribution agreement (to which the bidder is a party) relating to the initial sale of the Bonds to the public, together with the related pricing wires, contains or will contain language obligating each underwriter, each dealer who is a member of the selling group, and each broker-dealer that is party to such third-party distribution agreement, as applicable, to:

(A) report the prices at which it sells to the public the unsold Bonds of each maturity allocated to it, whether or not the Closing Date has occurred until either all securities of that maturity allocated to it have been sold or it is notified by the winning bidder that either the 10% test has been satisfied as to the Bonds of that maturity, provided that, the reporting obligation after the Closing Date may be at reasonable periodic intervals or otherwise upon request of the District or bond counsel.

(B) comply with the hold-the-offering-price rule, if applicable, in each case if and for so long as directed by the winning bidder and as set forth in the related pricing wires, and

(ii) any agreement among underwriters or selling group agreement relating to the initial sale of the Bonds to the public, together with the related pricing wires, contains or will contain language obligating each underwriter, each dealer who is a member of the selling group and each broker dealer that is a party to a third-party distribution agreement to be employed in connection with the initial sale of the Bonds to the public to require each broker-dealer that is a party to such third-party distribution agreement to:

(A) to promptly notify the winning bidder of any sales of Bonds that, to its knowledge, are made to a purchaser who is a related party to an underwriter participating in the initial sale of the Bonds to the public (each such term being used as defined below), and

(B) to acknowledge that, unless otherwise advised by the underwriter, dealer or broker-dealer, the winning bidder shall assume that each order submitted by the underwriter, dealer or broker-dealer is a sale to the public.

(g) Sales of any Bonds to any person that is a related party to an underwriter participating in the initial sale of the Bonds to the public (each term being used as defined below) shall not constitute sales to the public for purposes of this Terms of Proposal. Further, for purposes of this Terms of Proposal:

(i) "public" means any person other than an underwriter or a related party,

(ii) "underwriter" means (A) any person that agrees pursuant to a written contract with the District (or with the lead underwriter to form an underwriting syndicate) to participate in the initial sale of the Bonds to the public and (B) any person that agrees pursuant to a written contract directly or indirectly with a person described in clause (A) to participate in the initial sale of the Bonds to the public (including a member of a selling group or a party to a third-party distribution agreement participating in the initial sale of the Bonds to the public),

(iii) a purchaser of any of the Bonds is a "related party" to an underwriter if the underwriter and the purchaser are subject, directly or indirectly, to (A) more than 50% common ownership of the voting power or the total value of their stock, if both entities are corporations (including direct ownership by one corporation of another), (B) more than 50% common ownership of their capital interests or profits interests, if both entities are partnerships (including direct ownership by one partnership of another), or (C) more than 50% common ownership of the value of the outstanding stock of the corporation or the capital interests or profit interests of the partnership, as applicable, if one entity is a corporation and the other entity is a partnership (including direct ownership of the applicable stock or interests by one entity of the other), and

(iv) "sale date" means the date that the Bonds are awarded by the District to the winning bidder.

By Order of the Board of Education

Independent School District No. 547
(Parkers Prairie Public Schools), Minnesota

PROPOSAL FORM

The Board of Education **January 9, 2020**
Independent School District No. 547 (Parkers Prairie Public Schools), Minnesota

RE: $4,045,000* General Obligation School Building Bonds, Series 2020A (the "Bonds")
DATED: January 30, 2020

For all or none of the above Bonds, in accordance with the Terms of Proposal and terms of the Global Book-Entry System (unless otherwise specified by the Purchaser) as stated in this Official Statement, we will pay you $__________________ (not less than $4,004,550) plus accrued interest to date of delivery for fully registered Bonds bearing interest rates and maturing in the stated years as follows:

________	% due	2021	________	% due	2028	________	% due	2035
________	% due	2022	________	% due	2029	________	% due	2036
________	% due	2023	________	% due	2030	________	% due	2037
________	% due	2024	________	% due	2031	________	% due	2038
________	% due	2025	________	% due	2032	________	% due	2039
________	% due	2026	________	% due	2033	________	% due	2040
________	% due	2027	________	% due	2034			

* The District reserves the right to increase or decrease the principal amount of the Bonds on the day of sale, in increments of $5,000 each. Increases or decreases may be made in any maturity. If any principal amounts are adjusted, the purchase price proposed will be adjusted to maintain the same gross spread per $1,000.

The rate for any maturity may not be more than 2.00% less than the rate for any preceding maturity. (For example, if a rate of 4.50% is proposed for the 2021 maturity, then the lowest rate that may be proposed for any later maturity is 2.50%.) All Bonds of the same maturity must bear interest from date of issue until paid at a single, uniform rate. Each rate must be expressed in an integral multiple of 5/100 or 1/8 of 1%.

A good faith deposit ("Deposit") in the amount of $80,900 shall be made by the winning bidder by wire transfer of funds. Such Deposit shall be received by Ehlers no later than two hours after the proposal opening time. Wire transfer instructions will be provided to the winning bidder by Ehlers after the tabulation of proposals. The District reserves the right to award the Bonds to a winning bidder whose wire transfer is initiated but not received by such time provided that such winning bidder's federal wire reference number has been received by such time. In the event the Deposit is not received as provided above, the District may award the Bonds to the bidder submitting the next best proposal provided such bidder agrees to such award. The Deposit will be retained by the District as liquidated damages if the proposal is accepted and the Purchaser fails to comply therewith. We agree to the conditions and duties of Ehlers and Associates, Inc., as escrow holder of the Deposit, pursuant to the Terms of Proposal. This proposal is for prompt acceptance and is conditional upon delivery of said Bonds to The Depository Trust Company, New York, New York, in accordance with the Terms of Proposal. Delivery is anticipated to be on or about January 30, 2020.

This proposal is subject to the District's agreement to enter into a written undertaking to provide continuing disclosure under Rule 15c2-12 promulgated by the Securities and Exchange Commission under the Securities Exchange Act of 1934 as described in the Preliminary Official Statement for the Bonds.

We have received and reviewed the Official Statement, and any addenda thereto, and have submitted our requests for additional information or corrections to the Final Official Statement. As Syndicate Manager, we agree to provide the District with the reoffering price of the Bonds within 24 hours of the proposal acceptance.

This proposal is a firm offer for the purchase of the Bonds identified in the Terms of Proposal, on the terms set forth in this proposal form and the Terms of Proposal, and is not subject to any conditions, except as permitted by the Terms of Proposal.

By submitting this proposal, we confirm that we are an underwriter and have an established industry reputation for underwriting new issuances of municipal bonds. YES: ____ NO: ____.

If the competitive sale requirements are not met, we elect to use the (circle one): 10% test / hold-the-offering-price rule to determine the issue price of the Bonds.
